**NATIONAL MILK BOARD**

SEALED tenders are hereby invited for the supply of 4,000 Long Tons Full Cream Milk Powder in bulk for re-packing in Sri Lanka.

The specifications are as follows:—

- (a) The powder shall be obtained by the spray drying of clean fresh cows' milk to which nothing is added and from which nothing is abstracted other than is necessary to adjust the fat content to the desired level.
- (b) Prior to concentration the milk shall be heat treated by raising the temperature to 190 °F and holding it at that temperature for at least 15 seconds. A rapidly cooled sample of the heated milk shall satisfy the phosphatase test.
- (c) Concentrated milk shall not be held at evaporator temperature for periods exceeding one hour prior to drying. If longer periods are necessary the concentrated milk shall be cooled as it leaves the evaporator to 45 °F or below.
- (d) Concentrate balance tanks before the drying plant must be duplicated, each one being emptied, cleaned and sterilized at hourly intervals.
- (e) Bacteriological tests shall be carried out at least on the first and last concentrated milk leaving the evaporator on the last concentrated milk entering the drier and on the first and last powder extracted from the drying plant.
- (f) The powder shall be pale cream in colour and free from browning.
- (g) The powder shall be of even texture, free flowing and free from lumps.
- (h) The powder shall be of good odour and flavour, free from foreign and other abnormal odours and flavours.
- (i) The powder shall show a charred particle content which satisfies Grade A on the A. D. M. I. Standard.
- (j) The moisture content shall not exceed 3.1% at the time of delivery when determined by the method described in British Standard 1743 : 1951.
- (k) The fat content shall be not less than 26.0% when determined by the method described in British Standard 1743 : 1951.
- (l) The acidity shall not exceed 1.5% w/w calculated as Lactic Acid when determined by the method described in British Standard 1743 : 1951.

- (m) The solubility index shall not exceed 0.5 ml. when determined by the A.D.M.L. method.
- (n) The powder shall be free from pathogenic bacteria and bacterial toxins, and the total bacterial count, as determined by three days' incubation on nutrient agar at 30 °C, shall not exceed 20,000 per gram.
- (o) Coliform organisms should not be present.
- (p) The copper content shall not exceed 2.00 p.p.m.
- (q) The powder shall be not more than 4 months old at the time of arrival in Sri Lanka and each container must be marked clearly, either with an open date of manufacture or a code mark, the identification of which must be made known to us.
- (r) The bulk density of the powder shall be 0.55 = 0.02 grams per ml., determined by the method described in British Standard 1743 : 1951.
- (s) This milk powder should be vitaminised as follows:—  
Vitamin A—600 i.u. per oz.  
Vitamin D—minimum 50, maximum 100 i.u. per oz.

**PACKING**

Milk powder should be packed in 56 lb. 5 ply kraft paper bags with one 300 gauge inner polythene liner. Both ends of the bags should be stitched with Crepe Collars and the outer cover of bag should be of Crepe Kraft.

THE undermentioned goods will be sold by Public Auction at the above Office on Friday the 3rd August 1973, sale commencing at 9 a.m. The goods could be inspected on Wednesday, 1st August, 1973, at the Postal Appraiser's Office from 9.30 a.m.—1.00 p.m.

2. Subject to confirmation by the Collector of Customs or one of his Assistants and the right of cancellation hereinafter provided for, the highest bidder shall normally become the purchaser. In the event of any dispute between two or more bidders the decision of the officer conducting the sale shall be final.

3. The officer conducting the sale and the Collector may without giving reasons therefore refuse to accept the bid of any person or persons.

4. The Collector reserves the absolute right to accept or reject a bid, or to cancel a sale at any time before removal of the goods from the Customs premises.

5. Delivery of goods will be given at the fall of the hammer on payment in full of the amount of bid so accepted.

6. The purchaser must satisfy himself as to the condition of the goods and the quantities thereof, and the Collector does not warrant the quality, quantity or condition of the said goods or the title to the goods. Except as provided for in conditions the purchaser shall not be entitled to any remission of the purchase price on any ground whatsoever.

7. Should any errors or omissions be made in the description of the goods such errors or omissions will not be held to vitiate or affect the sale in anyway nor shall any compensation be allowed in respect thereof,

it being understood that intending purchasers will satisfy themselves on all points before bidding and no allowances will be made for imperfection discovered after the bids are registered.

8. Details can be had from the Postal Appraiser, G. P. O. Colombo.
