A trainee who fails to satisfy the Principal of the College in regard to general conduct and diligence in studies will be discontinued from his course. The decision of the Director-General of Education in the matter will be final.

(ii) A trainee is ordinarily not permitted during his course to follow any other external course or take an external examination.

The Principal may, however, at his discretion allow trainees to sit for not more than three subjects at the G. C. E. At these examinations the trainees will only be permitted to offer subjects in which they follow courses in the Training College. (The number of subjects to be taken at these examinations will be decided by the Principal. Trainees are warned that work done for or success at any of these examinations will not compensate for any shortcoming in their course work or failure at the final examination.) They will not under any circumstances be permitted to sit for a degree during the period of training.

2. *Admission.*—(i) The courses are not meant for the following categories of candidates who should not apply to sit for this examination. *To the Candidate :*

You are advised in your own interest to adhere to the following directions :—

- (i) Be in attendance at the Examination Hall well in time at least 10 or 15 minutes before the time scheduled for a paper to commence. If you are in doubt about the location of the Hall have it settled before the day of the examination.
- (ii) Any doubt regarding your entry for a paper or eligibility for it should be settled with the Supervisor before the paper commences. Otherwise your candidature in the subject concerned is liable to be cancelled.
- (iii) If you are a candidate from whom Identity Documents are required, you should have them with you in the Examination Hall on every occasion you present yourself for a paper. Your candidature is liable to be cancelled if you do not possess the necessary documents. If you have forgotten your Identity Documents, you should arrange with the Supervisor to produce them before the conclusion of the examination.
- (iv) You should bring your own pen and ink bottle, ruler, mathematical instruments, lead pencil, eraser, coloured pencils, crayons, water colours, science stencil, &c.
- (v) Standard examination stationery (*i.e.*, writing paper, blotting paper, graph paper, drawing paper, ledger paper, precis paper, &c.) will be supplied. You should promptly bring it to the notice of the Supervisor if you receive any material which does not conform

to the usual pattern. Do not use any paper that has not been issued specifically to you. Any excess material should be left behind unmutilated on your desk. Log tables where supplied should be used with care and left behind on your desk.

- (vi) You should inscribe promptly the title of the examination and your Index Number on every sheet of answer paper or other paper used by you. Write neatly and legibly on both sides of the writing paper. Leave a blank line after the answer to each separate part of question and a ruled line or several blank lines after the answer to each question. Do not crowd in your work.
- (vii) The left-hand margin of the answer paper supplied is provided for you to insert the numbers of the questions you answer while the right hand margin which should be left blank is reserved for the use of the Examiner. Number your answers correctly, as any error may cause confusion.
- (viii) You should observe very carefully the directions given at the head of each question paper regarding any compulsory questions and the choice of others. Disregard of these instructions is bound to affect you adversely.
- (ix) Give all detailed calculations and any rough work in their natural order as part of the working of any Mathematical problem. Diagrams, figures, sketches, &c., should be accurate and sufficiently large. If an answer requiring constant reference to the diagram, figure or sketch is continued overleaf, such diagram, &c., should be repeated.
- (x) At the end of each paper, arrange your answer sheets carefully in the order you wrote them and fasten them closely and securely together at the left-hand top corner (and not at the right-hand top corner) with the string supplied.
- (xi) You should hand over your answer-script personally to the Supervisor or to an Invigilator or remain in your seat till it is collected by one of them. Failure to do so may result in the loss of your script and in your being treated as absent for that paper. On no account should your script be handed over to a peon or attendant.
- (xii) If you wish to speak to the Supervisor or an Invigilator or to be served with additional stationery, you should raise your hand and continue to be seated.
