In the matter of an Industrial Dispute

between

The All Ceylon Commercial and Industrial Workers' Union, 47, Driebergs Avenue, Colombo 10

and

Asbestos Cement Industries Limited, 175, Armour Street, Colombo 12

THE AWARD

This is an Award under section 24 (1) of the Industrial Disputes Act, No. 43 of 1950, as amended by the Industrial Disputes (Amendment) Acts, Nos. 25 of 1956, 14 of 1957 and 62 of 1957. It relates to an industrial dispute between the All Ceylon Commercial and Industrial Workers' Union of 47, Driebergs Avenue, Colombo 10 (hereinafter referred to as "the Union ") and the Asbestos Cement Industries Limited of 175, Armour Street, Colombo 12. (hereinafter referred to as " the Company "). Company ").

2. The Hon'ble the Minister of Labour, Housing and Social Services, by his Order made under section 4 (2) of the aforesaid Act dated 29th March, 1959, referred the dispute between the above named parties to this Court for settlement. According to the statement of the Acting Deputy Commissioner of Labour dated 3rd March, 1959, which accompanied the Minister's Order, the matters in dispute between the Union and the Company are as follows: foilows:

(1) the non-employment of 145 persons who are named in that statement:

(2) the following demands made by the Union :---

- (a) 14 days, medical and casual leave;
 (b) 1 month's gross wages as annual bonus;
 (c) a proper grading system and scale of wage for the
- workers

(d) a free mid-day meal and two cups of tea.

3. At the inquiry before us the Union was represented by Mr. Advocate Nimal Senanayake with Mr. Advocate S. Suntheralingam instructed by Mr. R. S. Baghavan, and the Company was represented by Mr. Advocate S. Nadesan, Q.C., with Mr. Advocate Sathiendra instructed by Messrs. Kanagaratnam and Kumaraswamy.

ratian and Kumaraswamy. The parties came to a settlement with regard to three of the demands made by the Union, namely, those stated at 2 (a), (b) and (d) above. Counsel for the Union accordingly withdrew those demands and it was agreed that it was not necessary for us to make any award regarding them. It is, therefore, necessary for us only to consider the question of the non-employment of the workers mentioned in the statement of the Commissioner of Labour and the demand by the Union for "a proper grading system and a scale of wages for the workers". workers

4. Non-employment of Workers.—Although the statement of the Commissioner contains 145 names the Union in its state-ment filed in this Court on the 22nd of April, 1959, under regulation 20 (1) of the Industrial Disputes Regulation, 1958, has attached a list of the workers whose non-employment is in question. That list contains 58 names. At the hearing before us the lists of names as given by the Commissioner and by the Union in its statement were examined and the Union agreed that the inquiry by us should be limited to 49 persons as it was found that some names had been repeated, and some of the persons mentioned in the Commissioner's list had been the persons mentioned in the Commissioner's list had been re-employed by the Company, and some of them had obtained employment elsewhere and the Union was no longer interested in those persons. The names of the 49 persons to whom the induiry was confined are given in the schedule attached to this Award. The number appearing in brackets against each name relates to the corresponding number in the Commissioner's statement. statement.

5. The Company in this case is the only venture of its kind 5. The Company in this case is the only venture of its kind in Ceylon and is engaged in the manufacture of asbestos sheets and allied products. It commenced business in January, 1957, its factory being stuated at Ratmalana. The Company employed as an expert in this type of work an Italian Engineer to train the personnel. When he left, the Company employed as its Production Manager an expert from the Bihar Asbestos Factory in India, Mr. V. R. Nadarajan. In addition to the supervisory staff the Company employed about 200 workers, chiefly from the area surrounding the factory who were unskilled labourers and had to be trained. labourers and had to be trained.

6. In the communal riots which occurred in May-June, 1958, Ratmalana was one of the worst affected areas in the Colombo District and as the Manager, Shareholders and superior staff officers were Tamils there was great risk of the factory being destroyed and seriously damaged. There was evidence that the telephone wires leading to the factory were cut during that period, allegedly by one or more of the workers in the factory. The workers in the factory are said to be about 95 per cent. Sinhalese and it was stated at the inquiry before us that about 30 to 40 of these Sinhalese workers had helped the management to protect the factory from damage. The persons who did so were subsequently issued letters of commendation by the management.

were subsequency issued letters of commendation by the manage-ment. 7. The first intimation that the management had of the formation of a Union among the workers in the Factory was in July, 1958, when a letter dated 18th July, 1958 (R.1) was sent to it from the branch union of the Eksath Kamkaru Samithiya (hereinafter referred to as "The Samithiya"), the President of which was Mr. S. D. Bandaranayake. That letter contained a list of thirteen demands. The management also received another letter of the same date (marked R.2) from the same union asking that May Day be declared a paid holiday. These demands made by the Union were discussed at a conference held on the 8th September, 1958, which was presided over by an Assistant Commissioner of Labour (the notes of the conference are marked R.3). At that conference agreement was reached with regard to some of the demands. A further conference was held on the 27th November, 1958, which was also presided over by an Assistant Commissioner of Labour regarding the demands still outstanding. (The notes of the con-ference are marked R.4.) No settlement was reached regarding four of the Union's demands. One of the demands pressed by the Union was for the re-employment of the first three persons mentioned in the Commissioner's list, namely, Samarasinghe, Fiyadasa and Wilson Ferera. They were persons who were said to have been involved in the communal riots and had been absent from work for a long time. The position of the manage-ment was that since these three persons had caused wanton damage to the Company's property and were likely to cause further damage and were also wanted by the Police and Military

438

authorities for questioning they could not be re-employed. It is not necessary for us to consider the non-employment of these three persons as they have not been included in the list of 49 persons to whom the union agreed this case should be limited. On the day that the conference was held, namely 27th November, 1958, the President of the Branch Union wrote a letter (R.5) threatening that they would take organised action if their demands were not granted before 18th December, 1958.

demands were not granted before 18th December, 1958. 8. According to the evidence of Mr. Nadaraja, the Secretary of the Company, discipline among the workers " went overboard " after the communal disturbances of 1958, but the management decided not to take any action against the workers but to put up with a certain amount of bad behaviour on the part of the workers in view of the position in which the Company was placed. Towards the end of November, 1958, however, he said that the output of work was greatly reduced as a result of the workers going slow. It was noticed that the situation worsened on the 28th-29th November, when in addition to the go-slow on the part of the workers a large number of asbestos sheets were damaged by them. The management accordingly decided to suspend production on the 29th November. On the 5th December, it served notices on 21 of the workers requesting them to give written explanation's regarding the small number of asbestos sheets on which they had carried out various operations during specified hours on the 28th and 29th November, although the normal minimum rate was very much more. Five of them were asked to explain why they had damaged the sheets while corrugating them on the night of 28th/29th November, 1958. They were asked to hand over their written explanations personally to the Production Manager on or before the 9th December, 1958 (copies of notices served on these workers. A strike occurred among the workers on the 8th December, and as no replies were received from any of the 21 workers. Company.
9. On the 5th December, several incidents occurred in the Factory premises which ultimately necessitated the calling in of the Police by the management in the afternoon. The first incident was one in which the Vice-President of the Branch Union, Mr. Gunasena Silva, was involved. He was due to come on duty at 2 p.m. on that day, but about 12.30 p.m. he was found in the premises of the Production Manager by Mr. Selvaraja, the Foreman. The bungalow of the Production Manager adjoins the factory premises. According to the evidence led by the Company Mr. Nadarajan had gone back to India with his wife and child when the communal disturbances occurred and it was with the greatest difficulty that the management was able to pursuade him to return. Mr. Nadarajan was very insistent that the workers of the factory should not be allowed to enter his bungalow particularly as Mrs. Nadarajan was of a timid disposition and liable to get scared when she found strangers in their premises. The management had therefore put up, sometime in September 1958, a notice declaring those premises out of bounds for the workers. In spite of that Mr. Selvaraja found Gunasena Silva loitering in the premises of the Production Manager's bungalow and when he questioned Gunasena Silva he turned defiant and gave a very inadequate excuse. The matter was reported by Mr. Selvaraja to the Production Manager.

After Mr. Nadaraja, the Company's Secretary, arrived at the Factory the same afternoon and this incident was reported to him he questioned Gunasena Silva. According to Mr. Nadaraja the latter turned very insolent and said he had come to get some coconut leaves. Mr. Nadaraja then wanted him to punch his card and to report himself at the head office at Armour Street the next morning. He was reluctant to do so but after the arrival of the Police he punched his card and left the premises at the request of the Police. On the morning of the 6th December he peported at the Head Office at Armour Street and Mr. Nadaraja handed him a written charge (marked R. 6) calling for his explanation for being found in the bungalow premises of the Production Manager on the 5th December, for adopting a threatening attitude when questioned about it, and for refusing to punch his card and leave the premises when ordered to do so by the Secretary. According to Mr. Nadaraja, Gunasena Silva refused to accept this document and he (Mr. Nadaraja) made a note in red ink of that fact. He thereupon wrote the letter (copy marked R. 7) informing Gunasena Silva that he was being discharged in view of his conduct the previous day. He also added that he would be paid the wages up to the 5th December

and one month's wages in lieu of notice on his signing the relevant voucher. Mr. Nadaraja says that Gunasena Silva refused either to accept this letter or sign any document and left the premises. The Secretary therefore sont the original of the letter R.7 to the Commissioner of Labour with a covering letter (R.8) and a cheque for Rs. 128 by way of wages due to Gunasena Silva inclusive of the one month's wages in lieu of notice and the voucher for his signature. The Commissioner of Labour on a later date informed him that Gunasena Silva is one of the 49 concerned persons in this inquiry. He has not put in an appearance at all nor has any attempt been made by the Union to justify his conduct and contradict the evidence given by the Company.

to justify his conduct and contradict the evidence given by the Company.

 The next incident on the 5th December was one relating to M. G. Podi Nilame, the Secretary of the Samithiya. His period of duty that day at the factory terminated at 2 p.m. About half an hour before his working period was finished he was found outside his work place talking to somebody and was taken before the Production Manager, who according to the usual practice asked him to explain why he was not attending to his work but was elsewhere. He was asked for his explanation in withing by the Production Manager, Mr. Nadarajan; the document which was handed to him is produced (marked R.26). Mr. Nadarajan has written it in English but adjoining it there is a translation in Sinhalese which has been done by the time-keeper. The position of the management is that when this document R. 26 was handed to Podi Nilame asking for his explanation he refused to accept it unless Mr. Nadarajan signed it in Sinhalese as well, which Mr. Nadarajan could not do as he does not know Sinhalese. Podi Nilame in his evidence before us admitted that he was away from his work place during his working hours before 2 p.m. but says that as he had actually finished his work for the day he was talking to somebody asking him for the loan of his bicycle when he was taken up before the Production Manager. He admits having been handed the document was handed to him there was the English writing on it and he wanted a translation of it in Sinhalese as he could not read English, and a discussion between him and the Production Manager arose over that request. Ultimately he says the translation as to whether the trouble arose as the result of Podi Nilame in sisting on the question as to whether the discussion between them and the groduction manager is not be workers did come into the discussion between them and the groduction for the second production Manager arose over that request. Ultimately he says the translation as to whether the discussion between them ad of the workers did-come into the office at that time although he says it was to have their cards punched and for drawing their pay; but he, admits, however, that the management did call in the police while the labourers were in the office. According to Mr. Nadaraja the payment of wages was usually made between 4 p.m. and 5 p.m. but on this day the workers who collected were demanding their wages at 2 p.m. before he had arrived at the office with the money. The chief person who was demanding payment of wages at 2 p.m. was Jarlis Singho who was the President of the Samithiya. Mr. Selvaraja, the Foreman, has in his evidence described the discussion between the Producwas the President of the Samithiya. Mr. Selvaraja, the Foreman, has in his evidence described the discussion between the Produc-tion Manager and Podi Nilame in connection with the document R.26 and also mentioned the fact that 40 or 50 workers came to the office and began threatening the Production Manager. He says that one of the labourers named Gunasekera jumped on to the Production Manager's table and attempted to hit him. He also says that he summoned the supervisory staff working in the factory to the Production Manager's room as the labourers were behaving in a riotous way and telephoned to the Secretary who was at the head office at Armour Street and informed him of what was happening. He added that the labourers demanded their pay at 2 p.m. although they were usually paid later in the day. Jarlis Singho in his evidence produced a letter sent to him by the Secretary of the Company dated 8th December, 1955, asking him to show cause why he should not be dismissed for his conduct on the 5th December when he is alleged to have committed the following offences:—

- (a) inciting a party of workers at 2 p.m. and leading them up to the table of the Production Manager and insisting that the men be paid immediately;
- (b) abusing the Production Manager and the Company and threatening him in filthy language;
- (c) being insolent and insubordinate;
- (d) behaving in a riotous and disorderly manner till the armed police party arrived;
- (e) refusing to carry out the orders of the Manager in as much as headid not wait in the rest hall till pay time.

This letter also informed him that he was interdicted pending an inquiry into the charges and he was given time till the 17th December to show cause. Jarlis Singho admitted the receipt of this letter but in his evidence stated that although the letter was dated the 8th December it was posted on the 11th December as shown by the envelope (marked P.7a) and it reached him only after the strike had commenced on the 8th December. He sent no reply to the letter. 440

Mr. Nadaraja, the Secretary, arrived with the pay of the workers almost simultaneously with the police party. According to Mr. Nadaraja when Mr. Selvaraja spoke to him on the 'phone in the afternoon of the 5th December about the disturbance in the factory premises and informed him that the Production Manager and the other people were likely to be assaulted by the workers and asked that necessary action be taken, he telephoned the Mount Lavinia Police for assistance and he himself left for the factory with the wages and arrived there about 3.30 p.m. When he arrived the police were already there. He found the workers in an excited state, not working but gathered together in groups. He also says that on the night of the 5th one of the chains attached to a crane had fallen down. It was discovered on the morning of the 6th December that an "S" hook which keeps the chain in position had been straightened out and that fresh hammer marks were visible on the hook. As the lighting plant was in close proximity to this crane, if it had been operated with this defect there was a likelihood of the heavy chain falling on the plant and seriously damaging it. Prompt information of this was given to the Police. The management is unable to say who had done this, but according to their evidence some of the workers were at work the previous day repairing the asbestos sheets in the roof close to this hook and it was possible for them to have straightened the hook with the implements they used for their work. Mr. Nadaraja said it was fortunate that the chain had fallen when the crane was not being operated over the lighting plant.

the lighting plant. 12. On the 8th December, according to the evidence of Mr. Selvarajah, about 2 p.m. Jarlis Singho and two other persons not employed at the factory, namely, Messrs. Roland Fernando and Saldin Silva came inside the Factory and inquired of him for the Production Manager. When they met the Production Manager the latter inquired with whose permission the two outsiders had come in. They informed him that they were from the Union and could come in whenever they liked. The Production Manager informed them that they could not do so unless they had got permission either from him or from the head office. They replied that this was not Bihar and he should remember that this was Ceylon. Thereupon Mr. Nadarajan telephoned the Police. Thereafter all the labourers gathered at the same spot and a meeting was held and the workers started a sit-Jown strike. When the police arrived and questioned the labourers they informed the police that they had started a '' sit-down'' strike. This sit-down strike continued for the next 15 days-labourers going out in batches for their meals and coming back. But the numbers dwindled daily. Roland Fernando and Saldin Silva were prosecuted in the Magistrate's Court for criminal trespass in the factory premises on the 8th December; they were found guilty and fined. Meetings of the strikers were held on a vacant piece of land outside the factory at which some of the officials of the Samithiya used to address the workers. According to the evidence led by the management, in the addresses that were given to the strikers by various persons attempts were made to rouse communal feelings on the ground that the management of the factory was in the hands of Tamils. The workers who gave evidence on behalf of the Union denied that any such attempts were made to rouse communal feelings either at the meetings or elsewhere. We do not think it is necessary for us to comment or to make any decision on this matter in view of the fact that it is possible to com

18. Although the Samithiya had in their letter of 27th November, 1958 (marked R. 5) informed the company that if the outstanding demands which were not settled at the conference held under the chairmanship of the Assistant Commissioner of Labour the same day were not granted before the 18th December, they would be compelled to report to organised action, the workers struck work 10 days earlier, namely on the 8th December. According to the evidence given by the Union this strike did not relate to those demands but took place in order to force the management to reinstate the vice-president of the Union, Gunasena Silva, and to have the letters dated 5th December, 1958, which were sent to 21 of the workers to show cause why action should not be taken against them for going slow in their work and for damaging the asbestos sheets, withdrawn. On the 10th December, 1958, a conference was held at the Labour Office, Industrial Relations Division, presided over by Assistant Commissioner, Mr. LaBroy, at which representatives of the Union and the management were present. According to the notes of the conference (marked R. 10) " the Union demanded the immediate reinstatement of Gunasena Silva and withdrawal of the show cause notices before the strike was called of ". Other demands as well. The position of the management was that they were not prepared to re-employ Gunasena Silva nor withdraw the show cause to gether with the outstanding demands made by the Union placed before an Industrial Court for settlement. According to the notes of inquiry Mr. Roland Fernando of the parent union was inclined to agree with this proposal, but after speaking to the branch union office bearers who were present, he stated that they were adamant and were not prepared to call off the strike until their demands were granted. No settlement was therefore arrived at and the strike continued.

14. The company next received a letter dated 27th December, 1958, from the Central Council of Ceylon Trade Unions (marked R. 11). According to this letter the workers of the factory had now joined the Central Council of Ceylon Trade Unions and made five demands. Two of the demands were that the Joint Secretary and the 21 labourers who were dismissed should be taken back. The Joint Secretary referred to in this demand is Mr. M. G. Podi Nilame. He was also sent a letter dated 8th December, 1958 (marked P. 14) by the Secretary of the Company asking him to show cause on or before the 17th December why he should not be dismissed for having on the 5th December committed two offences, namely, abusing and threatening the Production Manager when questioned about leaving his work on the 5th December, and also with having incited and joined the other workers in behaving riotously and threatening to assault the Production Manager at the same time. As neither he nor the President Jarlis Singho had replied to the letters addressed to them by the 17th December, the date by which they were asked to show cause, they were both dismissed by the Company. The 21 labourers who were alleged to have gone slow and on whom the show cause notices were served were also dismissed as they had sent no reply or shown any cause. The other three demands related to those previously outstanding. There is no demand made in this letter R. 11 for the reinstatement of the vice-president, Gunaseina Silva. On the 31st December the management received a letter (marked R. 12) from the Secretary of the All Ceylon Harbour and Dock Workers' Union. In this letter no specific demands are made but the Secretary stated that this Union was ready to give full support to the employees' Union of the Asbestos Cement Industries Factory at Ratmalana.

On the 8th January, 1959, a notice was put up by the Company (copy marked R.13) on the outer gates of the factory calling on all the strikers to return to work by the 16th January and stating that those who do not report for work by 9 a.m. that day at the head office of the company " will be considered to have vacated their posts". A translation of this notice was put up in Sinhalese as well. Jarlis Singho admitted that he put up a counter-notice on a shed that the strikers had constructed in front of the factory premises asking the strikers not to pay any heed to the notice put up by the management, in which the strikers were asked to return to work by the 16th January, and requesting them not to do so. None of the strikers reported for work on the 16th January as requested by the management. The position taken up by the management was that they were justified in treating the strikers bay in yeacated their posts and dismissied themselves by not reporting for work as requested and therefore they were entitled to employ other workers in their place in order to carry on the work in the factory which had been stopped from the 29th November, 1958.

15. On the 21st January, 1959, the Company received a letter from another union (marked R. 14). This was from the All Ceylon Commercial and Industrial Workers' Union, the union, which now represents the workers in these proceedings. This letter starts by saying that the Union wishes to confirm the basic points that arose in their discussion with the Managing Director of the Company on the 16th December; 1959, obviously a mistake for 16th January, 1959. According to Mr. Nadaraja, Mr. Bala Tampoe saw the Managing Director on the 16th January, 1959, stating that he came on bthalf of another union and the new union had taken over the strike. Mr. Bala Tampoe is well known as the General Secretary of the Ceylon Mercanile Union and in the letter head of the document R. 14 his name does not appear as an official of the All Ceylon Commercial and Industrial Workers' Union. It is therefore not clear whether the interview that he had with the Managing Director on the 16th January was on behalf of the All Ceylon Commercial and Industrial Workers' Union or of another Union. The Company next received a letter dated 6.2.59 (marked R. 15) from the Assistant Commissioner of Labour inquiring whether it would agree to have the eight demands made by the All Ceylon Commercial and Industrial Workers' Uniôn, which are stated in the letter, referred either to voluntary arbitration or to an Industrial Court for settlement. The Secretary of the Company sent by his letter of 12th February, 1959 (marked R. 16) a reply to the Assistant Commissioner of Labour informing him of the earlier letter that the Company had received from this Union and stating that they did not reply as they did not know which Union really represented the workers; the last letter from a Union being dated the 21st January. 1959. They informed the Assistant Commissioner of Labour that as all the workers ceased to be their employees before 21st January and as the industrial dispute involved three unions on the one hand and the management on the other, they regretied t

and resumed work in the factory. On 16th February the Company received a copy of a letter dated 14th February addressed to the Assistant Commissioner of Labour (Conciliation Division) from the General Secretary of the All Ceylon Commercial and Industrial Workers' Union informing him that in pursuance of a decision taken by their branch union their members would report for duty on Monday the 16th February, 1959, pending the findings of the Industrial Court. Mr. Nadaraja stated that by that date the factory had its full complement of workers; about 60 were new hands and about 120 were the old workers who had vacated their posts but whom they were prepared to re-employ when they applied for re-employment. Of the 49 persons we are concerned with in this inquiry 15 did not seek re-employment at any stage, including Gunasena Silva, Podi Nilame and Jarlis Singho. Of the balance some sought reemployment but their places had already been filled when they did so and as the new workers were working quite satisfactorily the Company was not prepared to discontinue their services.

the Company was not prepared to discontinue their services 16. When the strike was on, the passage of lorries into the factory premises was obstructed by the strikers with the result that the Company found it difficult to transport corrugated sheets from the factory premises. It was stated in evidence led for the Company that the strikers used to lie down on the road in order to prevent the lorries using the road to the factory. Jarlis Singho in his cross-examination admitted that the strikers did attempt to stop lorries going into the factory premises but he said that his instructions were to stop them by peaceful means. He, however, admitted that police protection had to be sought by the management in order that lorries. One of the cases by the Mount Lavinia Police was put in evidence (marked R.35). According to the evidence of the Sub-Inspector of Police in that case, as certain lorries approached the factory gate he saw about hundred people rushing to the road and three people lay across the path of the first lorry ; those three people were arrested and prosecuted in that case.

17. In the early part of the present proceedings a question was raised and prosecuted in that case. 17. In the early part of the present proceedings a question was raised by counsel for the company as to whether the present Union did in fact represent the majority of the workers in the factory. The Union called its office Secretary as its witness. He produced a register which is said to be the membership register of the Union and stated that according to it there were 120 workers in the company's factory whose names appeared as members in 1959, and that 105 workers had paid their membership subscriptions for January, 15 for February, none for March, and 27 for April. As the entries in this register had not been made satisfactorily he was asked to check the figures from other documents in his office and furnish the required information on a later date. When he gave evidence on a later date he produced 44 enrolment forms for membership of the Union from workers in this Company. He said that those were the only forms he was able to trace but that there were a large number of enrolment forms from workers of this company could probably be traced from among them. Although the actual number of workers in this Company who had been enrolled as members of the Union, and the periods for which they had paid their subscriptions were not satisfactorily established Mr. Nadesan did not press his objection on this question and it is therefore not necessary for us to give a, finding regarding it.

18. As the Company was not prepared to re-employ all the persons who had gone on strike, the question regarding the non-employment of 145 persons (later reduced to 49 in the course of this inquiry) along with the four earlier outstanding demands which had been made on behalf of the workers, was referred by the Hon. the Minister of Labour, Housing and Social Services on 29th March, 1959, to this Court for settlement. With regard to the non-employment of the 49 workers the question that arises for our determination is whether the strike which started in the factory on the 8th December, 1958, and continued thereafter was justified. As already stated the reason for the workers going on strike on that day as given by the officials of the Samithiya was:--

- (a) the dismissal of Gunasena Silva the vice-president of the branch union at the factory ; and
- (b) the issue of 'show cause notices ' by the management of the Company on the 5th December on 21 of its workers arising out of the drop in the production of and damage to asbestos corrugated sheets.

With regard to (a) we have already stated the facts as given by the officials of the Company as to why they were obliged to discontinue his services. Gunasena Silva was not called as a witness before us by the Union so that we could have had his version of the incidents of the 5th December, if it was different from that given by the management, nor was any attempt made by the Union to satisfy us by any other evidence that Gunasena Silva was not guilty of any conduct on his part on that day which would justify the company in discontinuing his services. On the evidence placed before us by the management regarding his conduct at the factory on the 5th December and at the head office on the 6th December, we are satisfied that the Company had no alternative but to discontinue his services. We therefore hold that the calling of a strike in order to get him reinstated was not justified. In this connection it must be noted that although the management expressed its willingness at the conference held by the Assistant Commissioner of Labour on the 10th December, two days after the strike commenced, to have the discontinuance of his services referred to an Industrial Court for a decision, the Union then representing the workers refused to agree to it and insisted on continuing the strike until he was reinstated.

commenced, to have the discontinuance of his services referred ing the workers refused to agree to it and insisted on continuing the strike until he was reinstated. With regard to (b), namely the serving of the show cause notices on 21 of the workers on the 5th December, the allegation made was that the company decided to strike first at the office-bearers of the Samitaiya in view of the letter which was sent to the management on 27th November, 1996 (H.6) threaten-ing direct action unless their demands were granted. The Company has placed before us the figures relating to production in tons per hour. This discloses that in the period June to December 1998, production had dropped to 1.67 from the figure of 2.16 for the period January to May 1966. In the period March to May 1959 the production was 2.37 ions per hour. In addition to this there is the direct ayidence of the officials of the company of the drop in production in the latter part of 1968 and particulary lowards the end of November of that year. The drop in production during this period was not seriously challenged by the Union. The evidence on that question given by the workers called by the Union only amounted to sugges-tions as to possible causes which would show down production or result in the sheets getting damaged, like some fault occurr-ing in the machina, or in the mixture used for mainfacturing the sheets. No specific evidence was led that any factors beyond the control of the workers which would cause a slow down in the production did in fact occur during the relevant period. We are, therefore, satisfied that the management and issuing these notices on the 21 workers. On the 5th December, on which day the notices were issued, various incidents oc-curred which we have already referred to, which necessitated the management slaged a 'Inneu up' on that day, the incidents oc-curred which we have already referred to the part here are strike on the notices were issued the management strike or astisfied that these last the gersons on whom notice

19. The question then remains whether the hon-employment of the 49 workers by the management in February 1959 was justified. No. 48 in the list in the schedule is W. M. Gunasena Silva who was dismissed on the 6th December, 1958, with regard to whom no attempt has been made by the Union to prove his innocence on the charges made against him by the management and who, as we have already stated, made no appearance in this Court. Obviously we cannot make an order for his re-employment. With regard to the others, counsel for the Company urged that the strike was a thoroughly unjustified strike in the course of which criminal trespass was committed as the strike was a 'stay-in' strike. He further urged that apart from the fact that the Company was prevented in the manufacture of asbestos corrugated sheets as a result of the, strike, the strikers sought to prevent the sale of the already manufactured sheets by obstructing the passage of lorries into and from the factory premises and also in other ways harassed the management. Although the Company put up a notice on the 8th January calling upon the workers on strike to report for work by the 16th failing which they would be considered as having. vacated their posts none of the strikers returned to work on the specified date. He, therefore, urged that the only course open to the Company in these circumstances in order to

PART I: SEC. (I) — (GENERAL) — CEYLON C avoid further losses by reason of non-production was to recruit fresh labour and resume production at the earliest possible opportunity. In doing this they re-employed, as already stated, a large number of the strikers who had already vacated their posts but who had applied for re-employment. He contended that it would not be fair to ask the management to discontinue the services of the newly recruited men whom they had em-ployed in order to take back into service some or all of these workers. He cited the judgment of the Labour Appellate Tribunal of India where a similar question arose for decision, namely, the case of the *Express Newspapers Limited*, reported in Labour Appellate Cribunal has examined the Ameri-can principles relating to this question, and with reference to Section 18 of the National Labour Relations Act in America which expressly provides that nothing in that act shall be construed so as to interfere with or impede or diminish in any way the right to strike, it states as follows:—" All the same such a right has not been considered to be an absolute one and though employment relation is deemed to continue albeit in a state of belligerent suspension during the strike, the nature of the striking employees' right to reinstatement under the Act depends upon whether the strike weapon in con-nection with a controversy or current labour dispute which involves no unfair labour practice." On page 95 the Appellate Tribunal quotes a passage from the Judgment of the Tribunal in another case where the following passage from Ludwid yengies to take the place of the strikes, and he may promise to retain such employment of his business, but may employ others to take the place of the strikes has been declared, is not obliged to cease the conduct of his business, but may employ others to take the place of the strikes has been declared, is not obliged to cease the conduct of his business, but may employ others to take the place of the strikes has been declared, is not present case. The decision in that the management had not industrial Tribunal had held that the management had not been guilty of any unfair labour practice prior to the date of the strike and the strike was not justified, the non-absorption of such of the workers who participated in the strike and whose places had been properly filled up by the management was justified. In the present case we are satisfied that the strike which was called by the Samithiya on the 10th December was not due to any unfair labour practice on the part of the Company, but was started precipitately in order to force the hands of the management of the Company to withdraw dis-ciplinary measures which we have found had been justifiably taken. Although the Company by its notice (marked R.13) notified the strikers that unless they returned to work by the 16th January, 1959, they would be considered to have vacated their posts the strikers did not avail themselves of the opportu-nity afforded to them to return to work. We agree that the principles stated in the Indian case of the Express Newspapers Limited should be followed by us, and we hold that the non-employment of the 49 workers by this Company is justified.

minten snound be rohowed by us, and we hold that the hold employment of the 49 workers by this Company is justified.
20. Demand for a proper grading system and a scale of wages for the workers.—According to the statement of the Counsel for the Union what the workers want is "somebody to come and inspect the type of work they were doing, a man of competent knowledge, and to grade these workers according to the grading system in this country." The only evidence on the point led for the Union was that of Podi Nilame the Secretary of the Samithiya. He stated at first as follows:—"In July we put forward a demand that there should be a grading of workers on a classification which should be made by agreement with the Union." At a later stage he said that one of their demands was that the workers scording to the state and scales and that he was not paid according to those scales. The work he did he said was the unloading of cement, separating the produced sheets and stacking them." In December 1958, his total monthly salary was Rs. 105 inclusive of all allowances. In cross-examination he said that prior to his joining the Company on 15th July, 1957, he was. employed as a milk delivery boy. As soon as he joined the Company he was paide a wage of Rs. 2.85 per day, inclusive of allowances. He further stated that he did not know that he had been graded on a monthly salary of Rs. 105 inclusive of all allowances. He further stated that he did not know that he had been graded on a monthly salary of Rs. 105 inclusive of all allowances of the Secretary of the Company, Mr. Nadaraja, the workers in this factory are not governed by

According to the evidence of the Secretary of the Company, Mr. Nadaraja, the workers in this factory are not governed by the decisions of any Wages Board, but the Company in the grading of its workers keep parallel to the Wages Board decisions for those engaged in the Engineering Trade and pay a little more than the minimum wage prescribed by the decisions of that Wages Board. According to him when they started work at the factory in 1957 they employed men who were not experienced in this work and, except the mechanics, they were all unskilled labourers. In course of time, however, they graded a large number of workers according to the grades prescribed by the

Engineering Wages Board and classified them in semi-skilled grade II and semi-skilled grade I as an incentive. He produced a statement marked R.27 containing a list of all the employees of the Company showing the history of each of the workers regarding the salary increases and grades from the time he joined up to the 1st December, 1958. The correctness of this history sheet R.27 was not challenged or disputed by the Union. Mr. Nadaraja further stated that this being the only factory of its type in Ceylon the most suitable authority who could assess the capabilities of the workers and grade them accordingly would be the Production Engineer in charge of the factory who is an expert in this type of manufacture. With regard to a suggestion made by the Union that an officer from another Department, like the Public Works Department, should be asked to grade the workers he said that this was not practicable apart from the fact that in principle the Company could not agree to be bound by a decision of an outsider in a matter like this.

21. The Union has not satisfied us that the grading of the workers already done by the Company is unsatisfactory or unjust. Counsel for the Company in the early stages of the proceedings challenged the Union to call one witness who was not satisfied with his grading. No such witness was called by the Union. The only witness called and who was questioned on the point, namely, Podi Nilame, admitted that he was quite satisfied with his salary and grading. According to the document R.27 although the Company started work only in the beginning of 1957 the workers have been given very rapid increments and some of them have been graded as semi-skilled grade I and semiskilled grade II within a period of less than two years. This is apart froin the skilled labour that is employed in the workshop and building section. We agree with the contention of counsel for the Company that the grading of the workers is a function of the management. We hold that the Union has failed to substantiate this demand and it is therefore rejected.

NOTIFICATION UNDER SECTION 18A (3) OF THE FISHERIES (AMENDMENT) ACT, No. 25 OF 1952 AS AMENDED BY THE FISHERIES (AMENDMENT) ACT, No. 30 OF 1956

IN terms of section 18A (1) of the Fisheries Ordinance, No. 24 of 1940, as amended by the Fisheries (Amendment) Acts, No. 25 of 1952, and 30 of 1956, the Honourable J. D. Weerasekera, Minister for Industries and Fisheries has referred to me a dis-pute that has arisen between certain groups or sections of persons in regard to the operation of madel nets in Telwatte Waraya in Galle District for public inquiry and report.

2. The subject matter of the dispute is as follows:

- 2. The subject matter of the dispute is as follows:--(i) The registration of madel nets for the allocation of turns to operate madel nets at Telwatta Waraya is at present carried out by the G. A., Galle District. For a number of years only the following persons, namely A. Andoris Silva, A. Geedrick Silva, N. H. Ayaneris Silva, A. Baron Silva, Anthony Aron Silva, A. Matho Singho and L. Deeson Silva of Telwatta, have been allocated turns to operate madel nets at Telwatta Waraya. A group of fishermen who have formed the Telwatta Peraliya Fishermen's Co-operative Credit and Sales Society also request that they be allocated turns to operate madel nets at Telwatta Waraya. Some of the persons who have been allocated turns to operate madel nets at Telwatta Waraya. Some of the persons who have been allocated turns to operate madel nets at Telwatta Waraya object to this society being granted any turns;
- (ii) A dispute has also arisen between A. Geedrick Silva of Telwatta and A. Andoris Silva of Telwatta and between L. Deeson Silva of Telwatta and N. H. Ayaneris Silva of Telwatta in regard to the respective number of turns to operate madel nets to which each is entitled.
- (iii) A request has also been made by Wilbert Piyadasa of Telwatta that he be permitted to operate madel nets in Telwatta Waraya.

3. I have been requested to hold a public inquiry and report on not only the subject matter of this dispute but also on all such matters relating to, connected with, or arising from that dispute.

4. I invite all persons concerned or interested in the dispute who desire so to do, to make written representations relating to this dispute to the Director of Fisheries, to reach his office at Galle Face, Colombo, on or before 28th March, 1960.

5. I. shall commence a public enquiry into the subject matter of the dispute at the Hikkaduwa Resthouse at 10 a.m. on 28th May, 1960. All persons entitled oto be present and to tender evidence in support of their representations may appear either in person or by counsel or other friend or pleader.
