Regulations made under Section 36 of "The Forest Ordinance, 1885,"
regarding Village Forests.

It is declared by the Governor, with the advice of the Executive Council, that the provisions of sub-sections (c), (e), and (f) of section 27 contained in chapter II. of "The Forest Ordinance, 1885," and the following regulations shall apply to the forests which have been or shall be proclaimed under section 34 in the *Government Gazette* to be village forests for the benefit of any village community or group of village communities :—

1. If in the opinion of the Assistant Conservator of the Province the forest cannot bear all the produce claimed in one year by the villagers, the amount granted to each villager shall be reduced proportionately according to the probable yearly outturn of the forest.
2. If in the opinion of the Assistant Conservator the forest can bear heavier fellings than are required to satisfy the requirements of the villagers, the available balance of produce shall be brought out and sold, and the revenue obtained from the sale utilized for improvements of the villages, such as roads, irrigation works, gansabhawas, &c., or on re-forestation.
3. No villager may claim his share of forest produce except for his own personal requirements.
4. Dead or fallen timber for firewood, grass for litter and thatching, canes and creepers, may be taken by villagers without permit.
5. When any villager requires any forest produce not mentioned in the fourth regulation from, or wishes to pasture cattle in, the forest of his village, he shall apply to the chief headman of his village for a certificate showing that he is entitled to such produce or to graze such cattle. The headman, after satisfying himself that such produce is actually required for the villager's own personal wants, shall give him such certificate. This certificate shall be sent to the local kachchéri with an application for a permit to fell or collect produce or to pasture cattle, as the case may be.
6. The permit shall be substantially in the forms given in Appendices B to F of the rules prescribed by the Government Agent under section 41, chapter IV., of Ordinance No. 10 of 1885, and shall provide for the stamping of trees by the headman or forest officer duly empowered in that behalf.
7. A permit to remove timber, for which a permit to fell has been granted, shall be obtained from the Mudaliyár or other chief headman of the district. Such permit, which shall be substantially in the Form A given on page 2, shall be granted only on return of the permit to fell with the endorsement of the headman that the conditions of such permit have been observed, and that the timber has been felled and logged.
8. Should it become apparent that the village forest is being systematically pilfered by the villagers or other persons, it shall be lawful for the Government Agent to appoint one or more special officers for the conservancy of the forests, and to charge their pay to revenue obtained from the forest. The privileges of the villagers will then, if necessary, be proportionately reduced.

**Regulations made under Section 44 of Ordinance No. 10 of 1885,
as amended by Section 14 of Ordinance No. 1 of 1892.**

1. Forest produce shall not be exported from the Island except from ports which have been appointed as such under the Ordinance relating to the regulation of Customs in the Island.
2. No forest produce shall be moved—
 - (a) In any district which has been proclaimed by the Governor with the advice of the Executive Council, from any land ; and
 - (b) In any unproclaimed district from any land at the disposal of the Crown or any land which is adjacent thereto—
 except with a permit from the Government Agent or Assistant Government Agent, or from some officer duly authorized by the Government Agent to issue permits ; nor when a permit has been obtained shall any forest produce be moved otherwise than in accordance with the conditions of such permit.
3. The permit above referred to shall be substantially in the form A or B (as the case may be) in appendix hereto annexed.

3. The permit above referred to shall be substantially in the Form A or B (as the case may be) in appendix (pages 5 and 6) hereto annexed.

4. Forest produce collected on permit in or upon any land at the disposal of the Crown shall not be removed from such land without a certificate signed by a forest officer duly empowered in that behalf, showing that all conditions of such permit have been duly carried out. The permit holder, when applying for a certificate of ownership and a permit for removal, shall produce his permit to fell timber, or collect forest produce, and written proof that he has paid all the purchase-money, royalty, fees, or other sums due on account of such forest produce.

5. No permit shall be granted for the removal of timber until it has been felled and logged, or until the forest produce has been made up into bundles or packages ready for transport.

6. The holder of a permit for the removal of forest produce shall produce it for inspection and endorsement at any checking station prescribed therein, and also on the demand of any forest officer, police officer, or headman.

7. The period of time during which any permit for the removal of any forest produce shall be in force shall be at the discretion of the person issuing the permit, but any person who has been allowed insufficient time for the removal of his property may apply for an extension to such officer.

8. Every permit for the removal of forest produce shall be returned to the office of issue within ten days after its expiry. Should any permit expire before the forest produce therein referred to or any portion thereof has been removed, or while the same is in transit, the removal of such forest produce shall not be commenced or continued until the owner or other person in charge has obtained an extension of the time allowed in the permit.

9. No timber shall be moved by any person from any private land to any other place in the Island without such person being in possession of a pass, signed and dated by the owner of the land or other person in charge thereof, showing his proper address, the nature and dimensions of each piece of timber, wherefrom it was transported, and its destination. A true copy of such pass shall be delivered or posted by the owner or other person in charge on the day on which it was signed to a superior headman of the district in which such land is situate.

10. It shall be the duty of the person moving such timber to produce the pass and give all such information concerning such timber as lay in his power to any headman, police officer, or officer of the Forest Department whenever called upon to do so.

11. The fees payable for the permit for removal of forest produce from land at the disposal of the Crown shall be according to the scale in Appendix C hereto annexed. The officer therein designated shall be entitled to the fees specified, provided that all fees due to salaried forest officers shall be credited to revenue.

12. Any person other than the owner thereof, or person acting on behalf of such owner or of the Crown, who shall loosen or set adrift any floating timber or stranded timber, or any timber raft moored in or to the bank of any river, shall be liable, in addition to the penalties provided in section 45 of Ordinance No. 10 of 1885, to make good all damages and loss that may result from such action.

13. The Government Agent may, in his discretion, on giving notice in the *Government Gazette*, establish checking stations on any roads or rivers in his Province where all forest produce in transit may be checked, and for that purpose may cause to be constructed or put up "booms," chains, toll bars, or any other barriers necessary for that purpose.

14. All persons having charge of forest produce in transit shall be bound to stop at such checking stations and produce their passes for the inspection of the officer in charge. Any attempt on the part of such persons to evade a checking station shall be an offence punishable under section 45 of Ordinance No. 10 of 1885.

15. Any forest produce, in respect of which no permit or pass as hereinbefore provided is produced, may be stopped in transit by any forest or police officer or superior headman, who may thereupon examine and mark such timber, and report the matter to the Government Agent or Assistant Government Agent or to the Assistant Conservator or Forester.

16. The Government Agent may appoint any place or places in his Province where forest produce that has been stopped in transit may be brought, pending his order or that of the Magistrate regarding the final disposal of such produce. The Government Agent may, however, in his discretion, give such produce in charge of the officer seizing it or any other officer of Government.

17. In the event of any cattle being seized on account of any offence under chapter V. of Ordinance No. 10 of 1885, the Government Agent may, on the owner depositing as security the full estimated value of such cattle, allow him to remove such cattle, to be produced whenever he may be called upon to do so.

18. Timber, the property of Government, may be transported across any land, and all acts necessary or convenient for such transport may be done under a written authority of the Government Agent. Compensation shall be paid for any damage done to private property by reason of the transport of such timber, upon assessment of such damage by a superior headman or other competent officer named by the Government Agent.

19. No person shall in any way close up or obstruct or do any act tending to close up or obstruct the channel of any river used for the transit of timber. Any Forest Officer may prevent or remove any obstruction in the channel of any such river; and the cost of such prevention or removal may be recovered from the person, or by the sale of any timber, causing the obstruction.

20. No person shall, without first obtaining a license from the Government Agent or Assistant Government Agent, on the report of the Assistant Conservator or Forester, establish a saw pit or mill within any Crown forest. The license shall be substantially in the form in Appendix D hereto annexed.

21. No person, not being a Forest Officer or a person duly empowered by the Government Agent in that behalf (unless he be the owner of the timber and the mark used be his property mark), shall mark any timber, or possess or carry any implement used for marking timber, and no person not being a Forest Officer duly empowered in that behalf shall supermark, or alter, or efface any mark on any timber.
