✓ THE ELECTRICITY ACT, No. 19 OF 1950

REGULATIONS made by the Village Committee of the Ambatalenpahala village area in the Colombo District, under section 46 of the Electricity Act, No. 19 of 1950, with the approval of the Minister of Local Government and Housing, given after consultation with the Minister of Posts, Works and Power.

V. C. JAYASURIYA,
Permanent Secretary,

Ministry of Local Government and Housing.

Colombo, 15th September, 1960.

Regulations

1. In these regulations—

- “ Act ” means the Electricity Act, No. 19 of 1950;
- “ Licence ” means a licence issued under section 2 of the Act to the Village Committee of the Ambatalenpahala village area in the Colombo District; and
- “ Licensee ” means the Village Committee of the Ambatalenpahala village area.

2. Any person desirous of obtaining the use of electrical energy from the licensee—

- (a) shall, at least fourteen days before the supply is required, make application to the licensee in such form as may be provided for the purpose by the licensee; and
- (b) shall pay in advance to the licensee the charges for the service cable, or if the licensee so requires, enter into a written contract with the licensee under section 33 of the Act.

3. Every consumer of electrical energy shall pay for such energy at the rates specified in the licence.

4. (1) That portion of the service cable which is on the consumer's premises, the transformers, the main fuses, the meter and the board shall remain the property of the licensee and on no account shall they be moved or handled by any person other than an authorised employee of the licensee.

(2) The consumer shall be responsible for the maintenance of any wires, cable or apparatus on his side of the licensee's main fuse and meter.

(3) Where any installation is re-connected after having been disconnected under section 47 (3) of the Act, the appropriate fee for testing and re-connecting such installation shall be paid in advance by the consumer as provided for in the licence.

(4) In the event of a leakage of energy at some part of the wires or fittings of any consumer, such consumer shall be liable to pay for all metered consumption of energy in his premises.

5. (1) Every consumer wishing at any time after a supply of energy has been given to his premises to use any lamp, fan or meter of greater size than the one already in use or to install any additional lamp or other appliance consuming energy either temporarily or permanently or in any way to alter or extend the wiring in such premises, shall, at least two days before the commencement of work on such extension or alteration notify the licensee in writing with particulars of the name and address of the wiring contractor.

(2) No consumer shall connect or cause to be connected any extension, lamp, fan or motor of greater size than the one already in use or install any additional lamp or other apparatus consuming energy either temporarily or permanently to the main installation unless such extension, lamp, fan, motor, additional lamp or other apparatus has been inspected and tested and found to be satisfactory by an officer authorised in that behalf by the licensee.

6. (1) In the event of the melting of the licensee's fuse in any premises, the consumer shall forthwith inform the officer-in-charge of the electrical power station or the sub-station as the case may be, of the licensee.

(2) No person other than an officer authorized by the licensee, or any workman employed by the licensee shall replace any melted fuse which is the property of the licensee.

(3) Where the services of any officer or workman of the licensee are required to replace any fuse which is the property of the consumer or the licensee, appropriate charge payable therefor as provided for in the licence, shall be made in the current monthly account of the consumer.

7. The licensee does not hold itself liable to the consumer for any loss or damage occasioned directly or indirectly by the total or the partial interruption of the supply of energy.

8. Where any installation is re-connected after having been disconnected under section 45 of the Act, a fee for testing and re-connecting as provided for in the licence shall be charged, and shall be paid in advance by the consumer.

9. (1) All charges shall be deemed to be due on the date on which an account is presented.

(2) No complaint against the accuracy of an account shall be entertained by the licensee unless such complaint is made within a week after the presentation of the account.

10. (1) Every consumer who does not require a supply of energy to his premises shall give three days' notice in writing to the licensee.

(2) Where the notice referred to in paragraph (1) is not given the consumer shall be held responsible for the licensee's equipment in his premises, and shall be liable to pay for all the energy

consumed on such premises until the lapse of three days from the date on which the licensee receives notice of the fact that the consumer does not require such supply:

Provided that when the supply to the premises is disconnected by the licensee before the lapse of the said three days, the consumer shall be liable to pay only for the energy consumed on the premises up to the time of such disconnection.

11. No consumer shall employ any person other than a person—

(a) who has been certified by the General Manager of the Department of Government Electrical Undertakings as having the necessary skill to undertake electrical work or who has had at least three years' practical experience in a recognised electrical workshop or firm or an electrical power station; and

(b) who has been regularly engaged for a period of not less than two years in the practice of electrical engineering, to—

(I) carry out any work in connection with the wiring or the electrical fittings or fixtures, of any new installation in any premises of the consumer, which is intended to be connected to the licensee's electricity supply mains; or

(II) carry out or perform in connection with any installation in any premises of the consumer after such installation has been connected to the licensee's electricity supply mains, any electrical work—

(i) which consists of, or is in the nature of, alterations, adjustments additions or repairs to such installations; or

(ii) which is other than such ordinary replacement of lamps, fans, switches or other component parts as in no way alters or affects the capacity and nature of such installations.

12. (1) No electrical work such as installation work including additions, alterations and adjustments to existing installations shall be commenced except after notice of not less than two days has been given to the licensee to enable an officer authorised in that behalf by the licensee to inspect the proposed work.

(2) If such officer approves the intended work, he shall determine the position of the meter and the work shall be carried out in accordance with such regulations as may be made in that behalf under section 60 of the Act.

13. (1) On the completion of any electrical work referred to in regulation 12, such work shall be inspected and tested by an officer authorised in that behalf by the licensee, and—

(a) if the installation is found to comply with the regulations laid down, a supply of electrical energy to the premises shall be given; and

(b) if the installation does not comply with the regulations laid down, a supply of electrical energy to the premises shall not be given until such time as the installation has been made to comply with such regulations.

(2) The fee payable for the inspection and testing of any installation under this regulation shall be paid in advance by the consumer.

14. If any electrical work connected with any new installation in any premises is carried out without giving notice to the licensee and obtaining its prior approval, the licensee may refuse to supply electrical energy to the premises wherein such work has been carried out or may require the consumer to effect such modifications or alteration to the wiring as the officer authorised in that behalf by the licensee may consider necessary. If such modifications or alterations are duly carried out, the installation shall be re-inspected and tested by such officer and if found to be in order, a supply of electrical energy to the premises shall be given.

15. Where any extension is made to any installation which is already connected to the licensee's electricity supply mains without prior notice to, and without permission of the licensee, the whole installation shall be liable to disconnection from the licensee's electricity supply mains.

16. Every application for the re-connection of any installation shall be made on such form as may be provided for the purpose by the licensee, and shall be delivered at the office of the licensee not less than forty-eight hours before the supply of energy is required.

17. The regulations under the Electricity Act, No. 19 of 1950, made by the Village Committee of the Ambatalenpahala village area, and published in *Gazette* No. 11,281 of March, 14, 1958, are hereby rescinded.

By-laws relating to Temporary Structures

1. No person shall, in any thoroughfare within the administrative limits of the Village Committee erect, or cause the erection of, any temporary structure except on the authority of a permit issued by the Chairman in that behalf.

2. Every person who desires to obtain a permit under by-law 1 shall make application therefor to the Chairman, and shall state in such application—

- (a) the place at which the proposed temporary structure is to be erected;
- (b) the nature and dimensions of the structure; and
- (c) the period for which the permit is required.

3. A permit under by-law 1 to erect any temporary structure shall not be issued—

- (1) if the site of the proposed structure is situated in such prominent place as to mar the amenities of the neighbourhood; or
- (2) if such site is already in use as a public stand for buses, hackeries, carts or hiring cars; or
- (3) if the site for which the temporary structure is intended is likely to create any kind of nuisance whatsoever; or
- (4) if the temporary structure is intended for the carrying of any unauthorised trade; or
- (5) if the permission of the owner of the site has not been obtained; or
- (6) if the structure is likely to cause any obstruction to, or encroachment upon, any thoroughfare.

4. The Chairman issuing any permit under by-law 1 in respect of any temporary structure shall specify in such permit, the period during which the temporary structure will be permitted to stand.

5. Every person who erects, or causes the erection of, a temporary structure on the authority of any permit issued under by-law 1 shall, on the expiration of the period specified in the permit, demolish or cause the demolition of such temporary structure.

6. The Chairman may, in any permit issued under by-law 1 specify the conditions subject to which such permit shall be issued.

7. Every contravention of any of these by-laws or any of the conditions specified in any permit issued under by-law 1, shall be punishable with a fine not exceeding fifty rupees, and in the case of a continuing contravention, with an additional fine not exceeding twenty-five rupees for every day during which the contravention is continued after conviction thereof by a court of competent jurisdiction.

8. In these by-laws—

“Chairman” means the Chairman of the Committee;

“Committee” means the Udapalata Village Committee; and

“temporary structure” includes a portable platform, a removal rack, a platform to which an awning has been fixed, an awning on supports whether permanently or temporarily fixed to the ground, or any stationary structure on wheels.

M. M. THAMBY NAINA MARIKAR,
Member.

Affirmed to before me at Kalpitiya on this 14th day of July, 1960.

A. M. MADAR MARIKAR,
Justice of the Peace.

The Accounts of the Town Council, Kalpitiya, for the year 1959, as furnished by the Chairman, have been audited under my direction.

(ii) The expenditure shown in these accounts includes unauthorised excesses on votes amounting to Rs. 9,158.31. The Chairman has been afforded an opportunity to obtain the covering approval of the Minister to enable the excesses to be passed in Audit.

(iii) Vouchers for payments totalling Rs. 7,743.45 included in these accounts have not been passed in Audit and are under correspondence with the Chairman.

(iv) The amounts shown in the Statement of Assets and Liabilities under "Property Rates", "Conservancy Fees", "Electricity Dues" and "Warrant Costs" are not supported by the subsidiary books maintained by the Council.

(v) A sum of Rs. 340 being expenditure incurred in 1957 for the Electricity Department has been erroneously debited to the General Surplus.

(vi) Subject to the above observations I am of opinion that the Statements of Assets and Liabilities and Revenue and Expenditure above set forth have been drawn up so as to present fairly the financial position of the Council as at December 31, 1959, and the results of its operations for the year ended on that date.
