PREFACE

The Documentation Centre of the National Library of Sri Lanka commenced publishing Sri Lanka Conference Index in 1988. Since then it has published three indexes covering the period from 1976-1992.

Conferences, Seminars, Meetings and Workshops are considered as valuable sources of information on current interests. Therefore, the usefulness of conference index for researchers cannot be over emphasized. The Documentation Centre has attempted to make the index which covers the year 1993 as comprehensive as possible. Any lapse is due to the lack of information.

This index was made possible through the enthusiastic co-operation of heads of the Ministries, Government Departments, Corporations, Statutory Boards, Non-Governmental Organizations, International Organizations, Private Institutions and Libraries. I thank all of them.

My grateful thanks are due to Ms. Janaki Fernando, Head of the Documentation Division, Ms. Champika de Mel, Librarian, for gathering the information and compiling this index, and Ms. Srimathi Abeysekara for typing the script.
