PROCLAMATIONS BY THE GOVERNOR.

IN the Name of His Majesty EDWARD THE SEVENTH, of the United Kingdom of Great Britain and Ireland, King, Defender of the Faith.

PROCLAMATION.

By His Excellency the Right Honourable Sir J. WEST RIDGEWAY, Knight Grand Cross of the Most Distinguished Order of Saint Michael and Saint George, Knight Commander of the Most Honourable Order of the Bath, Knight Commander of the Most Exalted Order of the Star of India, Governor and Commander-in-Chief in and over the Island of Ceylon, with the Dependencies thereof.

WEST RIDGEWAY.

WHEREAS by a Proclamation dated the Eighth day of January, One thousand Nine hundred and One, We, the Governor of the Island of Ceylon, by virtue of the powers in Us vested, did proclaim and declare that from that day forth and until We should make further order in that behalf Martial Law should prevail and be administered to all persons within the Camp situated in the village of Ragama in the Ragam pattu of the Alutkuru korale south, in the Western Province, the limits whereof were defined by the said Proclamation :

And whereas it is expedient to amend the said limits:

Now know Ye that We, the said Governor, by virtue of the powers in Us vested, do hereby amend the limits of the said Camp as defined by the said Proclamation of the Eighth day of January, One thousand Nine hundred and One, by adding to the said limits the section of the Railway line between Veyangoda and Kelaniya stations as being a place in which Martial Law shall prevail and be administered.

Given at Trincomalee, in the said Island, this Nineteenth day of March, in the year of our Lord One thousand Nine hundred and One.

By His Excellency's command,

W. T. TAYLOR,
Acting Colonial Secretary.

GOD SAVE THE KING!

IN the Name of His Majesty EDWARD THE SEVENTH, of the United Kingdom of Great Britain and Ireland, King, Defender of the Faith.

PROCLAMATION.

By His Excellency the Right Honourable Sir J. WEST RIDGEWAY, Knight Grand Cross of the Most Distinguished Order of Saint Michael and Saint George, Knight Commander of the Most Honourable Order of the Bath, Knight Commander of the Most Exalted Order of the Star of India, Governor and Commander-in-Chief in and over the Island of Ceylon, with the Dependencies thereof.

WEST RIDGEWAY.

WHEREAS by a Proclamation dated the Ninth day of August, One thousand and Nine hundred, We, the Governor of the Island of Ceylon, by virtue of the powers vested, did proclaim and declare that from that day forth and until We should further order in that behalf Martial Law should prevail and be administered to all persons within the Camp situated in the village of Diyatalawa, in the Mahapalata korale of the Udukinda division of the Province of Uva, the limits whereof were defined by the said Proclamation:

And whereas by a Proclamation dated the Fifteenth day of November, One thousand and Nine hundred, the limits of the said Camp were amended by substituting therefor the limits set forth in the schedule to the said Proclamation of the Fifteenth day of November, One thousand and Nine hundred:

And whereas by a subsequent Proclamation dated the Twenty-first day of January, One thousand Nine hundred and One, the limits set forth in the schedule to the Proclamation of the Fifteenth of November, One thousand and Nine hundred, were further amended by substituting therefor the limits set forth in the schedule to the said Proclamation of the Twenty-first day of January, One thousand Nine hundred and One:

And whereas it is expedient further to amend the said limits:

Now know Ye that We, the said Governor, by virtue of the powers in Us vested, do hereby further amend the limits of the said Camp as defined in the schedule to the said Proclamation of the Twenty-first day of January, One thousand Nine hundred and One, by adding to the said limits the section of railway line between Diyatalawa and Haputale stations as being a place in which Martial Law shall prevail and be administered.

Given at Trincomalee, in the said Island, this Nineteenth day of March, in the year of our Lord One thousand Nine hundred and One.

By His Excellency's command,

W. T. TAYLOR,
Acting Colonial Secretary.

GOD SAVE THE KING!

APPOINTMENTS, &c., BY THE GOVERNOR.

HIS EXCELLENCY THE GOVERNOR has been pleased to make the following appointments:—

The Hon. Mr. JOHN NORMAN CAMPBELL to be a Second Lieutenant in the Ceylon Mounted Infantry.

Mr. C. A. LA BROOY, Advocate, to act as District Judge and Additional Commissioner of Requests, Kandy, and Visitor of the Prisons in Kandy, for seventeen days with effect from 24th March, 1901, during the absence from the station of Mr. J. H. DE SARAM, or until further orders.

Mr. C. M. FERNANDO, Crown Advocate, to act as Crown Counsel for the Island, with effect from 9th March, 1901, during the employment of Mr. F. R. DIAS on other duties or until further orders.

By His Excellency's command,

W. T. TAYLOR,
Acting Colonial Secretary.

Colonial Secretary's Office,
Colombo, March 22, 1901.

HIS EXCELLENCY THE GOVERNOR has been pleased to recognize Mr. STANLEY BOIS as Acting Vice-Consul at Colombo for Sweden and Norway during the absence of Mr. F. W. BOIS from the Island.

By His Excellency's command,
W. T. TAYLOR,
Acting Colonial Secretary.

Colonial Secretary's Office,
Colombo, March 21, 1901.

HIS EXCELLENCY THE GOVERNOR has been pleased, under section 120 of "The Criminal Procedure Code, 1898," to appoint the

under-mentioned persons to be Inquirers for the Palatas named :—

ILANGASINHA KALUKUMARE RAJAKARUNA HURULLE HENERAT BANDA, Ratemahatmaya, for the Hurulu Palata in the North-Central Province.

JAMES EBENEZER POHATH KEHELPAANALA for Nuwaragam Palata in the North-Central Province.

MATTHEW DODANWELA for the Hurulu Palata in the North-Central Province.

By His Excellency's command,
W. T. TAYLOR,
Acting Colonial Secretary.

Colonial Secretary's Office,
Colombo, March 21, 1901.

APPOINTMENTS, &c., OF REGISTRARS.

HIS EXCELLENCY THE GOVERNOR has been pleased to make the following appointments :—

LANGASINGHE KALU KUMARA RAJAKARUNA HURULLE HENERAT BANDA, Ratemahatmaya, to be Registrar of Marriages (Kandyan and General) of Hurulu Palata division, in the Anuradhapura District of the North-Central Province, with effect from 14th March, 1901, *vice* NIKAWWE LOKU BANDA, Ratemahatmaya, retired. His office to be at Morakewe Walawwa.

Mr. L. W. C. SCHRADER to be Registrar of Kandyan Marriages of Nuwaragampalata division, in the North-Central Province, with effect from 15th March, 1901. His office to be at the Anuradhapura-Kachcheri.

Mr. H. DE COSTA, Head Clerk of the Chilaw Land Registry, to act as Registrar of Lands for the North-Western Province, holding office at Chilaw, for one week and four days from 10th April, 1901, during the absence of the Registrar, Mr. E. F. DIAS, on leave.

By His Excellency's command,
W. T. TAYLOR,
Acting Colonial Secretary.

Colonial Secretary's Office,
Colombo, March 19, 1901.

THE following appointments under section 2 of Ordinance No. 19 of 1900 and section 3 of Ordinance No. 23 of 1900 are hereby notified :—

The Provincial Registrar, Anuradhapura, has appointed JAYASUNDARA KAPURUHAMY to act as Registrar of Births and Deaths of Nuwaragam korale division, in the Anuradhapura District of the North-Central Province, for thirty days from 20th March, 1901, during the absence of the Registrar, M. B. BULANKULAMA, on leave. His office will be at Meegahawatta in Pabalatalawa.

The Assistant Provincial Registrar, Mannar, has appointed Mr. JOSEPH MANUEL to act as Registrar of Births and Deaths of Mannar Island Division No. 2, in the Mannar District of the Northern Province, for fourteen days from 11th March, 1901, during the absence of the Registrar, Mr. J. S. CLEMENT, on leave. His office will be at Udaiyarvalavu in Pesalai.

The Assistant Provincial Registrar, Hambantota, has appointed DIONYSIUS HENDRICK DISANAYAKA to act as Registrar of Births and Deaths of Western Walakada division and as Registrar of Marriages of Magam pattu division, in the Hambantota District of the Southern Province, for two weeks and one day from 15th March, 1901, during the absence of the Registrar, DON JOHN WIRASINHA, on leave. His office will be at Ketangahawatta in Wandruppa.

S. HAUGHTON,
Registrar-General.

Registrar-General's Office,
Colombo, March 21, 1901.

THE following appointment under the provisos of section 7 of the Ordinance No. 1 of 1895 and of section 7 of the Ordinance No. 2 of 1895 is hereby notified :—

The Assistant Provincial Registrar, Kalutara, has appointed DON PEDRICK SAMARAWEEA, Vedarala, to act as Registrar of Births and Deaths of Pelpola division and as Registrar of Marriages of Munwattebage pattu division, in the Kalutara District of the Western Province, for fourteen days from 16th March, 1901, during the absence of the Registrar, MOTOTA-ARACHCHIGE DON SAMUEL, on leave. His office will be at Pelawatta in Panagoda.

S. HAUGHTON,
Registrar-General.

Registrar-General's Office,
Colombo, March 19, 1901.

IT is hereby notified that JOSEPH PERERA GUNAWARDANA, Registrar of Births and Deaths of Kalutara north division and Registrar of Marriages of Kalutara totamune division, in the Kalutara District of the Western Province, will, with effect from 1st April 1901, hold his office at Barayawatta in Desastra Kalutara, outside Local Board limits, instead of at Gajanayakayawatta in Mahawaskaduwa.

S. HAUGHTON,
Registrar-General.

Registrar-General's Office,
Colombo, March 19, 1901.

GOVERNMENT NOTIFICATIONS.

IN continuation of the Notification of November 16, 1899, it is hereby notified that the under-mentioned estates, having provided dispensaries and secured the services of dispensers, are entitled to drugs free of charge in terms of the approved rules :—

Kelani Valley District	...	Penrith, Logan, and Glencorse.
Dimbula District	...	Yoxford, Wattegoda, and Great Western.
Matale West District	...	Yattewatta, Dangan, and Hylton.
Haputale District	...	Catton.
Dikoya District	...	Hardenhuish and Donnybrook.
Polgahawela District	...	Eadella.
Morowak Korale	...	Beverley and Campden Hill.
Passara District	...	El Teb and Kitulkelle.
Uda Pussellawa District...	...	St. Leonards, Liddesdale, and Eskdale.
Dumbara District	...	Ambacotta, Rajawella, Werekettia, and Victoria.
Badulla District	...	Unugalla, Moragalla, and Rosetta.
Upper Hewaheta District	...	Mool-oya.
Nuwara Eliya District	...	Kandapola.
Pussellawa District	...	Helbodde.

By His Excellency the Governor's command,

Colonial Secretary's Office,
Colombo, March 19, 1901.

W. T. TAYLOR,
Acting Colonial Secretary.

WITH reference to the *Gazette* notification dated February 19, 1901, it is hereby notified that the examination under the regulations of 26th August, 1891, for gentlemen in the Civil Service, will be held in the Council Chamber on Monday, April 22, 1901, at 11 o'clock A.M., and following days, instead of on April 15, 1901, namely :—

Monday, April 22	Law
Tuesday, April 23	Law
Wednesday, April 24	Law
Thursday, April 25	Accounts
Friday, April 26	Sinhalese
Saturday, April 27	Tamil

It is also hereby notified that the examination under the Minute of 12th December, 1898, and the *vivá voce* examination in the native languages for officers in the Public Works Department will be held at the same time and place.

Only the Police Magistrates who are not members of the Bar or of the Civil Service and those candidates who have been specially nominated by the Governor will be admitted to the former examination.

The examination in the Criminal Procedure Code prescribed under the Minute of 26th March, 1900, for officers in the Fourth and Fifth Classes of the Civil Service will also be held on the 22nd April, 1901, as well as at the Kandy Kacheheri.

Candidates are required to send in their names not later than 31st March, 1901.

Gentlemen in the Civil Service should state in their applications whether they are presenting themselves for the first or second examination, and whether they intend taking up Sinhalese or Tamil.

By His Excellency the Governor's command,

Colonial Secretary's Office,
Colombo, March 11, 1901.

W. T. TAYLOR,
Acting Colonial Secretary.

IT is hereby notified for general information that 161,647 acres of surveyed lands are available for sale in the under-mentioned Provinces :—

In the Western Province, 18,909 acres, situated in Siyane, Hewagam, Salpiti, and Alutkuru korales of the Colombo District, consisting of forest, chena, and jungle lands.

In the Central Province, 2,841 acres, situated in the Kandy, Matale, and Nuwara Eliya Districts, composed chiefly of jungle, chena, and patana lands.

In the Southern Province, 28,278 acres, situated in the Hambantota District, consisting of paddy fields, chena, jungle, and garden land.

In the Eastern Province, 38,260 acres, situated in the Batticaloa and Trincomalee Districts, consisting of garden lands, paddy lands, and jungle.

In the North-Central Province, 10,270 acres, distributed throughout the Province.

In the Province of Uva, 13,936 acres, situated in the Yatikinda division, consisting of patana, chena, and paddy fields.

In the Province of Sabaragamuwa, 49,153 acres, situated in the Ratnapura and Kegalla Districts, consisting of forest and chena lands.

By His Excellency the Lieut.-Governor's command,

Colonial Secretary's Office,
Colombo, August 5, 1899.

W. T. TAYLOR,
Acting Colonial Secretary.

IN terms of section 3 of the Minute of 28th November, 1895, it is hereby notified that the under-mentioned officer, seconded for service, will be allowed to count the period of his temporary employment for pension purposes:—

Name.	Pensionable Appointment.	Seconded for Service as
L. M. KRELTSZHEIM ...	Additional Translator, Fiscal's Office, Kurunegala	Railway Extension Clerk, Kurunegala Kachcheri

By His Excellency the Governor's command,

Colonial Secretary's Office,
Colombo, March 21, 1901.

W. T. TAYLOR,
Acting Colonial Secretary.

THE following Grants of Exclusive Privileges have been made under "The Inventions Ordinance, 1892," up to December 31, 1900:—

626.—George Whitwall Chalmers, of 55, Gamon street, Footscray, in the Colony of Victoria, Australia, for improvements in or connected with incandescent gas burners wherein fragile mantles are used.—July 2, 1899.

589.—William Jackson, of Thorngrove, Mannofield, Aberdeen, N.B., Engineer, for improvements in machines or apparatus for packing tea or other analogous products into chests or boxes.—July 20, 1899.

592.—William Burt Flockhart, Engineer, of Tezpur, Assam, British India, for improvements in tea-rolling machine tables.—July 20, 1899.

627.—William Reed Green, of No. 1,325, Gilpin street, in the City of Denver, Colorado, U.S.A., for improvements in the method of and apparatus for the conversion of energy of fuel and an expansion medium into power.—July 20, 1899.

633.—James Henry Apjohn, Civil Engineer, of Calcutta, British India, for improvements in apparatus for bulking, blending, or mixing and redistributing, for packing tea or the like.—July 20, 1899.

614.—The Petolite Fuel Syndicate, Limited, of 57, Moorgate street, in the City of London, England, for an improved mode of admixing and preparing petroleum and other matter in compound form, with a view to its final use as a cumbustible.—July 27, 1899.

636.—George Herbert MacCarthy Hyde, and Thomas Richard Morman, Engineers, Colombo, for improvements in the mode of construction of the appliance or runner for carrying loads on wire shoot ropes, commonly called wire shoot runners.—August 8, 1899.

631.—George Herbert MacCarthy Hyde and Thomas Richard Morman, Engineers, Colombo, for improvements in the mode of construction of the appliance or runner for carrying loads on wire shoot ropes, commonly called wire shoot runners.—August 8, 1899.

623.—Samuel Cleland Davidson, of Sirocco Engineering Works, Belfast, Ireland, Merchant, for improvements in centrifugal fans and pumps.—August 9, 1899.

629.—Professor Walther Nernst, Ph.D., of 50, Burgerstrasse, Gottingen, in the Empire of Germany, for improvements in electric incandescent lamps.—August 9, 1899.

638.—Samuel Cleland Davidson, of Sirocco Engineering Works, Belfast, Ireland, for improvements in apparatus for the manufacture of compressed pellets, tabloids, or blocks of dried vegetable or other substances.—August 9, 1899.

628.—Professor Walther Nernst, Ph.D., of 50, Burgerstrasse, Gottingen, in the Empire of Germany, for improvements in electric incandescent lamps and apparatus or appliances in connection therewith.—August 11, 1899.

632.—John Charles William Stanley, Engineer, and the Fish Oil and Guano Company, Limited, Manufacturers, both of 16, St. Helen's Place, in the City of London, for improvements in or relating to the extraction of oil from material containing it.—August 11, 1899.

635.—Professor Walther Nernst, Ph.D., of 50, Burgerstrasse, Gottingen, in the Empire of Germany, for electrical glow light.—August 11, 1899.

637.—Samuel Cleland Davidson, of Sirocco Engineering Works, Belfast, Ireland, for improvements in the manufacture of black tea from the green tea leaf and a new compound for use in such manufacture.—August 15, 1899.

611.—The Fibrous Materials Syndicate, Limited, of London, England, for improvements in treating waste, cocconut husk dust, fibre, or refuse.—August 19, 1899.

616.—The Monotype Machine (Colonial Patents) Syndicate, Limited, of 10, St. Helen's Place, London, England, for improvements in typesetting and composing machines.—September 16, 1899.

615.—The Petolite Fuel Syndicate, Limited, of 57, Moorgate street, in the City of London, England, for improvements in the manufacture of briquettes or blocks of fuel from waste products or otherwise enriched by petroleum compounds.—October 9, 1899.

640.—Samuel Cleland Davidson, of Sirocco Engineering Works, Belfast, Ireland, for improvements in means of supporting the bearings of spindles or shafts in wall brackets or frames.—October 9, 1899.

- 641.—Samuel Cleland Davidson, of Sirocco Engineering Works, Belfast, Ireland, for improvements in centrifugal fans and pumps.—October 9, 1899.
- 625.—James Westland, of Gammadua Group, Gammadua, and Robert Barclay Stewart, Engineer, of Nawalapitiya, for cutting or equalizing tea without greying it and with the minimum of dust.—October 23, 1899.
- 634.—Edward Candish Millard, Tea-taster, of 27, Martin's Lane, Cannon street, London, England, for improvements in or relating to tea kettles.—October 25, 1899.
- 643.—Archibald Anderson Dickson, Manufacturer, of Spadina road, in the city of Toronto, in the County of York and Province of Ontario, Canada, for improved process and apparatus for forming cold peat into blocks for fuel.—October 25, 1899.
- 645.—The Wireless Telegraph and Signal Company, Limited, of 28, Mark Lane, in the City of London, Electricians, for improvements in apparatus employed in wireless telegraphy.—October 25, 1899.
- 605.—Peter Smith Swan, of 12, Clive Row, Calcutta, for improvements in hoes.—October 30, 1899.
- 646.—The Nield "Sleeve" Electric Joint Syndicate, Limited, of Bloomfield House, London Wall, in the City of London, England, Manufacturers, for improved joint for telegraph and other wires conveying electricity.—November 1, 1899.
- 642.—William Jackson, of Thorngrove, Mannofield, Aberdeen, N.B., for improvements in apparatus for sifting, sorting, and classifying tea or other products or materials.—December 8, 1899.
- 650.—William Jackson, of Thorngrove, Mannofield, Aberdeen, N.B., for improvements in apparatus for classifying and for removing dust and light material from tea or other produce.—December 8, 1899.
- 251.—Norman Stewart Brown, of Relugas, Madulkele, and John Hall Brown, of Rangalla, Ceylon. Invention for drying tea leaves and other products extended for 14 years.—January 9, 1900.
- 657.—Charles Howard Windle, Deputy Traffic Manager of the Calcutta Port Trust in the town of Calcutta, for invention for the attachment of corrugated iron sheets to roof purlins.—May 11, 1900.
- 659.—David Gilmour, of Dundas street in the town of Trenton in the County of Hastings, in the Province of Ontario, Canada, Lumber Manufacturer, for improvements in the manufacture of lumber.—May 11, 1900.
- 652.—David Miln Salmond, Tea Planter, of Mariawatta estate, Gampola, for an invention for improving the rolling and twisting of tea leaf called the "Crescent" Batten, also for the arrangement of the same to suit the table of any roller now in use.—May 11, 1900.
- 660.—David Gilmour, of Dundas street in the town of Trenton in the County of Hastings, in the Province of Ontario, Canada, Lumber Manufacturer, for improvements in the method of manufacturing lumber.—May 11, 1900.
- 658.—Phillips Abbott, of 206, Broadway, City, County, and State of New York, U.S.A., for improvements in machines for defibrating ramie (china grass), jute, and similar fibrous plants, both green and dry.—May 19, 1900.
- 644.—Montague Kelway Bamber, of Hatton, Ceylon, John Roger, of 6, Connigsby road, Finsbury Park, London; James Gildart Riadon, of Kottagallakele, Hatton, Ceylon; George Hardie, of Tellissagalla, Kotmale, Ceylon, and Alexander Mansfield Forbes, of Coreen, Talawakele, Ceylon, for improvements in tea products (producing pure soluble extract of tea.—May 25, 1900.
- 630.—James Bett, of Beechwood, Strathtay, Perthshire, Scotland, Planter, for invention for drying tea and other products.—May 25, 1900.
- 663.—Carl Emil Schnee, Doctor of Medicine, of Karlsbad, in the Empire of Austria, for improvements in bath apparatus for treatment with electricity and medicinal substances.—June 19, 1900.
- 661.—George Archibald Lowry, Mechanical Engineer, of 1,124, Monadnoch Block, 260, Dearborn street, Chicago, County of Cook, State of Illinois, U.S.A., for apparatus for making grass twine.—June 28, 1900.
- 666.—Henry Alonzo Buck, of 11, Montague street, Russell square, London, England, Engineer, for an improved rotary engine.—August 13, 1900.
- 665.—Henry Alonzo Buck, of 11 Montague street, Russell square, London, England, Engineer, for a new method of and means for generating steam in steam engines.—August 13, 1900.
- 622.—Alister MacNab, of 23, Great Winchester street, London, England, Merchant, for improvements in apparatus for pulverizing and purifying salt and other substances.—August 22, 1900.
- 662.—George Archibald Lowry, Mechanical Engineer, of 1,124, Monadnoch Block, 260, Dearborn street, Chicago, County of Cook, State of Illinois, U.S.A., for bale of fibrous or other material and apparatus for forming the same.—September 17, 1900.
- 667.—James Henry Apjohn, Civil Engineer, of Calcutta, British India, for an improved method of packing tea and the like and apparatus therefor.—September 17, 1900.
- 669.—Manetho Cortes Jackson, Manufacturer, John McDonough, Miner, and Arthur John Clark, Miner, all of Denver, County of Arapahoe, State of Colorado, U.S.A., for improvements in rock drilling machines.—September 17, 1900.

671.—William Wijeyesekere, of Craigie Lea, Kotagala, Medical Practitioner, for invention for improving the handles of pruning knives.—September 17, 1900.

675.—Elias Bernard Koopman, of 18 and 19, Great Windmill street, Piccadilly Circus, London W., Manager of the International Mutoscope Syndicate, for improvement in apparatus for exhibiting a succession of pictures giving them an appearance of motion and coin-freed mechanism therefor.—September 17, 1900.

674.—The Johnston Die Press Company, Limited, of 22, Bride Lane, in the City of London, England, Manufacturers, for improvements in printing, embossing, or printing and embossing, presses.—September 17, 1900.

680.—William Lawrence Voelker, of 42, Bernard street, Russell square, London, England, for improvements in the manufacture of incandescing electric lamps.—October 20, 1900.

677.—The Mutoscope and Biograph Syndicate, Limited, and Joseph Mason, all of 18 and 19, Great Windmill street, Shaftesbury avenue, London W., Manufacturers, for improvements in methods of and apparatus for exhibiting a series of pictures giving the appearance of motion.—October 27, 1900.

673.—John Roger, of 6, Connigsby road, Finsbury Park, London, late a Coffee and Tea Planter in Ceylon, for an improved method of drying or roasting tea, coffee, cacao, or other like products.—November 1, 1900.

683.—George Jones Atkins, of the Laboratory, Ruskin road, Tottenham, in the County of Middlesex, England, Metallurgical Chemist, for improvements in or connected with the manufacture of gases and other products.—November 30, 1900.

686.—William Lawrence Voelker, of 42, Bernard street, Russell square, London, England, Electrician, for improvements in the manufacture of filaments for incandescing electric lamps.—November 30, 1900.

655.—Charles Clifford Bruckner, Manufacturer, of 72, Morningside avenue, City, County, and State of New York, U.S.A., for improvements in Hydro-carbon vapour burners.—December 7, 1900.

664.—Valdemar Poulsen, of 17, Alhambravy, Copenhagen, Denmark, Engineer, for a method and apparatus for effecting the storing up of speech or signals by magnetically influencing magnetisable bodies.—December 7, 1900.

687.—Odilon Baltzar Hannibal Hanneborg, of Uranienborgvenien, 2, Christiania, Norway, Estate owner, for an apparatus for the collection and conveying of light or heat from the sun or other sources to the cellar, basement, or other dark rooms in buildings, mines, ships, and the like.—December 21, 1900.

By His Excellency the Governor's command,

Colonial Secretary's Office,
Colombo, March 20, 1901.

W. T. TAYLOR,
Acting Colonial Secretary.

THE following general regulations of the Ceylon Technical College, approved by His Excellency the Governor, are published for general information.

By His Excellency's command,

Colonial Secretary's Office,
Colombo, March 22, 1901.

W. T. TAYLOR,
Acting Colonial Secretary.

DEPARTMENTS OF {
CIVIL ENGINEERING.
TELEGRAPHY AND ELECTRICAL ENGINEERING.
SURVEYING AND LEVELLING.
MECHANICAL ENGINEERING.

1. *Age and Conditions of Admission.*—Candidates for admission to any of the departments of the College must fill in and present to the Superintendent of the College the "Form of Application," giving in their own handwriting the particulars required therein, and the signatures of two persons who have personal knowledge of them and who are prepared to answer inquiries as to their character. They must be not less than 16 years of age on the first day of the year they propose to enter. They must present a certificate from the Principal of the School or College they attended last, and such other certificates of educational attainments from public examining bodies as they may possess. They must pass a medical examination for physical fitness and an entrance examination for sufficient general knowledge. Candidates who hold certificates of having passed the Senior Cambridge or London University Examinations will be exempted from the entrance examinations in all subjects except the prescribed vernacular subjects, if their certificates show that they have passed in mathematics. The applications of those who show that they possess the necessary qualifications will be submitted to His Excellency the Governor, who will nominate a sufficient number to be admitted as students of the College in the department they select.

2. *Fees and Deposits, &c.*—The fees will be paid in all cases for one year in advance, and a deposit in addition to cover the cost of instruments and books will be made on admission. Fees for the year and the deposit on admission must be paid before the student joins any of the classes.

3. *Instruments and Books, &c.*—Certain instruments, tools, books, &c., which the students are required to possess (see the schedule attached to syllabus of each department) will be supplied to them at economical rates and the cost debited to deposit, but they may purchase elsewhere so long as the articles are of approved

kind. The balance of the deposit, after providing what is necessary, and after deducting the cost of damage to College property through culpable negligence or malice, will be refunded at the end of the course. Students are not to borrow from or lend to one another in class any of the instruments, tools, books, &c., which are enumerated and prescribed for their own possession.

4. *Hours of Study.*—The registers will be marked at the commencement of every class, and at other times if necessary, and every student must be in his place then. The hours of study are from 10.30 A.M. to 12.30 P.M., and from 1 P.M. to 4 P.M. every week-day, except Saturday. There will be surveying classes for engineering students on Saturday mornings during certain terms of the course.

5. *Note Books.*—Every student is required to prepare in books of the prescribed kind the laboratory and lecture notes and home exercises with regularity, fulness, neatness, and accuracy. Special attention is to be paid to the note book work. All note books are to be brought to the College daily, and be ready for reference or examination at any time during working hours.

6. *Care of Students' Property.*—Instruments, books, and other personal property when not in immediate use may be given in care of the College Sergeant at his office during working hours. But no responsibility will be taken for safe custody of such property after working hours; articles left over night will lie at risk of the owner. Students are recommended to provide themselves with locked handbags marked with their names. Every student should also provide himself with towel and soap.

7. *Drill.*—Every student must attend drill at the prescribed times. Those students who elect to join the College detachment of the Ceylon Volunteers and make themselves efficient each year will not be required to attend the other drills in order to qualify for the diploma.

8. *Vacation.*—The usual vacations will be observed at Easter, in August, and at Christmas. Students whose course includes surveying and levelling will attend for a fortnight at camp in one of the August vacations.

9. *Examinations.*—Examinations will be held three times a year, and the place of the student in order of merit determined accordingly. But due account will be taken besides, in determining the order of merit, of the thoroughness of the home work as shown by the note books, regularity of attendance, and general conduct.

10. *Diplomas.*—Diplomas will be granted to those students in each department of the College who take the full course and who satisfy the Examiners at the term and final examinations.

11. *Irregularities.*—Reports of absence or irregularity of any kind will be made to parents or guardians.

A student who misconducts himself may be expelled at the option of the Director of Public Instruction.

No claim shall lie for any refund of fees paid on behalf of a student who has been sentenced to expulsion.

DEPARTMENT OF CIVIL ENGINEERING.

TWO-YEAR COURSE.

SYLLABUS.

First Year.

Drawing (six hours per week).—Use of instruments, scales, &c.; practical geometry and graphic arithmetic; elevations, section and plan; projection; drawing of parts of machines and structures, rivetted and bolted joints.

Workshop Practice (six hours per week).—Woodwork: names and uses of tools; examples of joints, tenon and mortice, dovetails, framing and panelling. Metalwork: names and uses of tools; chipping, filing, scraping, fitting; drilling and tapping; screwing; rivetting.

Mathematics (five hours per week).—Use of logarithms; general equations; proportionals; series; trigonometry.

Laboratory Work (four hours per week).—Experimental mechanics; friction; equilibrium of forces; efficiency of machines; elasticity and strength of materials.

Lectures (two hours per week).—Mechanical principles; forces; work; efficiency; transmission by lever, screw, and wheels; velocities and accelerations; momentum; energy; stress and strain and laws of elasticity; strength of materials used in construction; applications to simple structures.

Classes (two hours per week).—Exercises on laboratory work and lectures.

Second Year.

Drawing (six hours per week).—Graphic statics; roofs and girders; retaining walls; arches; machines.

Workshop Practice (four hours per week).—Woodwork: turning; properties of timber. Building: construction in brickwork. Metalwork: turning; planing; screw-cutting; fitting and setting out.

Mathematics (five hours per week).—Analytical geometry; differential and integral calculus.

Laboratory Work (four hours per week).—Experimental mechanics; strength of materials; flow of liquids; equilibrium of arches; suspension bridges.

Lectures (three hours per week).—Compound stress and strain; bending and shear in beams and struts and shafts; springs; arches; hydraulics; flow in channels and pipes; waterwheels; turbines.

Classes (three hours per week).—Exercise classes on laboratory work and lectures; classes in taking out quantities for constructional purposes and framing estimates.

Surveying and Levelling (five hours per week).—Chain surveying; adjustment of instruments; office work; field work. (A fortnight for field work in camp will be arranged during the August vacation.)

FEEs.

The fees will be Rs. 100 per annum paid in advance, and in addition a deposit of Rs. 50 will be made on admission.

Schedule of Instruments, Tools, and Books which each Student is required to possess.

One 12-in. engineer's oval scale.
 One surveyor's scale and off-set (2 chains = 1 in., 4 chains = 1 in.).
 One 12-in. protractor.
 One pair of 6-in. compasses with pen and lead point.
 One pair of 3½-in. pencil bows without knee joints.
 One pair of spring pen bows.
 One pair of set squares, 60° and 45°.
 One drawing pen.
 One 2-ft. rule.
 One pencil case and set of leads.
 One set of drawing pins.
 One 6-in. flat smooth file.
 One each : Indian ink, crimson lake, Prussian blue, burnt sienna, neutral tint.
 Indiarubber and ink eraser.
 One nest of saucers; 1 best camel hair brush.
 One Perry's "Practical Mechanics."
 One book of logarithms and trigonometrical tables (Bottomley's).
 Note books, drawing paper, squared paper, writing pencils, as may be required.

DEPARTMENT OF TELEGRAPHY.

TWO-YEAR COURSE.

SYLLABUS.

First Year.

Mathematics (five hours per week).—Use of logarithms; quadratic and general equations; trigonometry.

Laboratory Work (six hours per week).—Experiments on the relations between E. M. F., current, and resistance; electrical resistance of different materials; divided circuits; induced currents; magnetism; electro magnets; galvanometers; generators; cells; batteries in series and in parallel; preparation and maintenance.

Lectures (three hours per week).—Magnetism; natural phenomena; earth's magnetism; electro magnets; magnetic field; lines of force; resistance; electric currents; potential difference; resistance; conductors; insulators; generators.

Drawing (six hours per week).—Graphic arithmetic; diagrams of co-ordinates; curve plotting.

Classes (five hours per week).—Exercise classes on laboratory work and lectures.

Second Year.

Mathematics (five hours per week).—Trigonometry; general equations.

Laboratory Work (eight hours per week).—Telegraph and telephone instruments; detection of leakage and faults; line construction and maintenance.

Lectures (three hours per week).—Measuring instruments; leakage; resistance signalling instruments; sounders; recorders; line construction and maintenance.

Drawing (five hours per week).—Parts of instruments; circuit arrangements; telephone switch boards.

Classes (four hours per week).—Exercise classes on laboratory work and lectures.

Note.—Students who intend to qualify for Railway appointments will take Shorthand and Typewriting and Mental Arithmetic in the second year in place of Mathematics and Drawing.

FEEES.

The fees are Rs. 50 per annum paid in advance, with a deposit of Rs. 50 the first year.

Schedule of Instruments, Books, &c., which each Student is required to possess.

One pair of 3½ in. pencil bow without knee joints.
 One pair of set squares, 45° and 60°.
 One pencil case and set of leads.
 One 12-in. engineer's scale.
 One 2-ft. rule.
 One book of logarithms and trigonometrical tables,
 Shorthand books, note books, squared paper, drawing paper, &c., as required.

DEPARTMENT OF SURVEYING AND LEVELLING.

ONE-YEAR COURSE.

SYLLABUS.

Mathematics (five hours per week).—Algebra and trigonometry; areas.

Drawing (fifteen hours per week).—Setting out; plotting; tracing; office work.

Field Work (nine hours per week).—Chain surveying; theodolite surveying; levelling.

Classes (two hours per week).—Adjustments of instruments
 (A fortnight in camp for field work to be arranged in the Autumn vacation.)

FEEES.

The fees are Rs. 100, and a deposit of Rs. 50 paid in advance.

SURVEYOR-GENERAL'S LICENSE.

Students who pass the prescribed course and succeed in gaining the diploma are exempted from further examination for obtaining the Surveyor-General's license.

Schedule of Instruments, Tools, and Books which each Student is required to possess.

Two 12-in. scales and off-sets (2 chains = 1 in., 1 chain = 1 in., and 4 chains = 1 in., 16 chains = 1 in.).
 Cardboard.
 One 12-in. protractor.
 One 6-in. parallel ruler (ivory).
 One 18-in. rolling ruler (brass bound).
 One co-ordinate set square (Surveyor-General's pattern).
 One drawing pen.
 One pencil case and set of leads.
 One spring bow compass.
 One set drawing pens.
 One 6-in. flat smooth file.
 One each : Indian ink, crimson lake, Prussian blue, burnt sienna, neutral tint, Hooker's green.
 One nest of saucers, 1 best camel hair brush.
 One book of logarithms and trigonometrical tables.
 Note books, drawing paper, squared paper, writing pencils, and pens, as may be required.

DEPARTMENT OF MECHANICAL ENGINEERING.

TWO-YEAR COURSE.

SYLLABUS.

First Year.

Drawing (six hours per week).—Use of instruments, scales, &c.; practical geometry and graphic arithmetic; projection; drawing of parts of machines.

Workshop Practice (six hours per week).—Woodwork: names and uses of tools; examples of joints; ténon and mortice joints, dovetails, framing and panelling, &c. Metalwork: names and uses of tools; chipping, filing, scraping; fitting, drilling, and tapping; screwing.

Mathematics (five hours per week).—Algebra; areas and cubic contents; quantities; logarithms.

Laboratory Work (four hours per week).—Practical mechanics; equilibrium of forces; efficiency of machines; elasticity and strength of materials.

Lectures (two hours per week).—Mechanical principles; work; efficiency transmission by lever, screw, and wheel; forces in equilibrium; velocity and acceleration; stress and strain; properties of materials; proportions of simple structures.

Classes (two hours per week).—Exercise classes on laboratory work and lectures.

Second Year.

Drawing (eight hours per week).—Graphic statics; roofs and girders; machine design.

Workshop Practice (eight hours per week).—Woodwork: turning; pattern-making. Metalwork: turning; planing; screw-cutting; fitting and setting out.

Mathematics (five hours per week).—Equations; elementary trigonometry.

Lectures (two hours per week).—Beams; struts; shafts; springs; belts; spur gear; steam engines; gas engines; oil engines.

Classes (two hours per week).—Exercise classes on lectures.

FEES.

The fees are Rs. 50 per annum, with a deposit of Rs. 25 the first year, paid in advance.

Schedule of Instruments, Tools, and Books which each Student is required to possess.

One 12-in. engineer's oval scale.
 One pair 6-in. compasses with pen and lead point.
 One pair of 3½-in. pencil bows without knee joints.
 One spring pen bow.
 One set squares, 45° and 60°.
 One drawing pen.
 One 2-ft. rule.
 One pencil case and set of leads.
 One set of drawing pens.
 One 6-in. flat smooth file.
 One each : Indian ink, crimson lake, Prussian blue, burnt sienna, neutral tint, Indiarubber and ink eraser.
 One nest of saucers, 1 best camel hair brush.
 One Perry's "Practical Mechanics."
 One book of logarithms and trigonometrical tables (Bottomley's).
 Note books, drawing paper, squared paper, writing pencils, as may be required.

**Regulations for the Admission of Ceylonese to
certain Appointments.**

(1.)—THE PUBLIC WORKS DEPARTMENT.

1. All appointments will be made in the first instance to the Head Overseer Grade, without exception.

2. Candidates will be selected in the first instance by a competitive examination (viz., the entrance examination of the Ceylon Technical College, unless they hold certificates which exempt them), and having been pronounced physically fit and having gained the nomination of His Excellency the Governor will become students at the Technical College in a special course of training in Civil Engineering, and will become subject to the regulations of that Institution for not less than two years. They must gain the diploma of the College duly attested by the officer appointed to represent the Public Works Department at the final examination of the course. They will be required to serve a further two years in the Government Factory or Railway Works, or other approved engineering works in Ceylon, and after completing that term of service satisfactorily selection will be made from among them for posts as vacancies may occur in the Head Overseer Grade.

* Students of the Technical College who have gained the diploma of the College will, during their service of two years in the Government Factory or Railway Works or other approved engineering works in Ceylon, be paid during the first year of such service at the rate of 75 cents per diem, and during the second year at the rate of Re. 1.25 per diem, provided they pursue their studies with due diligence and their conduct is satisfactory.

3. Candidates must not be less than 16 years nor more than 18 years of age on the first day of the year in which the entrance examination for admission to the College is held, and must satisfy the Examiners that they are duly qualified in respect of health and character. They must be of sound constitution, possessed of good sight, and be otherwise physically qualified for service, and they will be called on to undergo a medical examination to test these points.

4. No Candidate will be admitted to the competition who has not previously satisfied the Examiners in a preliminary examination in handwriting, orthography, and arithmetic (including vulgar and decimal fractions), and in colloquial Tamil or Sinhalese. The subjects of the entrance examination are :—

- (a) English Composition ; English History ; Geography.
(b) Mathematics : Algebra (up to and including quadratic equations)
Geometry (the first two books of Euclid).

Candidates who hold certificates of having passed the Senior Cambridge or London University Examinations will be exempted from this examination in all subjects except colloquial Tamil and Sinhalese, if their certificates show that they have passed in mathematics.

6. To enter the higher grades of Inspector or Third Grade District Engineer a qualifying examination must be passed, which will be known as the "Junior Examination," in the following subjects :—

- Arithmetic.*—Up to decimal fractions.
Algebra.—To quadratics inclusive.
Geometry.—Four books of Euclid and deductions.
Mensuration.—Taking out quantities and estimating.
Surveying and Levelling.—Chain surveying only.
Drawing.—Plan drawing and tracing.

The examination in the last three subjects will be held at the Provincial Headquarters of the Province in which the candidate may happen to be stationed.

7. To rise from the third grade into the second and qualify for the first grade, a final examination must be passed, which will be known as the "Senior Examination," in the following subjects :—

1. Trigonometry : practical trigonometry (heights and distances).
2. Civil engineering.
3. Mensuration : taking out quantities ; estimating analyses of work.
4. Surveying and levelling.
5. Drawing.
6. Departmental rules and accounts.

The examination in the last four subjects will take place in the Provincial Headquarters of the Province in which the candidate may happen to be stationed.

8. The classification of the Public Works Department in the District Engineer and lower grades is as follows :—

First Grade.

Three appointments at Rs. 6,000 per annum.
Eight do. at Rs. 5,000 do.
Ten do. at Rs. 4,000 do.

Second Grade.

Fourteen appointments at Rs. 3,000 per annum.

Third Grade.

Three appointments at Rs. 2,500 per annum.
Three do. at Rs. 2,000 do.

Fourth Grade.

Seven Inspectors at Rs. 1,500 per annum.

* Addition made by Minute of June 18, 1900.

Fifth Grade.

Ten Head Overseers at Rs. 1,000 per annum.

Vacancies which may occur in the Head Overseer Grade before the year 1901 will be filled by selection and nomination of His Excellency the Governor from among certificated engineering students of the Technical College who passed the entrance examination before the year 1897, and who have also served an apprenticeship of not less than two years in approved works, and who are not more than 25 years of age when such a vacancy occurs.

(*Vide* also Notification of November 15, 1899, p. 12.)

(2.)—THE SURVEYOR-GENERAL'S DEPARTMENT.

Appointments to the third grade of Surveyors in the Surveyor-General's Department, who are paid at the rate of Rs. 1,200 per annum, will be made by selection as vacancies occur from holders of the diploma in Civil Engineering of the Technical College gained in the College course immediately preceding the year such vacancies occur; but of the actual vacancies in that grade such holders are to be eligible only for every alternate one in rotation with those candidates in the Department at the time who can qualify by examination and seniority of service for promotion to that grade; that is to say, of two vacancies in the third grade, one is to be filled by selection from among outside candidates from the Technical College, and the other from among candidates in the ranks of the Department who can qualify for such promotion, and so on alternately with every vacancy which may occur in that grade.

Appointments directly to the third grade from among the eligible candidates from the Technical College will be made without further examination, and they will be eligible for promotion from grade to grade, according to merit, along with the other officers of the Department of the same grades; but to qualify for promotion out of the first grade Surveyors, who are paid at the rate of Rs. 3,200 per annum, into the senior grades, they as well as all other officers of the same standing must pass the departmental qualifying examination instituted for that purpose.

Candidates from the Technical College for appointment to such vacancies are eligible for selection if they gain the diploma in Civil Engineering in the College course immediately before such vacancies occur, and if their diploma bear the signature of the officer appointed to represent the Surveyor-General at the examinations affecting the award of them.

Candidates for these appointments must be not more than 18 years of age on the first day of the year they enter the College. They must pass a medical examination for physical fitness and an entrance examination in the following subjects:—handwriting, orthography, composition, arithmetic, geometry (first book of Euclid), plane trigonometry (heights and distances), geography.

Candidates who hold certificates of having passed the Senior Cambridge or London University Examinations will be exempted, if their certificates show that they have passed in mathematics.

Their course of training at the Technical College will extend over two years, and they will be subject to the regulations of that Institution for that period.

All officers of the Department who have passed the departmental qualifying examination are eligible for appointments in the senior grades up to the rank of Superintendent of Surveys on Rs. 6,500 per annum, but vacancies in the senior grades will be filled up alternately from the Department and from Cooper's Hill College.

(3.)—THE TELEGRAPH AND TELEPHONE DEPARTMENTS OF THE POSTMASTER-GENERAL.

All Ceylonese candidates for admission to the Telegraph and Telephone Departments of the Postmaster-General are required to present the diploma of the Ceylon Technical College gained in the department of Telegraphy of that College and bearing the signature of the officer appointed to represent the Postmaster-General at the final examination of that course, or other diploma or certificate showing at least equal proficiency in the holder.

Appointments will be made as vacancies may occur by selection from among candidates possessing such diplomas or certificates, and who have gained the nomination of His Excellency the Governor.

The commencing salary will be Rs. 360, but this will be followed by promotion to a class of Rs. 500 rising by annual increments to Rs. 900, with allowances, in less than ten years. There will be 23 more fixed appointments of this kind than there were before, making in all 97 posts to be recruited in this way. Then, by promotion to the next class a salary of Rs. 1,100 is attained, with annual increments thereafter until Rs. 1,500 is reached. The highest posts to which present candidates will be eligible as the result of merit and efficiency carry with them salaries rising to Rs. 2,400, and there will be 8 such posts. Two special appointments carry salaries of Rs. 2,500 to Rs. 3,000.

Candidates must be not more than 19 years of age on the first day of the year they enter the Technical College. They must pass a medical examination for physical fitness and an entrance examination in the following subjects:—

- (a) Handwriting; orthography; composition; geography; arithmetic; algebra (up to and including simple equations); geometry (the first book of Euclid).
- (b) Elementary trigonometry; inorganic chemistry; electricity and magnetism.

The subjects (b) are not compulsory, but evidence of some elementary knowledge of these will count advantageously for gaining admission.

Candidates who hold certificates of having passed the Senior Cambridge or London University Examinations will be exempted, if their certificates show that they have passed in mathematics.

The course of training at the Technical College will extend over two years, and candidates will be subject to the regulations of that institution during that period.

Appointments will be made to vacancies every year, and the probable least number of vacancies to be filled by selection from among students of any course will be notified before the entrance examination for that course is held.

(4.)—TO CERTAIN DEPARTMENTS OF THE RAILWAY.

All Ceylonese candidates for admission to the following departments of the Ceylon Government Railway as vacancies may occur must present diplomas showing that they have passed a specific course of training at the Ceylon Technical College and gained in the course immediately preceding the time when such vacancies occur. Such diplomas gained in the department of the College which provides the appropriate training and duly attested by the officer appointed to represent the Railway Department at the final examination of the course renders the holder eligible for selection to such appointments without further examination.

The departments of the Railway are :—

- (1) Station Clerks and Telegraph Operators.
- (2) Draughtsmen Clerks.
- (3) Overseers of Ways and Works.
- (4) Apprentices in the Locomotive Department.

And to qualify for selection to such appointments the candidates must have passed the course and gained the diploma in the following departments of the College respectively :—

- (1) The department of Telegraphy, with Shorthand and Typewriting.
- (2) and (3) The department of Civil Engineering.
- (4) The department of Mechanical Engineering.

All appointments will be made in the first instance to the lowest grade. Promotion to the higher grades will be subject to merit and seniority of service in the Department.

Station Clerks and Telegraph Operators.

Candidates for appointment as Station Clerks and Telegraph Operators must be not more than 19 years of age on the first day of the year they enter the Technical College. They must pass the medical examination for physical fitness and eyesight, and must be not less than 5 ft. 4 in. in height and 31 in. girth round the chest. They must pass an entrance examination in the following subjects :—

- (a) Handwriting; orthography; composition; geography; arithmetic; algebra (up to and including simple equations); geometry (the first book of Euclid).
- (b) Elementary trigonometry; inorganic chemistry; electricity and magnetism.

The subjects (b) are not compulsory, but evidence of some elementary knowledge of these will count advantageously for gaining admission.

Candidates who hold certificates of having passed the Senior Cambridge or London University Examinations will be exempted, if their certificates show that they have passed in mathematics.

The training at the Technical College shall extend over two years, and the candidates will be subject to the regulations of that institution during that period.

The commencing salary will be Rs. 360, but there will be fixed *annual* increments which will increase the salary to Rs. 720 in less than six years. There will be 155 fixed appointments of this kind in the Department to be recruited in this way. Then, by promotion a salary of Rs. 800 is attained, with annual increments thereafter until Rs. 1,100 is reached, and further promotion to a class of Rs. 1,100 by annual increments to Rs. 1,600. The highest posts to which present candidates may aspire to attain by efficiency and merit carry with them salaries rising to Rs. 2,500; there will probably be 12 such posts with salaries of Rs. 1,700 to Rs. 2,200, and 5 with salaries of Rs. 2,000 to Rs. 2,500. One special appointment carries a salary of Rs. 3,000 to Rs. 3,500.

Draughtsmen.

Candidates for appointment as draughtsmen must be not more than 21 years of age on the first day of the year they enter the Technical College. They must pass the medical examination for physical fitness and eyesight. They must pass an entrance examination in the following subjects :—

- (a) English composition; English history (period 1509 to 1727); geography.
- (b) Mathematics; algebra (up to and including quadratic equations); geometry (the first two books of Euclid).

No candidate will be admitted to the examination who has not previously satisfied the Examiners in handwriting, orthography, arithmetic (including vulgar and decimal fractions), and in colloquial Tamil or Sinhalese.

Candidates who hold certificates of having passed the Senior Cambridge or London University Examinations will be exempted from this examination in all subjects except colloquial Tamil or Sinhalese, if their certificates show that they have passed in mathematics.

The training at the Technical College shall extend over two years, and the candidate will be subject to the regulations of that institution during that period.

The appointments are as follows :—

Appointments in the Fifth Grade at Rs.	
Do.	Fourth Grade at Rs.
Do.	Third Grade at Rs.
Do.	Second Grade at Rs.
Do.	First Grade at Rs. 500.

N.B.—The number of appointments and the salaries will be notified later.

Overseers of Ways and Works.

Candidates for appointments as Overseers of Ways and Works must be not more than 18 years the first day of the year they enter the College. They must pass the medical examination for physical fitness and eyesight, and must be not less than 5 ft. 4 in. in height and 31 in. girth round the chest. They must pass an entrance examination in the following subjects:—

- (a) English composition; English history (period 1509 to 1727); geography.
 (b) Mathematics: algebra (up to and including quadratic equations); geometry (the first two books of Euclid).

No candidate will be admitted to the examination who has not previously satisfied the Examiners in handwriting, orthography, arithmetic including vulgar and decimal fractions, and in colloquial Tamil or Sinhalese.

Candidates who hold certificates of having passed the Senior Cambridge or London University Examinations will be exempted from this examination in all subjects except colloquial Tamil or Sinhalese, if their certificates show that they have passed in mathematics.

The training at the Technical College shall extend over two years, and the candidates will be subject to the regulations of that institution during that period.

The appointments are as follows:—

Appointments in the	Fifth Grade at Rs.
Do.	Fourth Grade at Rs.
Do.	Third Grade at Rs.
Do.	Second Grade at Rs.
Do.	First Grade (after one year's apprenticeship) at Rs.

N.B.—The number of appointments and the salaries will be notified later.

Apprentices, Locomotive Department.

Candidates for appointment in the Locomotive Department must not be more than 18 years of age on the first day of the year they enter the College. They must pass the medical examination for physical fitness and eyesight, and must be not less than 5 ft. 4 in. in height and 31 in. girth round the chest. They must pass an entrance examination in the following subjects:—

Handwriting; orthography; composition; arithmetic; geography of Ceylon.

Candidates who hold certificates of having passed the Senior Cambridge or London University Examinations will be exempted, if their certificates show that they have passed in mathematics.

The training at the Technical College shall extend over two years, and the candidates will be subject to the regulations of that institution during that period.

The appointments are as follows:—

Appointments in the	Fourth Grade at Rs.
Do.	Third Grade at Rs.
Do.	Second Grade at Rs.
Do.	First Grade (after two years' apprenticeship) at Rs.

N.B.—The number of appointments and the salaries will be notified later.

Regulations for Granting the License of the Surveyor-General to Students of the course in Surveying and Levelling at the Ceylon Technical College.

Students in the department of Surveying and Levelling of the Technical College, who pass the prescribed course and gain the diploma at the final examination of the course held at the Technical College, and satisfy as well the officer appointed to represent the Surveyor-General at that examination, shall be eligible for the license and for registration as Surveyors or as Surveyors and Levellers without further examination and payment of the fees prescribed in section 5 of the Ordinance No. 15 of 1889. Such candidates for the license must be more than 21 years of age when they apply, and they must pay the registration fee and the stamp duty on the license as provided for in sections 2 and 7 of the Ordinance.

The following addition to the Regulations, dated 31st May, 1897, published in the *Gazette* of the 4th June, 1897, regarding the admission of Ceylonese to the Public Works Department, has been approved by His Excellency the Lieutenant-Governor, and is published for general information:—

Ceylonese who have qualified by (a) serving three years as articled pupils to a member of the Institute of Civil Engineers, or (b) by obtaining a certificate from the governing body of any of the numerous recognized colleges for instruction in Civil Engineering, that they have satisfactorily and diligently attended a two years' course of lectures and thereafter served as articled pupils to a Member of the Institute of Civil Engineers for one year, and in each case after the completion of their articles had from 1½ to 2 years' experience in work of construction, may be appointed, on vacancies occurring, on satisfying the Consulting Engineers for the Colony of their proficiency and suitability.

By His Excellency's command,

Colonial Secretary's Office,
Colombo, November 15, 1899.

W. T. TAYLOR,
Acting Colonial Secretary

for Master Attendant.

NOTICES CALLING FOR TENDERS.

TENDERS will be received by the Hon. the Auditor-General and the Provincial Engineer of the Northern Province for building cooly lines and overseer's quarters in Vavuniya District, in the Northern Province, up to noon on Wednesday, April 24, 1901.

2. Tenders must be sealed and endorsed on the envelopes "Tender for building Cooly lines and Overseer's quarters in Vavuniya District."

3. Tenders must be submitted in duplicate, the original being forwarded to the Provincial Engineer and the duplicate direct to the Hon. the Auditor-General, both being required to be forwarded at the same time.

4. Tenders must be on forms which may be obtained at the Office of the Provincial Engineer, Northern Province, and no tender will be considered unless it is furnished on the recognized form.

5. Parties applying for form of tender will be required to deposit the sum of Rs. 50 either at the Treasury or the Kachcheri and produce a receipt for the same, and cash security to the extent of 10 per cent. of the amount of the tender, in addition to the *bona fide* deposit, must be paid into the Kachcheri and the receipt attached to the tender. Should the party fail to submit in accordance with the terms of the specification a *bona fide* tender, or to enter into the necessary contract, or deposit the required cash security of 10 per cent. of the amount of the tender, the sum of Rs. 50 deposited will be forfeited by way of ascertained and liquidated damages.

6. Plans and specifications may be seen, and further information obtained, on application at the Provincial Engineer's Office at Jaffna.

7. Before any tender is accepted the contractor will be required to sign a contract to execute and perform the works in accordance with the specification and the general conditions therein set forth, and also a security bond for the due and faithful performance of the contract, within ten days of receiving notice in writing signed by the Provincial Engineer of the Northern Province accepting his tender.

8. The Government does not bind itself to accept the lowest or any tender.

J. McDONNELL,
Provincial Engineer.

Public Works Department,
Jaffna, March 11, 1901.

TENDERS will be received by the Hon. the Auditor-General and the Provincial Engineer of the Western Province for the building of quarters for the Assistant Government Agent at Kalutara, in the Western Province, up to noon on Saturday, April 20, 1901.

2. Tenders must be sealed and endorsed on the envelopes "Tender for Assistant Government Agent's quarters, Kalutara."

3. Tenders must be submitted in duplicate, the original being forwarded to the Provincial Engineer and the duplicate direct to the Hon. the Auditor-General, both being required to be forwarded at the same time.

4. Tenders must be on forms which may be obtained at the Office of the Provincial Engineer, Western Province, and no tender will be considered unless it is furnished on the recognized form.

5. Parties applying for form of tender will be required to deposit the sum of Rs. 50 either at the Treasury or the Kachcheri and produce a receipt for the same, and cash security to the extent of 10 per cent. of the amount of the tender, in addition to the *bona fide* deposit, must be paid into the Kachcheri and the receipt attached to the tender. Should the party fail to submit in accordance with the terms of the specification a *bona fide* tender, or to enter into the necessary contract, or deposit the required cash security of 10 per cent. of the amount of the tender, the sum of Rs. 50 deposited will be forfeited by way of ascertained and liquidated damages.

6. Plans and specifications may be seen, and further information obtained, on application at the Provincial Engineer's Office at Gunter House, Darley lane, Maradana.

7. Before any tender is accepted the contractor will be required to sign a contract to execute and perform the works in accordance with the specification and the general conditions therein set forth, and to deposit a sum of 10 per cent. of the amount tendered for the due and faithful performance of the contract, within ten days of receiving notice in writing signed by the Provincial Engineer of the Western Province accepting his tender.

8. The Government does not bind itself to accept the lowest or any tender.

9. Time required for the completion of the work should be stated in the tender.

H. B. CHRISTIE,
Provincial Engineer.

Public Works Department,
Colombo, March 15, 1901.

TENDERS will be received by the Hon. the Auditor-General and the Provincial Engineer of the Northern Province for constructing a rain water cistern for the District Engineer's quarters, Mannar, in the Northern Province, up to noon on Wednesday, April 24, 1901.

2. Tenders must be sealed and endorsed on the envelopes "Tender for constructing a Rain Water Cistern for the District Engineer's quarters, Mannar."

3. Tenders must be submitted in duplicate, the original being forwarded to the Provincial Engineer and the duplicate direct to the Hon. the Auditor-General, both being required to be forwarded at the same time.

4. Tenders must be on forms which may be obtained at the Office of the Provincial Engineer, Northern Province, and no tender will be considered unless it is furnished on the recognized form.

5. Parties applying for form of tender will be required to deposit the sum of Rs. 50 either at the Treasury or the Kachcheri and produce a receipt for the same, and cash security to the extent of 10 per cent. of the amount of the tender, in addition to the *bona fide* deposit, must be paid into the Kachcheri and the receipt attached to the tender. Should the party fail to submit in accordance with the terms of the specification a *bona fide* tender, or to enter into the necessary contract, or deposit the required cash security of 10 per cent. of the amount of the tender, the sum of Rs. 50 deposited will be forfeited by way of ascertained and liquidated damages.

6. Plans and specifications may be seen, and further information obtained, on application at the Provincial Engineer's Office at Jaffna.

7. Before any tender is accepted the contractor will be required to sign a contract to execute and perform the works in accordance with the specification and the general conditions therein set forth, and also a security bond for the due and faithful performance of the contract, within ten days of receiving notice in writing signed by the Provincial Engineer of the Northern Province accepting his tender.

8. The Government does not bind itself to accept the lowest or any tender.

J. McDONNELL,
Provincial Engineer.

Public Works Department,
Jaffna, March 11, 1901.

TENDERS will be received by the Hon. the Auditor-General and the Provincial Engineer of the Northern Province for constructing ten halting places for carts on the North-Central and Kankasanturai roads, in the Northern Province, up to noon on Wednesday, April 24, 1901.

2. Tenders must be sealed and endorsed on the envelopes "Tender for constructing Ten Halting Places for Carts on the North-Central and Kankasanturai roads."

3. Tenders must be submitted in duplicate, the original being forwarded to the Provincial Engineer and the duplicate direct to the Hon. the Auditor-General, both being required to be forwarded at the same time.

4. Tenders must be on forms which may be obtained at the Office of the Provincial Engineer, Northern Province, and no tender will be considered unless it is furnished on the recognized form.

5. Parties applying for form of tender will be required to deposit the sum of Rs. 50 either at the Treasury or the Kachcheri and produce a receipt for the same, and cash security to the extent of 10 per cent. of the amount of the tender, in addition to the *bona fide* deposit, must be paid into the Kachcheri and the receipt attached to the tender. Should the party fail to submit in accordance with the terms of the specification a *bona fide* tender, or to enter into the necessary contract, or deposit the required cash security of 10 per cent. of the amount of the tender, the sum of Rs. 50 deposited will be forfeited by way of ascertained and liquidated damages.

6. Plans and specifications may be seen, and further information obtained, on application at the Provincial Engineer's Office at Jaffna.

7. Before any tender is accepted the contractor will be required to sign a contract to execute and perform the works in accordance with the specification and the general conditions therein set forth, and also a security bond for the due and faithful performance of the contract, within ten days of receiving notice in writing signed by the Provincial Engineer of the Northern Province accepting his tender.

8. The Government does not bind itself to accept the lowest or any tender.

J. McDONNELL.

Public Works Department,
Jaffna, March 11, 1901.

Provincial Engineer.

TENDERS will be received by the Hon. the Auditor-General and the Provincial Engineer of the Province of Sabaragamuwa for building a permanent inspection bungalow at Dedugalla on the Glenella-Havilland road in the Avisawella District, in the Province of Sabaragamuwa, up to noon on Saturday, April 20, 1901.

2. Tenders must be sealed and endorsed on the envelopes "Tender for building a Permanent Inspection Bungalow at Dedugalla on the Glenella-Havilland road in the Avisawella District."

3. Tenders must be submitted in duplicate, the original being forwarded to the Provincial Engineer and the duplicate direct to the Hon. the Auditor-General, both being required to be forwarded at the same time.

4. Tenders must be on forms which may be obtained at the Office of the Provincial Engineer, Sabaragamuwa, and no tender will be considered unless it is furnished on the recognized form.

5. Parties applying for form of tender will be required to deposit the sum of Rs. 50 either at the Treasury or the Kachcheri and produce a receipt for the same, and cash security to the extent of 10 per cent. of the amount of the tender, in addition to the *bona fide* deposit, must be paid into the Kachcheri and the receipt attached to the tender. Should the party fail to submit in accordance with the terms of the specification a *bona fide* tender, or to enter into the necessary contract, or deposit the required cash security of 10 per cent. of the amount of the tender, the sum of Rs. 50 deposited will be forfeited by way of ascertained and liquidated damages.

6. Plans and specifications may be seen, and further information obtained, on application at the Provincial Engineer's Office at Ratnapura.

7. Before any tender is accepted the contractor will be required to sign a contract to execute and perform the works in accordance with the specification and the general conditions therein set forth, and to deposit a sum of 10 per cent. of the tender for the due and faithful performance of the contract, within ten days of receiving notice in writing signed by the Provincial Engineer of the Province of Sabaragamuwa accepting his tender.

8. The Government does not bind itself to accept the lowest or any tender.

9. The time required for the completion of work should be stated on the tender.

P. M. BINGHAM,
Acting Provincial Engineer.

Public Works Department,
Ratnapura, March 18, 1901.

SEALED tenders, addressed to the Assistant Postmaster-General, will be received at the General Post Office, Colombo, until noon on March 31, for the supply of wicker parcel baskets. Every tenderer must bring or send with his tender a sample basket resembling the baskets of English manufacture, which may be seen on application to the Storekeeper, General Post Office.

H. L. MOYSEY,
Postmaster-General
and Director of Telegraphs.

Postmaster-General's Office,
Colombo, March 20, 1901.

SEALED Tenders, marked on the envelopes "Tender for washing Hammocks and Blankets, &c., of the hospital ship ss. Atlantian, Colombo," about 180 hammocks and 360 blankets every month to be washed and delivered clean during this year, will be received up to 12 o'clock noon on Wednesday, March 27, 1901.

2. Tenders should be submitted in duplicate, the original being forwarded to the Principal Civil Medical Officer and the duplicate direct to the Hon. the Auditor-General, both being required to be forwarded at the same time.

3. Tenders are to be made upon forms which will be supplied upon application to the Principal Civil Medical Officer and Inspector-General of Hospitals, and no tender will be considered unless it is furnished on these forms.

4. Every tenderer will be required to make a deposit (on applying for forms) of Rs. 50; and should any tenderer decline to enter into the contract and bond after he has tendered, or fail to furnish approved security, such deposit shall be forfeited to the Crown. All other deposits will be returned after the contract has been signed. The deposit must be made at the Treasury or Kachcheri, and the deposit receipt must be produced to the officer issuing the form as his authority for making the issue.

5. The person whose tender has been accepted by Government will be required to give cash security to the extent of Rs. 375 for the due performance of the contract within a fortnight from date of notification of acceptance of the tender.

6. In case any person makes any alterations in his tender before forwarding it, such alteration should invariably bear his initials, otherwise the tender will be treated as informal and rejected.

7. Any further information can be obtained on application to the Medical Officer in charge of the hospital ship ss. Atlantian, Colombo.

8. The Government reserves to itself the right, without question, of rejecting any or all tenders, and the right of accepting any portion of a tender.

A. PERRY,
Principal Civil Medical Officer
and Inspector-General of Hospitals.

Principal Civil Medical Office,
Colombo, March 11, 1901.

SEALED Tenders, marked on the envelopes "Tender for washing Soiled Linen of the General Hospital, Colombo," including paying wards, about 3,000 pieces for a week to be washed and delivered clean regularly on Tuesdays, Thursdays, and Saturdays during this year, will be received up to 12 o'clock noon on Wednesday, March 27, 1901.

2. Tenders should be submitted in duplicate, the original being forwarded to the Principal Civil Medical Officer and the duplicate direct to the Hon. the Auditor-General, both being required to be forwarded at the same time.

3. The tenders are to be made upon forms which will be supplied upon application to the Principal Civil Medical Officer and Inspector-General of Hospitals, and no tender will be considered unless it is furnished on these forms.

4. Every tenderer will be required to make a deposit (on applying for forms) of Rs. 50; and should any

tenderer decline to enter into the contract and bond after he has tendered, or fail to furnish approved security, such deposit shall be forfeited to the Crown. All other deposits will be returned after the contract has been signed. The deposit must be made at the Treasury or Kacheheri, and the deposit receipt must be produced to the officer issuing the form as his authority for making the issue.

5. The person whose tender has been accepted by Government will be required to give cash security to the extent of Rs. 250 for the due performance of the contract within a fortnight from date of notification of acceptance of the tender.

6. In case any person makes any alterations in his tender before forwarding it, such alterations should invariably bear his initials, otherwise the tender will be treated as informal and rejected.

7. Any further information can be obtained on application to the Surgeon in charge, General Hospital, Colombo.

8. The Government reserves to itself the right, without question, of rejecting any or all tenders, and the right of accepting any portion of a tender.

A. PERRY,

Principal Civil Medical Officer

and Inspector-General of Hospitals

Principal Civil Medical Office,

Colombo, March 11, 1901.

SEALD Tenders, marked on the envelopes "Tender for provisioning Hospitals," will be received up to 12 o'clock noon on Wednesday, April 3, 1901, from persons willing to contract for supplies for the use of the under-mentioned Government Field Hospital commencing from date of acceptance of tender to December 31, 1901:—

	Security in Cash. Rs.
Field Hospital, Maha-oya	... 200

2. Tenders should be submitted in duplicate, the original being forwarded to the Principal Civil Medical Officer and the duplicate direct to the Hon. the Auditor-General, both being required to be forwarded at the same time.

3. The tenders are to be made upon forms which will be supplied upon application to the Principal Civil Medical Officer and Inspector-General of Hospitals, or to the Medical Officer in charge of the hospital; and

no tender will be considered unless it is furnished on the recognized form, and the tender and the schedules attached thereto signed in the presence of two respectable witnesses.

4. Every tenderer will be required to make a deposit (on applying for forms) of Rs. 100; and should any person decline to enter into the contract and bond after he has tendered, or fail to furnish approved security, such deposit will be forfeited to the Crown. All other deposits will be returned after the contract has been signed. The deposit must be made at the Treasury or Kacheheri, and the deposit receipt must be produced to the officer issuing the form as his authority for making the issue. In stations where there are no Kacheheries the deposit must be made to the Medical Officer in charge of the hospital.

5. Provisions should be of the best quality, approvable by the Medical Officer of the hospital.

6. When required, samples must be deposited.

7. The successful tenderers will be required to give cash security as given opposite the name of the station, and to sign the bond given in the tender for the due fulfilment of each contract within a fortnight from date of notification of acceptance of the tenders. The amount deposited for tender forms will form part of the cash security, which will be deposited in the Colombo Kacheheri to credit of the Hon. the Treasurer. Those contractors who are required to furnish security to the extent of Rs. 500 and over may have their securities lodged in fixed deposits, if they so desire, in any one of the local banks, which they must elect, the deposit being in the name of the Hon. the Treasurer. It is left to the option of the successful tenderer to substitute at any time thereafter for cash deposited by him approved title deeds and to enter into a fresh security bond at his expense.

8. In case any person makes any alterations in his tender before forwarding it, such alteration should invariably bear his initials, otherwise the tender will be treated as informal and rejected.

9. Any further information can be obtained on application to the Principal Civil Medical Officer and Inspector-General of Hospitals.

10. The Government reserves to itself the right, without question, of rejecting any or all tenders, and the right of accepting any portion of a tender.

ALLAN PERRY,

Principal Civil Medical Officer

and Inspector-General of Hospitals.

Principal Civil Medical Office,

Colombo, March 11, 1901.
