**INSTRUCTIONS FOR THE GUIDANCE OF SUPERINTENDENTS OF ESTATES, AND OF DISPENSERS IN CHARGE OF ESTATE DISPENSARIES.**

An estate or group of estates which maintains a Dispenser and a suitable building for a Dispensary will be allowed a certain amount of drugs free by Government.

2. Such a dispensary will be known as an "Estate Dispensary," and the drugs supplied to it being for the exclusive use of the estate labourers must not be put to any other use whatever.

3. A list of the drugs which will be supplied free to Estate Dispensaries by Government is noted in Appendix A.

4. These drugs will be issued only to a certain amount, calculated at the rate of 50 cents per annum for each resident labourer.

5. Requisitions for these drugs are to be forwarded to the Principal Civil Medical Officer and Inspector-General of Hospitals twice a year, only on such forms as will be supplied.

6. The half-yearly requisitions for medicines from Estate Dispensaries in the Central, North-Central, and Uva Provinces should be sent so as to reach the office of the Principal Civil Medical Officer and Inspector-General of Hospitals on January 10 and July 10 each year; those in the Southern Province on February 10 and August 10; and those in the Western, North-Western, and Sabaragamuwa Provinces on March 10 and September 10.

7. The half-yearly requisitions will be complied with within a month of their receipt.

8. Should drugs be required in the interval, they should be applied for on the form which will be supplied for the purpose.

9. Intermediate requisitions referred to in paragraph 8 will be complied with, with as little delay as possible, provided the cost of the drugs will not exceed the amount allowed by Government.

10. All the columns in the half-yearly and intermediate requisition forms must be carefully and accurately filled in, and the "remaining" column should bear the exact date on which the requisition is made up, and must show the quantities of medicines actually in stock on that date.

11. All requisitions must be signed by the Superintendent, and a certificate according to Appendix B must be attached, otherwise they will not be entertained.

12. Drugs other than those specified in Appendix A (provided they be in stock at the Civil Medical Stores) will be issued on application to the Principal Civil Medical Officer and Inspector-General of Hospitals, but only on prepayment of value.

13. On receipt of an application for drugs on payment, the applicant will first be informed of its cost and the drugs will be issued without delay, when cheque or postal or money order has been received. Drugs will also be issued per Value-payable Parcel Post when so desired.

14. All cheques or postal or money orders must be crossed, and made payable to the Principal Civil Medical Officer and Inspector-General of Hospitals.

15. Superintendents of scheduled estates can obtain from the Civil Medical Stores any drug on payment in the manner prescribed in paragraphs 12 and 13.

16. Medicines will not be compounded at the Civil Medical Stores, but such may be obtained from the District Hospitals and Dispensaries.

17. All applications for drugs should give full directions how the drugs are to be forwarded.

18. Surgical instruments and appliances, stationery, and equipment will not be supplied by Government.

19. Subject to the approval of the Principal Civil Medical Officer and Inspector-General of Hospitals the appointment of a Dispenser to the charge of an Estate Dispensary, continued employment, leave of absence, and the appointment of a temporary substitute shall rest with the Superintendent, who will also pay his salary and supervise his work.

20. It is to be clearly understood that an Estate Dispensary and its Dispenser form no part of the Civil Medical Department or of Government service, and that no pension rights are attached to the office.

21. The Dispenser shall collect from the Superintendent and forward to the District Medical Officer of the station all reports of births and deaths on the estate under his charge immediately after they occur.

22. The Dispenser shall request the Superintendent of the estate to send for the Medical Officer of the district to see any serious case or cases for which he may require a higher opinion, or in which removal to the hospital might be injurious to the patient, and he shall do so in all cases of prolonged midwifery.

23. The Dispenser shall bring to the notice of the Superintendent the condition of the lines or their surroundings likely to injuriously affect the occupants, and suggest remedies.

24. The Dispenser shall submit monthly a return of the diseases treated at the Estate Dispensary on the form which will be supplied for the purpose.

25. The Dispenser shall keep a register of the patients treated by him, and a book in which he is to record all the prescriptions compounded by him.

26. Rules for the guidance of the Dispenser as to hours of attending the Dispensary and visiting lines on the estate will be drawn up by the Superintendent.

27. The supply of drugs to an Estate Dispensary will cease when an estate or group of estates will no longer maintain a Dispenser.

28. Whenever the District Medical Officer or Assistant is sent for to see a case on any of the estates provided with a Dispensary, either the one or the other must attend in person. In no case is an unqualified assistant or Dispenser to be sent.
