MINUTES BY THE LIEUT.-GOVERNOR.

IN pursuance of instructions from the Right Hon. the Secretary of State for the Colonies, His Excellency the Lieut.-Governor has been pleased, with the advice of the Executive Council, to direct that section 20 of the Pension Minute of 11th December, 1892, be amended by the addition of the following proviso, viz.:—

“Provided further that whenever an officer entitled to a pension under this Minute is also entitled to a pension from Imperial funds or from the funds of some other Government, the maximum pension which may be granted under this Minute shall, in the case of officers appointed after the 31st day of March, 1899, in ordinary circumstances be such as when added to such other pension does not exceed two-thirds of the highest salary drawn by such officer at any time in the course of this service.”

The section as amended will read thus:—

20. An officer who has been transferred with the approval of the Government of this Colony, or of the Secretary of State, to some other employment under the Crown or to employment of a quasi-public character (as defined in foregoing section) shall retain a claim to ultimate pension for his service in Ceylon, provided that he retires under circumstances which would entitle him to a Colonial pension; and provided further that, if his appointment be abolished or his employment of such quasi-public character terminated for any other reason than that of ill-health before attaining the pensionable age of fifty-five years, he shall have no claim on the Colony for pension until he attains that age or is certified to be permanently incapacitated for further service in the Colonies. In all such cases the Ceylon pension will only be based upon the salary drawn in Ceylon and upon the length of service in Ceylon, and will be at the rate of one-sixtieth for each year's service in Ceylon, together with an addition to such service which shall bear a like proportion to five years, or to ten years in the case of the officers referred to in section 24, as his service in Ceylon bears to the whole period of his employment in tropical climates; provided that no such addition shall be made to his service in Ceylon in cases where such officer has not been employed for ten years in all in tropical climates; and further provided that the addition shall in no case be greater than would make his total public employment forty years.

Provided further that whenever an officer entitled to a pension under this Minute is also entitled to a pension from Imperial funds or from the funds of some other Government, the maximum pension which may be granted under this Minute shall, in the case of officers appointed after the 31st day of March, 1899, in ordinary circumstances be such as when added to such other pension does not exceed two-thirds of the highest salary drawn by such officer at any time in the course of his service.
