THE INDUSTRIAL DISPUTES ACT, No. 43 OF 1950

THE Award transmitted to me by the Arbitrator to whom the industrial dispute which had arisen between the Ceylon Plantation Workers' Union, No. 124, Kumaran Ratnam Road, Colombo 2, and the Superintendent of Pillagoda Valley Estate, Baddegama, was referred, under section 3 (1) (d) of the Industrial Disputes Act, No. 43 of 1950, as amended by the Industrial Disputes (Amendment) Act, No. 25 of 1956, No. 14 of 1957 and No. 62 of 1957, for settlement by arbitration, is hereby published in terms of section 18 (1) of the said Act.

C. B. KUMARASINHA,
Commissioner of Labour.

Department of Labour,
Colombo, November 4, 1958.

**Award in the Matter of Industrial Dispute at
Pillagoda Valley Estate, Baddegama**

The Commissioner of Labour by Order under section 3 (1) (d) of the Industrial Disputes Act, dated 7th August, 1958, referred the above dispute to me for settlement by arbitration.

2. The parties to the dispute are the Ceylon Plantation Workers' Union and the Superintendent of Pillagoda Valley Estate, Baddegama.

3. According to the statement appended to the above order, the matter in dispute between the Union and the Superintendent is whether the dismissal of M. Abiliyan by the Superintendent of Pillagoda Valley Estate, Baddegama, was justified, if not, what relief Mr. M. Abiliyan should be granted.

4. The inquiry was held on 3rd and 4th September, 1958. Mr. N. Shanmugathasan appeared on behalf of the Union and Mr. Winters, the Superintendent, conducted his own case.

5. Mr. Winters, outlining his case, stated that the main reason for the dismissal of M. Abiliyan was that he threatened workers with a view to inducing them to strike. In support of his charge Mr. Winters summoned his Rubber-maker, Mr. A. P. Jacob and two labourers, Lewis Appu and Ekmon as witnesses.

6. Mr. Jacob in his evidence stated that Ekmon came and complained to him that Gunasena and Abiliyan threatened him on December 6, 1957, that if Ekmon did not participate in the strike that was to take place, he would be assaulted. He conveyed the information to the Superintendent. Lewis Appu, a Tapper, in his evidence said that he and Ekmon were threatened by Abiliyan at 2 p.m. on December 6, 1957. He and Ekmon complained to the Rubber-maker. Ekmon in his evidence said that Abiliyan in the course of a conversation declared that those who did not strike would be assaulted. It was, according to Ekmon, a general threat.

7. Mr. Abiliyan giving evidence on his behalf denied the whole incident or that he ever threatened anybody.

8. The case for the Superintendent is vitiated by the fact that the witnesses did not corroborate each other and have even contradicted themselves. According to the Rubber-maker this incident is said to have taken place in the morning, while the other two witnesses maintained that it was in the afternoon. The Rubber-maker said that only Ekmon complained to him whereas Lewis Appu maintained that both he and Ekmon complained to Rubber-maker. According to the Rubber-maker, Ekmon's complaint was that Abiliyan and Gunasena threatened him. But according to Ekmon only Abiliyan had threatened him. It is difficult for me to hold on the evidence placed before me that Abiliyan did threaten the worker on 6th December, 1957.

9. Even assuming that Abiliyan did issue a general threat as stated by Ekmon, the summary dismissal of Abiliyan by the Superintendent was not warranted, as such action is a violation of the principles of natural justice. Without communicating to Abiliyan the charge against him and giving him an opportunity to exculpate himself, Abiliyan was dismissed by the Superintendent. No evidence of unsatisfactory work or improper conduct prior to this date on the part of Abiliyan has been led in the evidence by the Superintendent. It is to be presumed therefore that it was the first instance that Abiliyan faltered, if he did falter.

10. It would appear to me that a factor in this dispute seems to be the Superintendent's hostility towards the Union, a hostility engendered by the fact that this Union is propping up Jetin (an individual who has served a term of imprisonment), as its branch leader.

11. In all circumstances of the case I consider that the dismissal of Abiliyan was not justified.

12. Mr. Shanmugathan stated that, if I held that the dismissal of Abiliyan is unjustifiable, Abiliyan should be reinstated and that he should be paid wages from the date of dismissal to the date of reinstatement.

13. As regards the reinstatement the Superintendent agreed at the commencement of the proceedings on the first day to reinstate the worker if the dismissal was held to be unjustified.

14. I have carefully considered the question of pay for the period from the date of dismissal till the date of reinstatement. I am of opinion that the payment of a sum of Rs. 300 which is almost equivalent to 10 half-months wages, would be fair and just in this case.

15. I order that Abiliyan be reinstated within two weeks of the publication of this award in the *Gazette* and be paid a sum of Rs. 300 within a month of the publication of this award in the *Gazette*.

V. SARVALOGANAYAGAM,
Arbitrator.

Colombo, 30th October, 1958.

Award in the Matter of the Industrial Dispute at Naluwella Group, Balangoda

The Commissioner of Labour by order dated 14th June, 1958, under section 3 (1) (d) of the Industrial Disputes Act, No. 43 of 1950, as amended by the Industrial Disputes (Amendment) Act, No. 25 of 1956, the Industrial Disputes (Amendment) Act, No. 14 of 1957, and the Industrial Disputes (Amendment) Act, No. 62 of 1957, referred the above dispute to me for settlement by arbitration.

The parties to the dispute are the Superintendent of Naluwella Group, Balangoda (referred to as "the Management" in this Award) and the Democratic Workers' Congress (referred to as "the Union").

The matter in dispute referred to me for settlement by arbitration is—

"The non-implementation by the workers on or before the 10th May, 1958, of Clause 1 of the agreement dated 2nd May, 1958, entered into between the Democratic Workers' Congress and the Management of the said Naluwella Group, Balangoda."

Clause 1 of the said agreement reads as follows:—

"The 21 workers on Ratmalwinna Division who have been noticed to quit on the 15th April, 1958, would be re-instated and transferred to Alutnuwera Division on or before the 10th May, 1958, for a period of three months commencing from the date of transfer. These workers would be transferred to Ratmalwinna Division at the end of the period of 3 months referred to above. If these workers are to report for work on Alutnuwera Division before they finally go on transfer the Management agrees to provide such workers transport to and from Alutnuwera Division every day.

The facts of this dispute are briefly as follows. On the 2nd of May, 1958, at a conference held at the Labour Office, Ratnapura, with the Assistant Commissioner of Labour, Ratnapura, as Chairman, the Management and the Union agreed to the said Clause 1. Evidence led during the proceedings show that the workers concerned were also present at the Labour Office, Ratnapura, on this day and were consulted before the Union agreed to the settlement. On the 10th of May, the dead line date for the transfer of the 21 workers, the transfer was not effected by 4 p.m., as arranged. The issue before me could be analysed as follows:—

Was there a non-implementation of Clause 1 of the agreement by the 21 workers referred to in that clause—

- (a) by the workers not availing themselves of the transport facilities referred to in the last sentence of Clause 1;
- (b) by the refusal or omission on the part of the 21 workers concerned to accept by 4 p.m. on the 10th May, 1958, the transfer arrangements decided on by Clause 1 and made available to the 21 workers concerned;
- or (c) were there deliberate attempts on the part of the Management to prevent and deprive facilities to the 21 workers concerned to take their jobs at the Alutnuwera Division;
- (d) did the Management violate the terms of the Agreement in Clause 1?

The Management in its evidence makes out that it was always prepared and willing to implement Clause 1. The lorry was made available from the 3rd of May till the 10th and arrangements for line accommodation at Alutnuwera Division had been made; but the workers showed an open reluctance to abide by this Clause and attempts were made to vitiate this Clause. According to the evidence of Mr. M. Rajadurai, the Manager, all arrangements had been made for the transfer of these workers. The workers had been informed on the 10th morning at muster that transport will be available only up to 4 p.m. as the lorry was required to transport leaf and rice. But no workers asked for transport till 4.45 p.m. It was only after the lorry was dispatched at 4.45 p.m., that the workers asked for transport.

The evidence of the two labour officers, Messrs. N. S. Hamid and M. Shanmuganathan are very important and indicate that they had done their utmost to see that the said Clause was implemented. They state that the Union and the workers concerned complained to them that a kangany called Muniandy was transferred to Alutnuwera Division in order to harass these workers. They also objected to the transfer of 12 workers from Alutnuwera Division to Ratmalwinna Division. They were not satisfied with the condition of the lines and were afraid to go to Alutnuwera Division because of the fear they had of thugs at Galagama village. But the labour officers had impressed on them that whatever difficulties they had they should first go on transfer. After consulting the Management they had got Muniandy kangany transferred back to Ratmalwinna Division. Mr. Shanmuganathan had attended the muster on the 10th and made all the final arrangements for the transfer. He had informed the workers that transport will be available only till 4 p.m. Both these labour officers state in evidence that they felt that these 21 workers were always reluctant to go on transfer to Alutnuwera Division but preferred to stay on at Ratmalwinna Division.

From the evidence led by the Management and its witnesses there is no doubt that line accommodation was provided for and transport made available for the 21 workers to go on transfer on any date between the 3rd and 10th of May. Arrangements had also been made for these workers to be transported to and from Alutnuwera Division between the 3rd and 10th if they wished to work before finally going on transfer.

The Union Representative at Balangoda, Mr. K. R. Suppiah, in his evidence states that he was present when the agreement of 2nd May was signed and was a signatory to the agreement. He states that he explained to the workers what the terms of this agreement were. He goes on further to state that it was with their consent that this agreement was signed. He also states that the labourers were aware of the fact that if they did not go on transfer on the 10th May, they would have to quit the estate.

In his evidence he states that Nallathamby, the Thalavar of the Union, who is one of the 21 workers concerned complained to him after 5th May, that there was no line room accommodation for the 21 workers and also regarding the dilapidated condition of the lines. He had also complained that the 21 workers had reported for work on 6th, 7th and 8th of May but were refused work by Mr. Muttiah Pillai. It is strange that when Mr. Suppiah made representations to the Assistant Commissioner of Labour, Ratnapura, he only mentioned that work was refused on the 8th. No mention was made of the 6th and 7th nor had Mr. Suppiah complained of lack of accommodation. On the 10th morning Mr. Suppiah, according to his evidence, was at the muster ground. He states that he was told by Mr. Rajadurai that the lorry will be available only in the afternoon and that no specific time was mentioned. He also states that there was no lorry near the muster ground or even on the estate road. He was not personally aware whether there was line accommodation or not but he did not doubt the assurance given by the Management that the lines were repaired and ready for occupation.

He then went to Alutnuwera Division with Nallathamby where he met the Assistant Superintendent, Mr. Beckmeyre and the Kanaka Pullai Muthusamy. Here he saw that no lines were available, so he tried to make arrangements to get the manure shed and the Co-operative Store building for the workers to live in.

It is very unfortunate that Mr. Suppiah, the representative of the Democratic Workers' Congress, should have in his evidence contradicted himself a number of times. He stated that on the 3rd no work was made available to the 21 workers, but under cross-examination he stated that he made a mistake in saying so earlier. It was obvious from his evidence and that of Nallathamby that on the 3rd, 4th and 5th the 21 workers did not report for work. Then his statement, that there was no lorry near the muster ground on the 10th morning, is contradicted by Nallathamby, who stated that the lorry was there. He was told by Nallathamby on or about the 5th of May that there was no line accommodation. He realised that this was a very serious situation but when he sent a telegram to the Management on the 5th regarding the difficulties of these workers, no mention was made regarding the lack of line accommodation. Even in his letter dated 7th May, to the Management, no mention is made of this fact. He states that no work was offered on the 6th, 7th and 8th, but he complained to the Assistant Commissioner of Labour only in respect of the 8th. He again states that on the 9th the workers were satisfied that there was line accommodation but were not satisfied with their condition. By the 9th some of the workers had gone to Alutnuwera Division and seen the lines. At about 6 p.m., on the 10th, he was informed that transport was not provided by the Management to transport the belongings of the 21 workers, but he did not complain to the Assistant Commissioner of Labour. He only reported this matter on the 12th.

It is quite evident to me that Mr. Suppiah, in his anxiety to show that the workers tried to implement the agreement but the Management prevented them from doing so has fabricated most of his evidence. I, therefore, disbelieve his evidence not only due to the fact that he contradicted his own statements under cross examination, but due to the fact that his own

witnesses, Nallathamby and Beckmeyre, gave evidence contradicting the statements made by Mr. Suppiah on a number of points.

Nallathamby, the Thalavar of the Democratic Workers' Congress, in his evidence states that his first preference would have been to work at Ratmalwina Division but as a last resort would have accepted work at Alutnuwera Division. This statement shows the actual state of mind of these 21 workers. The complaints made by the workers regarding line accommodation, fear of thugs, victimisation were all in my opinion attempts to remain at Ratmalwina Division. Nallathamby too proved himself to be a very untruthful witness. He contradicted himself so very often that I cannot attach any importance to his evidence. He stated that he did not meet Mr. Suppiah on the 5th of May, but later stated that he met him. He had complained to Mr. Suppiah regarding the lack of line accommodation but at the same time stated that he was aware that three line rooms were left vacant. He admits having told the Labour Officer, Mr. Hamid, that they could not shift under 'these circumstances' which refer to the condition of lines, fear of thugs, shortage of money and rations, lack of a suitable place to leave their valuable belongings, etc. He again stated that on the 10th evening after asking for transport he remained in the lines and did not go anywhere. Later under cross examination he admits having gone in the night to see the Village Headman and Mr. Suppiah.

On the 10th morning the workers concerned were informed by Mr. Suppiah and the Labour Officer, Mr. Shanmuganathan of all arrangements made for the transfer, but the workers wanted a letter to be taken to Alutnuwera Division and later went there to see the condition of the lines. I am of opinion that they had plenty of time from the 3rd to the 10th to verify whether there was line accommodation or not. Mr. Beckmeyre, the Assistant Superintendent, who was summoned by the Union to give evidence, stated that all arrangements had been made by the Management for the transfer. He stated that 4 line rooms were kept vacant and arrangements had been made for 3 more line rooms to be vacated on the 10th. Three (3) families were asked to shift into the manure shed and the Co-operative Store building to make room for these 21 workers. Mr. Suppiah and Nallathamby stated that they asked for the manure shed and the Co-operative Store as there was no other accommodation available. I cannot believe this statement. Mr. Beckmeyre explained that the Management arranged for 7 rooms on one side so that all 21 workers could live together. Mr. Beckmeyre has been very helpful and honest in his evidence and I have no reason whatsoever to doubt the statements made by him.

Nallathamby in his evidence stated that the lorry was available on the 10th morning. He also stated that Mr. Suppiah told him that the lorry will be available up to 4 p.m. He states he asked the Management for transport at 1 p.m. and again between 3 and 3.30 p.m. But the Village Headman, Mr. S. Abeykoon, stated in his evidence that he saw Nallathamby, Mr. Suppiah and two others in a boutique at the entrance to the estate at 3.30 p.m. seated round a table talking. He stated that Mr. Suppiah spoke to him there and said that he was trying his best to persuade the workers to go on transfer. Thus it is not likely that Nallathamby or any of the 21 workers could have asked for transport by then. I can believe the statement made by Mr. Rajadurai that these workers asked for transport only after 4.45 p.m. These workers were fully aware of the fact that they had to ask for transport before 4 p.m. I can see no reason why they could not have gone on transfer before 4 p.m.

The workers have made various excuses on the 10th and earlier. The fear of thugs can be ruled out as these workers were aware of this fact on the 2nd when they

consented to Clause 1 of the said agreement. Nallathamby admits that from the 3rd to the 5th these 21 workers could have reported for work but did not. Only 2 or 3 of the 21 workers were involved in Court cases, the others could have gone for work. The Union Representative and Nallathamby alleged that on the 6th, 7th and 8th the workers reported for work but were refused work, but when Mr. Suppiah made representations he only mentions the 8th. No mention is made of the 6th and 7th. Regarding the question of line accommodation too there is no consistency in the statements made by Mr. Suppiah and Nallathamby. The true position regarding lines was outlined by Mr. Beckmeyer in his evidence. When the Assistant Commissioner of Labour, Ratnapura, met Mr. Suppiah on the 9th, he only referred to the conditions of the line rooms and regarding 7 line rooms to be kept closed at Ratmalwinna Division. The evidence of Mr. Hamid and Nallathamby show that the 21 workers were annoyed with this agreement reached on the 2nd May and that they preferred to remain at Ratmalwinna Division. The workers made all these excuses and pointed out various difficulties in going on transfer with the hope that they would be allowed to remain on Ratmalwinna Division. The Village Headman's evidence shows that even at 3.30 p.m. on the 10th, Mr. Suppiah was still trying to persuade the workers to go on transfer. Thus, I can believe Mr. Rajadurai, when he states that the workers came and asked for transport only after 4.45 p.m. That lorry transport was made available on the 10th till 4 p.m., there can be no doubt whatsoever. Nallathamby admits having seen the lorry on the 10th morning. All except Mr. Suppiah testify to the fact that the lorry was there.

I therefore hold that the non-implementation of Clause 1 of the agreement was due to the refusal and omission on the part of the 21 workers concerned to accept by 4 p.m. on 10th May, 1958, the transfer arrangements decided on by Clause 1 and made available to the 21 workers concerned.

Therefore I make award that the 21 workers violated the terms of the Agreement in Clause 1 and must leave Naluwella Group, Balangoda, within one month from the date of this Award.

THE INDUSTRIAL DISPUTES ACT, No. 43 OF 1950

THE Award transmitted to me by the Arbitrator to whom the industrial dispute which had arisen between the Democratic Workers' Congress, No. 213/2, Main Street, Colombo 11, and the Manager of Ragalla Group, Halgranoya, was referred, under section 3 (1) (d) of the Industrial Disputes Act, No. 43 of 1950, as amended by the Industrial Disputes (Amendment) Acts, No. 25 of 1956, No. 14 of 1957, and No. 62 of 1957, for settlement by arbitration, is hereby published in terms of section 18 (1) of the said Act.

C. B. KUMARASINHA,
Commissioner of Labour.
Department of Labour,
Colombo, 6th November, 1958.

The Award

An industrial dispute between The Democratic Workers' Congress, No. 213/2, Main Street, Colombo 11, and The Manager, Ragalla Group, Halgranoya, was referred to me by the Commissioner of Labour for settlement by arbitration under section 3 (1) (d) of the Industrial Disputes Act, No. 43 of 1950, as amended by the Industrial Disputes (Amendment) Acts, No. 25 of 1956, No. 14 of 1957, and No. 62 of 1957.

2. The matter in dispute between the parties was the termination of the services of Periannan by the Manager, Ragalla Group.

3. Mr. S. P. Amerasingham, Advocate, instructed by Mr. S. Kanagaratnam, Proctor, appeared for the Democratic Workers' Congress, hereinafter called the "Congress", and Mr. R. A. Kannangara, Advocate, instructed by Messrs. F. J. and G. de Saram, Proctors, appeared for the Manager, Ragalla Group, hereinafter called the "Management".

4. Both parties were agreed that the issues to be decided were—

- (i) whether Periannan was guilty of the offence for which his services were terminated, and
- (2) if not, what relief should be granted to him.

5. The main question was whether Periannan was guilty of the theft of a bag of manure which belonged to the Management.

6. The Congress stated that it was part of Periannan's duties to carry manure from place to place, and that on the day in question Periannan was helping to carry a bag of manure to a place, where manuring was being done. In consequence, the Congress claimed that Periannan was carrying out his normal duties and could not be accused of theft. As relief the Congress asked that Periannan be given back his employment with wages from the date of dismissal to the date of his reinstatement in employment.

7. The position of the Management was that Periannan was detailed to do lopping work (i.e., the cutting of accacia branches) on the day in question, namely 4th February, 1958, and that he had nothing to do with the transporting of manure on that day. The Management stated that Periannan was caught carrying a bag of manure in the direction of his line room, and away from the site on which manuring was being done.

8. Periannan, in his evidence, stated that he was detailed to lop accacia branches on 4th February, 1958, together with Arunachalam and Muttusamy. Manure bags were unloaded at a point 30 feet from where he was working, and Nagan who was engaged in carrying manure invited him to carry a bag to a particular spot near his (Periannan's) line room. He had himself done manuring on the previous day, and knew that about 4 acres in that area had yet to be manured. He said that Arunachalam and Muttusamy were nearby and could have heard Nagan calling him. Each bag of manure weighed 160 lb. and it was difficult to lift it off the ground unaided. Nagan had helped to put a bag on his back. When he had taken the bag to the place indicated by Nagan, Mugan Chetty stopped him and asked him where he was taking the manure. Nagan joined Mugan Chetty and both accused him of theft. An enquiry was held on the same day by Mr. Dias, Assistant Superintendent. On 6th February, 1958, he was served with notice of dismissal which became effective on 6th March, 1958. Periannan said that tea manure was of no use to him, as it did not suit vegetables like cabbage.

9. In cross-examination, Periannan admitted that there were no others carrying manure to the area, near his line room, which he had said was left over for manuring on 4th February, 1958, and that all the labourers who were forking manure were on a different site, up on the hill near Liddesdale Estate boundary and away from his line room.

10. Mr. S. M. Dias, Assistant Superintendent of Ragalla Group, produced the check roll to show that Periannan was assigned lopping work both on 3rd February, 1958, and 4th February, 1958. He said that the whole area, where Periannan's line room stood, had been completely manured on 3rd February, 1958. Both Mr. Dias and Sivaraman K. P. were convinced that tea manure suited leafy vegetables, like cabbage.

11. Nagan, in evidence, denied having asked Periannan to carry a bag of manure. The Congress did not call Arunachalam or Muttusamy (who were on the scene) to contradict Nagan's evidence.

12. It was proved in evidence that Periannan had been convicted of theft in a court of law on a previous occasion—M. C. Nuwara Eliya Case No. 4919 of 7th December, 1949; that on another occasion (on 13th April, 1957) he had been fined about Rs. 2 by the Assistant Superintendent for felling estate timber without permission.

13. The evidence shows that Periannan was found carrying a bag of manure on 4th February, 1958, along an estate road leading to his line room, and away from the area in which manuring was being done that day. No evidence was led to show that there was an area of about 4 acres, near Periannan's line room, left over for manuring on 4th February, 1958. On Periannan's own admission nobody else carried manure to that area on the day in question, and all who were engaged in forking manure were up on the hill, away from his line room. It is clear that Periannan had no authority to be in possession of a bag of estate manure. It is a valid inference, to say that Periannan was carrying the manure away for his own use.

14. I conclude that Periannan was caught in an act of theft, and find him guilty of the offence for which his services were terminated. The decision of the Manager, Ragalla Group, to dismiss Periannan is justified. The question of relief to Periannan, therefore, does not arise.

INDUSTRIAL COURT AT COLOMBO

No. I. D. 70

In the matter of an industrial dispute
between

Nidahas Karmika Saha Velanda Sewaka Vurthiya
Samithiya, 129, Kumaran Ratnam Road, Colombo 2,

and

Car Mart Limited, "Fairfield House", 424, Union
Place, Colombo 2.

THE AWARD

This is an Award under section 24 of the Industrial Disputes Act, No. 43 of 1950, as amended by Acts Nos. 25 of 1956, 14 of 1957 and 62 of 1957. It relates to an Industrial Dispute between Nidahas Karmika Saha Velanda Sewaka Vurthiya Samithiya (hereinafter referred to as "the Union") and the Car Mart Limited (hereinafter referred to as "the Company").

The Hon. Minister of Labour, Housing and Social Services by his Order dated 12th June 1958 made under section 4 (2) of the Act has referred the dispute to this Court for settlement. The Commissioner of Labour in his statement dated 9th June 1958 has set out the matter in dispute as follows:—

The non-employment of—

- (1) G. A. Albert
- (2) N. Porolis Fernando
- (3) U. L. Premachandra
- (4) U. Peter
- (5) K. B. Rajapakse
- (6) K. D. Dharmasena
- (7) B. P. Perera
- (8) U. L. Karunaratna
- (9) M. K. Guneratna
- (10) P. L. D. Siripala
- (11) P. Piyasena
- (12) G. D. Edmond Perera
- (13) W. Marshal

These persons were former employees of the Company. The initials of Nos. 2 and 6 are not correctly given. It was agreed that their correct names are S. Porolis Fernando and K. W. Dharmasena.

2. The inquiry before us commenced on the 25th July 1958 and was continued on various dates suitable to the Court and the parties and was concluded on the 30th September 1958.

3. The first 12 persons named above were employed in the Paint Department of the Company. The last man was a carpenter in their employ. They were all employed on a verbal contract of service terminable on two weeks' notice. Their conditions of service are contained in the standing orders of the management, copy of which has been produced marked R. 3. (The relevant clause on termination of service is clause 5). The Company has two places of business—one situated at Union Place and the other at Lauries Road. The employees who were working in the Paint Department were located in both places of business.

4. On the 14th February 1958 the Company terminated the services of these 13 workmen by handing to them written notices. One of the notices has been produced marked C. 1. They also tendered to them 2 weeks' wages in lieu of notice. In addition to this payment which would legally terminate the contract the Company also tendered to them further sums equal to two weeks' wages as an ex gratia payment, holiday wages due to them and also permitted the withdrawal of 100 per cent of the amounts lying to their credit in the Provident Fund including the employer's contribution. The reason given by the Company for the termination of the service of these employees was that they decided to close down the Paint Department as they had made alternative arrangements for the giving out of paint work on contract. They therefore had to retrench the 12 employees in the Paint Department. As a result of closing the Paint Department it was also necessary to retrench one carpenter in the section of the Department in which carpentry was being done. The Company decided to retrench the most junior carpenter and therefore terminated the services of W. Marshal.

5. The position taken up by the Union with regard to the discharge of these workmen is given in their statement made to this Court on 5th July 1958 which is as follows:—

"Non-employment of the abovenamed was highly irregular as this tantamounts to a lock-out; the Union claims that they were victimized because the abovenamed had been leaders in the organization of the Branch Union at Car Mart".

The Union further contended that the retrenchment was made mala fide by the Company and requested the abolition of the contract system and to provide

them with employment. They further claimed that their wages in full for the period that they had been locked out should be granted to them.

At the conclusion of the Inquiry, however, Mr. Malawaaratchi, who represented the Union stated that they were not now asking for reinstatement but only for compensation to be paid calculated at the daily rate of pay up to the date of the Award.

6. The Union called eight witnesses who had been employees retrenched from the Paint Department. The gist of the evidence given by these witnesses to establish mala fides on the part of the Company was that it was decided towards the end of January 1958 to form a branch of the main Union among the workers at Cart Mart and it was for that reason the workers in the Paint Department were retrenched. Mr. G. A. Albert said that he was instrumental in getting several workers enrolled for this Branch Union and was selected the Hony. Secretary early in February 1958. The President was one David, who was a tinker. Altogether about 130 employees of the Company were said to have joined this branch union. According to the evidence two meetings were held by the members early in February—one in Victoria Park near the War Memorial and the other at Union Place opposite the Show Rooms of the management. Evidence was also given by these witnesses to the effect that certain executive officers who were employees of the Company, like a Foreman, Workshop Superintendent or Store-keeper had advised various employees not to join the Branch Union. Even assuming that this evidence is true there is no evidence to show that these executives were acting on the instructions of the directors of the Company. That evidence is therefore quite immaterial to this case on the question whether the Company decided to terminate the services of the employees on account of any Union activities on their part. The witness, P. L. D. Siripala, however, who worked in the branch at Union Place involved one of the Directors. In his evidence he stated that 6 employees in the Paint Department at that Branch were called into the office of the Director, Mr. I. E. Amerasinghe, on 14th February, 1958, and notices of discontinuance were handed over to them. According to his examination in chief, Mr. Amerasinghe told them that he was giving them a dowry and asked them to obtain employment from the governing party. They were also told to obtain employment from Mr. Bandaranaike. In cross-examination this witness stated that Mr. Amerasinghe had told them that the reason why they were being discontinued was on account of their Union activities. The witness was unable to give a satisfactory explanation as to why he had not come out with this evidence in his examination-in-chief.

In order to corroborate the evidence of Siripala on this point the Union called three other witnesses who were also employed at the Union Place branch and were served with notice of discontinuance at the same time as Siripala, viz: N. Porolis Fernando, K. W. Dharmasena and U. L. Karunaratne. These witnesses were called after the Union had closed its case when it was pointed out to the representative of the Union that at that stage there was only the uncorroborated evidence of Siripala that a Director or a responsible officer of the Company had indicated to them that they were being discontinued on account of Union activities. The Court then informed him that they were prepared to give him an opportunity to call other witnesses even at that late stage to corroborate Siripala if he so desired. Counsel for the Company had no objection to this being done although the Union had closed its case. The witness, U. L. Karunaratne, stated that the Director, Mr. Amerasinghe, did not at any time question him as to whether he was a member of the Union. He also stated that Mr. Amerasinghe had served him notice at the same time as the other 5 employees at the Paint Department at Union Place and that the only reason he gave for the discontinuance of his services was that there was no work for him.

Even when questioned further he said that there was no other reason. K. W. Dharmasena stated that the reason given by Mr. Amerasinghe was that he was losing on the Paint Shop and as such he was closing down the Paint Shop. At a later stage he said that Mr. Amerasinghe had asked them to get employment from Mr. Bandaranaike. He also stated that the Foreman as well as Mr. Amerasinghe had advised them not to join the Union but on being questioned as to when that was, he said that it was six months before the date of the service of notice, when the formation of this branch union was not even contemplated. Porolis Fernando stated that when Mr. Amerasinghe served the notices on them he said that it was a dowry for their union activities and asked them to find employment from Mr. Bandaranaike but he did not specify which Mr. Bandaranaike. He appears to be the only witness who corroborated the evidence of Siripala on this point. He, however, stated in cross-examination that nobody in authority had spoken to him and advised him not to join the Union, and that he could not explain how Mr. Amerasinghe came to know that he had joined the Union.

7. Mr. Amerasinghe in his evidence totally denied that he had made any statements about the granting of a dowry or that the services of these employees were being discontinued on account of union activities. He stated that he had explained to them that the real reason for the discontinuance of their services was the closing of the Paint Shop after the resignation of the last Head Painter, Gunatilleke, as it was more convenient and economical to give the work to outside contractors—a system which had already been started. He has produced in evidence the letter of resignation sent in by Mr. Gunatilleke marked R. 13 and stated that on receipt of it he had a talk with the man in order to ascertain the real cause of his resignation. Mr. Gunatilleke stated that he wished to be released of his post immediately for private reasons. Mr. Amerasinghe also said that there was nobody among the others employed in the Painting Department who was fit to be appointed Head Painter. At a meeting of the three Working Directors held the same day they considered all these facts, including some difficulties they were faced with as a result of congestion in the Port and decided that the only course left open to them was to close down the Paint Shop and give over the entire painting work to contractors. He also stated that giving out of the work to contractors was a practice among other motor firms in Colombo. In these circumstances it was decided to give the employees in the Paint Department two weeks' notice terminating their services and a further two weeks wages as an *ex gratia* payment, in addition to the full amounts lying to their credit in the Provident Fund. Mr. T. J. Gomez, an assistant salesman employed under the management, who was admittedly present at the time the notices of discontinuance were served on the 6 employees at the Union Place branch, corroborated Mr. Amerasinghe as to what was told these employees when they were served with notices.

8. According to the evidence called by the Union, when one of the head carpenters at the Lauries Road branch retired, G. A. Albert was appointed to act for him for a period of about 2 years. It was therefore suggested that Albert might have been appointed Head Painter as the work at the Lauries Road branch was already being attended to by contractors and that Albert could easily have been appointed to succeed Gunatilleke at Union Place. Mr. Amerasinghe denied that Albert was ever appointed to act as head painter, and also said that he was not competent enough to do the specialized work of a head painter. Albert himself in giving evidence stated that he got no increase in salary although he claimed to have acted as head painter for this long period. It is extremely unlikely that if he was appointed he would not have pressed for some increased remuneration. According to the statement R. 14 Albert was a paint cutter receiving

a daily rate of pay of Rs. 3.50. There were others who were assistant painters who were drawing a higher rate of pay. We are not prepared to accept the evidence called by the Union on this point.

9. The Union further alleged, in order to show the attitude of the Directors of the Company towards the formation of Unions, that after a strike which took place among the employees of the Company in July 1957 which was organized by another Union, sponsored by the Communist Party, the Company dismissed the President and the Vice-President of that branch union. Mr. Amerasinghe in his evidence admitted that two of his employees who had held those offices in the defunct Union were discontinued some time after the strike, but he denied that it was due to any Union activity on their part. He said that the President, one Arthur, was dismissed as he was found guilty of the theft of some tools belonging to the management, and the Vice-President, N. Don Wilson, as he was found to have removed a customer's car from the garage without permission and got involved in an accident. He further stated that Wilson was prosecuted in the Municipal Court of Colombo for having committed certain motor offences while driving the car in question and he produced a certified copy of the record of that case marked R. 4 which shows that Wilson ultimately pleaded guilty to the charges. With regard to the President, Arthur, Union witness, G. A. Albert, himself admitted that he was dismissed for misappropriation of some tools or implements. There is therefore no substance in the allegation made by the Union that these two persons were victimized on account of trade union activity.

10. Another fact on which the Union relied to prove victimization was that the Company had put up a notice relating to the employees joining trade unions. This notice was produced by Mr. Amerasinghe marked R. 12. It is dated 20th February 1958, i.e., after the discontinuance of the employees of the Paint Department. There is nothing in this notice which says that the employees should not join a Union. It only states that it has been brought to the notice of the Directors that some employees were being forced to sign enrolment forms for membership of the Union and were even being threatened with bodily harm. The notice goes on to state that serious notice will be taken by the management of any complaints of intimidation or assault. No adverse inference could therefore be drawn against the Company with regard to their action in putting up this notice.

11. It would therefore appear that the allegation of victimization by the Company on account of union activity rests only on the evidence of two witnesses, namely, Siripala and Dharmasena, who have given evidence as to certain statements which Mr. Amerasinghe, the Director, is alleged to have made when he served them with notices of discontinuance. We are not prepared to attach any importance to the evidence of these two witnesses. If Mr. Amerasinghe did in fact openly make the alleged statements in the presence of six people whom he was discontinuing, that fact would undoubtedly have been given more prominence earlier in the case and the other four persons who were also served with notice should have heard what was stated by Mr. Amerasinghe and should have been in a position to testify to it before us, but they did not do so. It also seems very unlikely that Mr. Amerasinghe, even if he did not like the formation of a Union, would have been so foolish and indiscreet as to make a statement of this nature when serving the notices of discontinuance on six of the employees. There is also the further fact that according to the evidence led by the Union there were only three employees in the Paint Department who held any office in the branch union, namely, Albert who was appointed Secretary, and two others who were members of the committee. The President was one David, a tinker, and no action was taken against him nor was any action taken against any other member of the committee or of the Union

who were said to have numbered about 130. This supports our view that the Union has failed to establish the charge of victimization against the Company because of the formation of a branch union early in 1958 as alleged. We accept the evidence called by the Company that the discontinuance of the 12 employees in the Paint Department and that of the carpenter was solely on economic grounds. The charge of mala fides therefore fails.

12. The only question therefore that remains for consideration is whether the employees whose services were terminated at such short notice have been adequately compensated. Mr. Byrnell for the management argued that these employees after their services were terminated had drawn the full amounts which were due to them as well as the ex gratia payment of 2 weeks wages and the provident fund monies and have signed receipts which have been produced in evidence in which they state that they have no further claim against the management. He argued that this was not done by them on the spur of the moment when they received notice but sometime later after consideration. He therefore argued that they are estopped now from making any further claim. Though this undoubtedly is an argument on a strict legal basis, we think we are not precluded by that fact from considering whether anything further should be paid to them by way of compensation. Although they have signed receipts to this effect, there is the fact that they were thrown out of employment suddenly and would have needed money for their sustenance and therefore were prepared to sign the receipt that the Company wanted, in order to draw the money that was offered. We have considered this question carefully and while we hold the view that the workmen who count one year and less service under the Company have been adequately compensated by the ex gratia payment of two weeks' wages we feel that those who have had longer service have not been adequately compensated. We are of opinion that the Company has gone on a wrong basis in computing the ex-gratia payment on the same uniform basis for all workers irrespective of their length of service, and that a reasonable rate would be two weeks' wages, inclusive of allowances, for each completed year of service. This would be in addition to the ex-gratia payments already made. The total additional sum payable amounts to Rs. 1,210.90. This is based on the rates of pay and the dates of joining as furnished to us by the Company in document R. 14.

13. We accordingly order that the sum of Rs. 1,210.90 be paid to the under-mentioned workers, each worker being paid the amount appearing against his name. Payment should be made to each of the workers mentioned through the Assistant Commissioner of Labour, Colombo (Conciliation) within two weeks of the publication of this Award in the Gazette.

THE AWARD

This is an industrial dispute between The Nidahas Karmika Saha Velanda Sevaka Vurthiya Samithiya on the one side and The Colombo Omnibus Company Limited on the other. The Honourable the Minister of Labour, Housing and Social Services has, under Section 4 (2) of the Industrial Disputes Act, No. 43 of 1950, referred this dispute for settlement; The Commissioner of Labour referred this dispute to the said Honourable the Minister by his statement dated 14th May, 1958.

THE INDUSTRIAL DISPUTES ACT, No. 43 OF 1950

THE decision, on a reference made by me under section 34 of the Industrial Disputes Act, No. 43 of 1950, in respect of a question as to the interpretation of the Award of the Industrial Court in the industrial dispute between the Democratic Workers' Congress and Mr. J. E. Gunasena the Proprietor of Maharajah Group, Madawala-Ulpota, published in the *Ceylon Government Gazette* No. 11,398 of June 27, 1958, transmitted to me by the President of the Industrial Court constituted to decide the question, is hereby published in terms of section 34 (2) of the said Act.

C. B. KUMARASINHA,
Commissioner of Labour.

Department of Labour,
Colombo, 11th November, 1958.

Industrial Court at Colombo

No. I. D. 38A

In the matter of the interpretation of the award made under section 24 of the Industrial Disputes Act, No. 43 of 1950, on 12th June, 1958, by an Industrial Court in respect of an industrial dispute between the Democratic Workers' Congress and Mr. J. E. Gunasena, Proprietor of Maharajah Group, Madawala-Ulpota (No. I. D. 38) and published under section 25 (1) of the said Act, in the *Ceylon Government Gazette* No. 11,398 of June 27, 1958.

THE AWARD

This is a reference made to us by the Commissioner of Labour under section 34 of the Industrial Disputes Act, No. 43 of 1950, for the interpretation of the following passage in paragraph 18 of the Award dated 12th June, 1958, already made in Case No. I. D. 38, with regard to the dispute that had arisen between the Democratic Workers' Congress and Mr. J. E. Gunasena, Proprietor of Maharajah Group, Madawala-Ulpota: "the rates of wages including allowances prevailing in November, 1957." The Commissioner has raised the following question as to the interpretation of paragraph 18:—

"The rates of wages including special allowances prevailing in November, 1957' applicable to to what trade or trades should be applied for the purpose of determining the amount of compensation payable to the labourers?"

2. Mr. Moorthy for the Democratic Workers' Congress states that the Congress forwarded to the Commissioner of Labour a statement of the amount payable calculated according to the minimum rates of wages payable for the rubber growing and manufacturing trade in November, 1957. Mr. Coomaraswamy, Advocate, on behalf of the proprietor, states that he had at that time ceased tapping rubber trees and was making payments at the minimum rates fixed for the tea growing and manufacturing trade as he was working 35 acres of tea, including 15 acres which were discovered when he cleared the jungle. In order to establish the submission now

made on behalf of the proprietor it would be necessary for evidence to be led as no evidence was led at the inquiry already held that any extent of tea was being plucked or that any payments were being made to labourers in accordance with the rates fixed for the tea growing and manufacturing trade. According to the findings in the Award dated 12th June, 1958, which was based on the evidence led at that inquiry, the number of tapping blocks of rubber were reduced in February, 1957, from 85 to 45 as certain extents of old rubber had been uprooted and replanted with budded rubber. There is no finding that tea leaf was being plucked from any extent at all. The finding is that the 15 acres of old tea which was discovered when the jungle was cleared was replanted with new tea after February, 1957. The rates of wages ordered in paragraph 18 to be paid to these labourers was to be in accordance with the rates of wages inclusive of allowances prevailing in November, 1957. Obviously these are the minimum rates of wages and allowances prescribed by the Wages Board for the Rubber Growing and Manufacturing Trade, as the whole dispute in that inquiry was on the footing that the estate was being worked as a rubber estate and was closed at the end of October, 1957, in view of the drop in the price of rubber and also the drop in the amount of latex that could be collected owing to the drought, which prevailed in that year for a long period.

3. We therefore interpret the Award accordingly and decide that the minimum rates of wages inclusive of allowances applicable to the rubber growing and manufacturing trades prevailing in November, 1957, should be applied for the purpose of determining the amount of compensation payable to the labourers to whom compensation has been awarded under paragraph 18 of the Award dated 12th June, 1958.
