## PROCLAMATION BY THE GOVERNOR.

IN the Name of His Majesty EDWARD THE SEVENTH, of the United Kingdom of Great Britain and Ireland, King, Defender of the Faith.

### PROCLAMATION.

By His Excellency the Right Honourable Sir J. WEST RIDGEWAY, Knight Grand Cross of the Most Distinguished Order of Saint Michael and Saint George, Knight Commander of the Most Honourable Order of the Bath, Knight Commander of the Most Exalted Order of the Star of India, Governor and Commander-in-Chief in and over the Island of Ceylon, with the Dependencies thereof.

WEST RIDGEWAY.

WHEREAS by section 4 of the Local Boards' Ordinance, No. 13 of 1898, it is enacted that it shall be lawful for the Governor, with the advice and consent of the Executive Council, by Proclamation to be for that purpose published in the *Government Gazette* to bring any town under the operation of the said Ordinance, and to define the limits of such town for the purposes of the said Ordinance :

And whereas it is expedient to bring the town of Anuradhapura in the North-Central Province under the operation of the said Ordinance :

Now therefore know Ye that We, the said Governor, with the advice and consent of the Executive Council, under and by virtue of the powers in us vested by the said section of the said

Ordinance, do hereby as from and after the 31st May, 1901, bring the town of Anuradhapura aforesaid under the operation of the said Ordinance, and define the limits of the said town for the purposes of the said Ordinance to be those set out in the schedule hereto.

Given at Colombo in the said Island of Ceylon, this Tenth day of April, in the year of our Lord One thousand Nine hundred and One.

By His Excellency's command,  
W. T. TAYLOR,  
Acting Colonial Secretary.

GOD SAVE THE KING!

GOVERNMENT NOTIFICATIONS.

HIS EXCELLENCY THE GOVERNOR has been pleased to direct that the following copy of a letter received from Lieut.-Colonel Sir Arthur Bigge, Private Secretary to H. R. H. THE DUKE OF CORNWALL AND YORK, be published for general information.

By His Excellency's command,

Colonial Secretary's Office,  
Colombo, April 16, 1901.

J. J. THORBURN,  
for Colonial Secretary.

From Lieut.-Colonel Sir ARTHUR BIGGE to Governor the Right Hon. Sir J. WEST  
RIDGEWAY, G.C.M.G., K.O.B., K.C.S.I.

H.M.S. Ophir, April 16, 1901.

SIR,—BEFORE leaving the Duke of Cornwall and York is anxious to make known, through Your Excellency, how much Their Royal Highnesses have enjoyed their stay in Ceylon, and how greatly they have been touched by the welcome accorded them. If it were possible, Their Royal Highnesses would like the Europeans, Sinhalese, Tamils, Burghers, and Mohammedans to be thanked for their testimony of loyalty and hearty goodwill as evidenced by the vast but orderly crowds which in Colombo and Kandy thronged the streets, beautifully decorated and illuminated by the different races. Their Royal Highnesses also were much gratified by the demonstrations of enthusiasm and affection wherever they went. They will carry away imperishable memories of the marvellous and picturesque scenes of the past few days. They will remember with the deepest gratitude the unfailing consideration and kindly forethought with which Your Excellency's arrangements for their comfort and enjoyment were conceived and carried out. They heartily thank all those Government officials and leading men of every race who were more especially charged with these onerous duties. His Royal Highness noticed with much satisfaction the admirable manner in which the Police duties were performed, and he asks that his thanks may be conveyed to Major Knollys and those serving under him. His Royal Highness is especially glad to find what peace and contentment prevail throughout the land, and he rejoices to learn that an ever-growing spirit of harmony and goodwill is uniting more and more the varied races which constitute the population.

I have, &c.,

ARTHUR BIGGE.

Regulations for the Forest Service Branch of the Royal Indian Engineering College,  
Cooper's Hill, for 1901.

[Post Town, Staines; Railway Station, Egham; Telegraph Station, Euglefield Green.]

[The arrangements hereinafter described are subject to revision under the orders of the Secretary of State for India.]

1. The Royal Indian Engineering College is primarily maintained under the orders of the Secretary of State for India in Council, in view to the education of candidates from this country for the service of Government in the Indian Public Works and Telegraph Departments, the Accounts Branch of the Public Works Department, the Traffic Branch of the Indian State Railways, and the Forest Department; but it is open, to the extent of the accommodation available, to other persons being British subjects desirous of following the course of study pursued in it.

2. Admission to the College is under the orders of the President, who will allot accommodation as may best secure the object for which the College is primarily maintained, namely, the training and recruitment of the European element in the Departments mentioned in Clause I.

INDIA FOREST DEPARTMENT APPOINTMENTS.

3. The examination, which will be conducted by the Civil Service Commissioners, will be simultaneous with, and (except that German must be taken as an obligatory subject and that Botany is added) in the same subjects and papers as the examination for the Indian Police Department,\* which is usually held in June.

Candidates may undergo the written part of their examination in London, Edinburgh, or Dublin, or at any of the provincial centres at which the simultaneous examination of candidates for admission to the Royal Military College, Sandhurst, is to be held. A list of the probable centres may be obtained from the Civil Service Commissioners at any time after January, 1901. The oral and practical parts of the examination will be held in London only.

A fee of £2 is required from candidates examined in London, but when the written examination is conducted elsewhere than in London the fee is £3. Candidates examined at a college or school will probably be required to pay a local fee in addition to the fee of £3 (in order to defray the expenses of superintendence), as to which they should obtain early information from the college or school authorities. The fee payable to the Civil Service Commissioners must be paid by means of stamps of the specified amount. Instructions on this point will be issued to candidates about ten days before the examination.

4. The number of candidates to be selected annually varies according to the requirements of the Forest Service in India; the figures as regards each particular year will be advertised from time to time. *In 1901 there will be ten appointments offered for competition.*

5. Candidates for the Indian Forest Department are selected under the following arrangements:—

- (1) An applicant must be a natural-born British subject, and must be above 17 and under 20 years of age on the 1st June of the year in which he competes for an appointment. He must be unmarried, and if he marries before reaching India he will forfeit his appointment.
- (2) An applicant must send† to the Revenue Department of the India Office, on or before the 1st day of May of the year in which he proposes to compete:—
  - (a) His name, parentage, and home address, a certificate or other satisfactory evidence of the date of his birth, and the written consent of parent or guardian that his name should be recorded as a candidate.
  - (b) A statement of the places of education at which he may have been, accompanied by testimonials of good conduct, during the last four years.
- (3) Applicants will have to appear before a Medical Board‡ at the India Office, particular stress being laid upon good vision§ and hearing. A physical test will also be imposed, so as to ensure the selection of persons of active habits and powers of endurance.

\* Candidates may, if qualified, enter for both the Police and the Forest Department. They will, in such case, have to pay the fee due in respect of each examination.

† There is no form of application; the documents specified in para. 5 (2), clauses (a) and (b), should be enclosed in a covering letter addressed to the Secretary, Revenue Department, India Office, London.

‡ It is suggested that a candidate, before commencing any special course of study, should undergo a thorough medical examination. By such an examination any serious physical disqualification would probably be revealed, and the candidate might thus be spared the expense and waste of time, involved in a course of preparation for a service for which he is physically unfit.

Candidates for the Forest Service may, if they wish it, undergo a preliminary examination by the Medical Board at the India Office, not more than two years before they are qualified to compete, under the following conditions:—

(a) Applications must be addressed to the Under-Secretary of State, India Office, Whitehall, London, accompanied by a fee of two guineas and by a statement of the candidate's age.

(b) Candidates must pay their travelling expenses.

(c) Candidates considered to be unfit by the Medical Board at this preliminary examination are not bound to accept its opinion, but may, at their own risk, continue their studies, with the knowledge that they will have to submit themselves for a final medical examination by the Medical Board shortly before the literary examination at which they wish to compete.

(d) On the other hand, it must be distinctly understood that the preliminary examination by the Medical Board is held solely for the candidate's information, and that, if after that examination he is reported to be apparently fit, he has not on that account any claim to be accepted as physically fit when he presents himself for the final Medical Examination, upon which alone his acceptance or rejection will depend. Candidates may be considered fit for the Service at the preliminary examination, but may be found at the final examination to be unfit, either on account of some physical defect which did not exist or passed undetected at the preliminary examination, or for other reasons.

§ On the subject of the standard of eyesight required for the Indian services, a pamphlet can be obtained on application to the Secretary, Revenue and Statistics Department, India Office.

- (4) Applicants who have passed the medical examination and the physical test will be permitted to undergo an examination before the Civil Service Commissioners in the following subjects<sup>o</sup> (Classes I. and II.), marks being assigned as follows :—

CLASS I.†				Marks.
Mathematics I. (including Arithmetic)	...	...	...	3,000
German‡ (300 for colloquial)	...	...	...	2,000
Botany	...	...	...	2,000
English Composition	...	...	...	1,000
Geometrical Drawing	...	...	...	500
Freehand Drawing	...	...	...	500
Geography	...	...	...	500

CLASS II.				
Mathematics II.	...	...	...	2,000
Latin	...	...	...	2,000
French	...	...	...	2,000
Greek	...	...	...	2,000
English History	...	...	...	2,000
Chemistry and Heat	...	...	...	2,000
Physics	...	...	...	2,000
Physiography and Geology...	...	...	...	2,000

Candidates must obtain such an aggregate of marks in the examination as a whole as may indicate in the judgment of the Civil Service Commissioners a competent amount of general proficiency.

- (5) The Secretary of State will nominate as probationers such competitors as attain the highest aggregate of marks (provided they obtain the aggregate referred to above and satisfy the requisite conditions in other respects). These probationers will then enter the College, where they will be further trained for the Forest Service of India.
- (6) If the full number of competent probationers required in any year cannot be obtained from the persons so examined, the Secretary of State reserves a discretion to fill up the deficiency by selecting any other person or persons whom, after consulting the authorities of the College, he may consider properly qualified to become probationers for the Forest Service.

6. The course of study for candidates for the India Forest Service extends over about three years. For about six terms the candidate will prosecute their studies mainly at the College, and during the period of foreign study, which will occupy the remainder of the course, they will visit, under suitable supervision, such Continental forests as may be selected for the purpose. Excursions may also be made for purposes of instruction, both during term time and during part of the vacations.

7. Each annual session begins in September, and is divided into three terms, with vacations of about four weeks at Christmas, two weeks at Easter, and eight weeks in the summer.

8. A charge of £61 is made for each of the six terms spent at the College; for the period of foreign study the charge is £70 for each of the three terms; the amounts must be paid terminally in advance to the Bank of England. Receivable orders, with full directions as to the mode of payment, will be forwarded from the Indian Office to the parents or guardians shortly before the fees fall due. A student will not be allowed to come into residence or to start for or continue his study of foreign forests until his fee for the term has been paid.

9. A deposit of £5 is required to be paid by each student on admission to the College as caution money, to cover charges incurred by him for damage to books, instruments, &c., or any College bills outstanding on leaving the College. Any balance over and above such charges will be repaid. This deposit is to be paid with the fee for the first term, making the total payment on that occasion £66.

10. The foregoing payments cover all charges for tuition, board according to the College tariff, lodging with washing up to a cost of 2s. a week, and ordinary medical attendance while in residence at the College. When students are on tour, and during the course of practical instruction, whether in Great Britain or on the Continent, the Secretary of State will defray the expenses of (1) board, lodging, and washing (the aggregate maximum expenditure under these heads being 10s. per diem); (2) travelling expenses; and (3) fees to local Forest officers, &c.

Students are required to provide their own class books and drawing instruments. Drawing paper, drawing boards, and surveying instruments are provided by the College.

11. The prescribed course of study comprises the following subjects :—

#### I.—AUXILIARY SUBJECTS.

1. Geometrical Drawing.	7. Physics.
2. Freehand Drawing.	8. Chemistry.
3. Surveying.	9. Geology and Mineralogy.
4. Forest Engineering.	10. Entomology.
5. Accounts.	11. Botany.
6. German.	12. Drill and Gymnastics.

#### II.—FORESTRY, THEORETICAL AND PRACTICAL, IN ALL ITS BRANCHES.

12. Every student is required to conform to the College rules, to exhibit due diligence in his studies throughout the course, and to give evidence of satisfactory progress in such manner as may be required, failing which, or in the event of serious misconduct, he will be liable to be removed from the College, or to be sent back from the foreign study, which may entail the loss of his appointment.

\* Reprints of the papers set at previous examinations, together with tables of the marks assigned to the candidates, are published by the Civil Service Commissioners, and can be obtained through any bookseller from the following Agents :— EYRE & SPOTTISWOODE, East Harding Street, Fleet Street, London, E.C.; and JOHN MENZIES & Co., Rose Street, Edinburgh, and 90, West Nile Street, Glasgow; and HODGES, FIGGIS & Co., Limited, 104, Grafton Street, Dublin. The price is one shilling.

† All the subjects of Class I. may be taken up. Only two of the subjects of Class II. may be taken up.

‡ Candidates must qualify in German.

13. During the course of study the proficiency of the students will be tested by periodical examinations, and on the termination of their studies there will be a final examination. Each student may also, at the discretion of the Secretary of State for India, be required from time to time to appear before the Medical Board, and should the result be unsatisfactory he cannot claim to be allowed to complete the course.

14. The subjects enumerated in paragraph 11 are grouped in certain main branches of study,<sup>o</sup> and a fixed minimum of qualification is required in each branch and in the subjects taught during the forest tours, as well as a certain minimum for all branches taken together. Students who obtain these minima will receive the College diploma in Forestry.

15. Candidates who have obtained this diploma, and are found to be of sound constitution and free from physical defects which would render them unsuitable for employment in the Forest Department (the final decision on which points will rest with the Secretary of State for India), will be appointed Assistant Conservators in the Forest Department of India in the order of their standing at the end of the final examination. They will be allowed before leaving the College to state their preference in respect to the Provinces to which they desire to be allotted; but the distribution will be made to the several Provinces according to the needs of the Public Service, at the discretion of the Secretary of State for India after consulting the President of the College. Officers are, however, at all times liable to be transferred from one Province to another at the pleasure of the Government of India.

16. Within a month of his nomination as Assistant Conservator, each nominee must sign articles of agreement describing the terms and conditions of his appointment; he must embark for India when required to do so by the Secretary of State, and will be provided with a free passage. Failure to embark at the stated time will, in the absence of satisfactory explanation, lead to forfeiture of appointment.

17. The pay of an Assistant Conservator of Forests will begin from the date of reporting arrival in India. Probationers who acquit themselves creditably during their course at Cooper's Hill College will begin on a salary of Rs. 350 a month. It will, however, rest with the President of the College to decide whether any of the probationers, though they have obtained the College diploma in Forestry, have failed to deserve that rate of initial salary. Such probationers, if any, will begin on a salary of Rs. 250 a month; and this difference of salary will continue until the first departmental examination is passed in India. Officers entering the Forest Service will be required to contribute a subscription ranging from a compulsory minimum of 5 per cent. up to a voluntary maximum of 10 per cent. of their salary to the Forest Officers' Provident Fund. Such contributions, with compound interest, will accumulate till the date of retirement, when the total sum will be paid to the contributor, or, in the event of death before retirement, to his legal representative.

18. Promotion, leave, and pension will be governed by the regulations laid down by the Government of India and made applicable to Forest officers, such regulations being subject to any modifications or alterations which may be made in them from time to time by the Government of India, and their interpretation in case of any doubt arising being left to that Government. The pension rules applicable to Public Works and Telegraph officers appointed from Cooper's Hill College have been extended to Forest officers appointed from England; and the Inspector-General of Forests and Conservators of the 1st Grade are now eligible for the extra pension of Rs. 1,000 per annum admissible to an officer after at least three years of approved service as a head of a department in any Province, if considered deserving of the special concession. A copy of the Regulations relative to these matters can be seen on application either at the Library or the Record Department of the India Office; the principal rules are contained in the Abstract of the Civil Service Regulations, as given in the "India List and India Office List," published by Messrs. Harrison and Sons, 59, Pall Mall, London, which can be procured through any bookseller.

19. Every candidate, before proceeding to India, will be required to furnish to the President of the College satisfactory evidence of his competency in riding.

#### GENERAL RULES.

20. Chemical, physical, and botanical laboratories, a forestry museum, a forest nursery, a library and gymnasium are attached to the College. Means are also provided for the practice of photography. Students making use of the laboratories are supplied with needful apparatus.

21. The responsibility for the discipline and management of the College and for the superintendence of the studies is vested in the President, under the control of the Secretary of State for India.

22. The students are distributed in divisions, under personal charge of one of the Professors or Instructors selected by the President; such tutor being responsible for exercising the proper degree of personal supervision over each student in his division, and for conducting necessary correspondence with the student's parents or guardians.

23. Each student residing in the College is provided with a separate room, and with fuel and light, also with the necessary attendance. Furniture and bedding are supplied by the College, but students are required to provide their own towels and bed linen. Meals are taken in Hall. Wine and beer are not included in the ordinary fare, but can be obtained from the College seller at fixed prices.

24. A chapel is attached to the College, which the students are required to attend at Sunday morning service, unless specially exempted.

25. Every student will be required to go through a course of gymnastics and also of military exercises, including the use of rifle.

#### STUDENTS NOT NOMINATED FOR THE INDIAN FOREST SERVICE, BUT DESIROUS OF OBTAINING A DIPLOMA IN FORESTRY FROM COOPER'S HILL COLLEGE.

26. Students not nominated for the Indian Forest Service may be received into the College, as far as the available accommodation permits. Such students may pass through the course of instruction prescribed for the nominees of the Indian Forest Service, as detailed above, or they may be permitted to participate in the instruction given in certain subjects only. On attaining the prescribed minima of marks in the several branches of study and in totals as laid down above, they will receive, as the case may require, either the College diploma in Forestry or special certificates showing in what subjects they have followed the instruction, and with what result.

27. Candidates who desire to be admitted under paragraph 26 may submit the necessary application at any time, but not later than the 15th day of June of the year named for admission, except with the special permission of the President. The application must be made on the prescribed forms, which can be obtained from the Secretary of the College.

28. Candidates whose applications are found satisfactory as to character and in other respects will be required to undergo an examination, to be held at the College, about the last week in June of the year for admission. The object of the examination will be to ascertain whether the candidate is qualified to follow the course of instruction with advantage (or certain parts of it, as the case may be). Candidates who do not come up to the required standard will not be admitted to the College.

\* For details see Royal Indian Engineering College Calendar.

The President may dispense with the whole or any portion of this examination in the case of a candidate who produces an University diploma, or other similar certificate granted by a recognized examining body.

29. Candidates admitted to the College under paragraph 26, who propose to pass through the full prescribed course of study, will be required to pay the same fees in every respect as those paid by the nominees for the India Forest Service. Candidates who do not become resident, and are admitted only to certain subjects of study, will be required to pay the fees which may be fixed in each special case in consideration of the extent of their studies. The candidates of both classes will be required to abide by the general rules of the College.

India Office, February, 1901.

## FOREST ENTRANCE EXAMINATION.

### SYLLABUS.

*Mathematics I.*—Arithmetic; Algebra up to and including the Binomial Theorem; the theory and use of logarithms; Euclid, Books I. to IV. and VI.; Plane Trigonometry, up to and including solution of triangles; Mensuration.

*Mathematics II.*—Further questions on the Syllabus of Mathematics I; Elementary Solid Geometry, including Euclid, Book XI., Propositions 1 to 21; Euclid, Book XII., Propositions 1 and 2; Geometrical Conic Sections, the elementary properties common to the ellipse, parabola, and hyperbola; Dynamics and Statics, uniform and uniformly accelerated rectilinear motion, uniform circular motion, motion of projectiles (not requiring a knowledge of the parabola), equilibrium of forces in one plane and of parallel forces, the centre of mass, and the construction and use of the simpler machines.

*Latin.*—Passages selected from the authors usually read in schools will be set for translation into English. Passages from English authors will be given for translation into Latin prose and verse, but candidates will be allowed in the place of verse composition, to answer questions of a simple character, which will test whether they possess a fundamental knowledge of the grammar of the language, and such an elementary acquaintance with Roman History as is required for the intelligent study of the books they have read.

*Greek.*—Passages will be set for translation into English from the authors usually read in schools, and in other respects the examination will proceed on the same lines as in Latin.

*French.*—Translations of unseen passages from French into English and from English into French. The passages for translation will be taken, mainly, from standard authors, and a few simple questions may be asked on the passages set, as to the structure and character of the language, and allusions of obvious and general interest. The *viva voce* examination will include Dictation. 300 marks will be allotted to colloquial knowledge of the language.

*German.*—The passages for translation will be taken mainly from standard authors, and in other respects the Examination will proceed on the same lines as in French.

*English Composition.*—Candidates will be tested by précis-writing as well as by an essay. The standard of positive merit will be looked for in logical arrangement of thought, and in accuracy and propriety of expression, but large deductions of marks will be made for faults of writing and spelling.

(Candidates are also warned that for similar faults in the use of the English language, similar deductions will be made from the marks obtained in other subjects.)

*Geometrical Drawing.*—Practical plane geometry; the construction of scales; and the elements of solid geometry, and of simple orthographic projection. Great importance will be attached to neatness and exactness of drawing.

*Geography.*—Simple questions in descriptive and general geography.

*English History.*—The General Paper in this subject will be confined to events subsequent to the Norman Conquest. It will test whether the candidates are accurately acquainted with the facts of English History, and also possess an intelligent knowledge of the meaning of the facts.

The paper on the special period will be confined to distinctly modern history. It will require from the candidates more minute knowledge than the General Paper.

The Special Period will be for 1901:—From 1748 to 1800.

*Natural Science Subjects.*—The standard of examination in these subjects will be such as may be reasonably expected from the education given at schools possessing appliances for practical instruction, such as a laboratory, &c. A considerable portion of the marks will be given for proficiency shown in the practical part of the examination. A knowledge of the metric system will be expected.

*Chemistry.*—The laws of chemical combination and decomposition, and the preparation, classification, and properties of the principal metallic and non-metallic elements, and of such of their compounds as are treated of in inorganic chemistry. In the practical part of the examination only the more ordinary apparatus and the less dangerous reagents will be supplied, and no candidate will be allowed to bring his own apparatus or reagents.

*Heat.*—The elementary portion of the subject.

*Physics.*—The elementary properties of electricity, magnetism, light, and sound.

*Physiography, i.e., physical geography.*

*Geology.*—Chiefly economic, including the recognition of the more familiar mineral and rocks, and their properties and uses.

*Botany.*—The elementary parts of vegetable morphology, histology and physiology, and the principles of a natural system of classification as illustrated by the more important British natural orders. Candidates will be required to describe plants in technical language.

(Questions will not be set on vegetable palæontology or on the geographical distribution of plants.)

IT is hereby notified for general information that the Governor has been pleased to approve of the establishment of a Direct Parcel Post Exchange between Ceylon and the Netherlands East Indies, to come into force on May 1<sup>st</sup> 1901, and that by virtue of the powers under section 37 of "The

Ceylon Post and Telegraph Ordinance, 1892," in him vested, the Governor, with the advice of the Executive Council, has been further pleased to determine that the postage rates from Ceylon shall be as set forth in the annexed schedule.

By His Excellency's command,

Colonial Secretary's Office,  
Colombo, April 16, 1901.

J. J. THORBURN,  
for Colonial Secretary.

For a parcel exceeding 3 lb. but not exceeding 7 lb. ...	2	0
For a parcel exceeding 7 lb. but not exceeding 11 lb. ...	2	50

IN terms of section 3 of the Minute of 28th November, 1895, it is hereby notified that the under-mentioned officer, seconded for service, will be allowed to count the period of his temporary employment for pension :—

Name.	Pensionable Appointment.	Seconded for Service as
Mr. A. J. WOUTERSZ ...	Chief Clerk, Treasury ...	Accountant, Northern Railway, and Office Assistant to the Chief Resident Engineer

By His Excellency the Governor's command,

Colonial Secretary's Office,  
Colombo, April 19, 1901.

J. J. THORBURN,  
for Colonial Secretary.

NOTICE is hereby given that a Board appointed by His Excellency the Governor will sit on the following day at the Council Chamber for the purpose of opening and considering tenders for the purchase of the following Arrack Rents for the periods as stated :—

April 29, 1901.

*Western Province.*—The Arrack Rent of the Four Gravets of Colombo (Fort excepted), Lansiyawatta (including Wattala, Peliyagoda, and Ambatalenpahala), and Salpiti korale. For a period of two years from January 1, 1902.

The Arrack Rent of the Negombo District, viz., Dunugaha, Ragama, and Dasiya pattus of Alutkuru korale north and Hapitigam korale. For a period of one or two years from January 1, 1902.

No tender will be received after 12.30 P.M. on the appointed day.

Each tenderer should state in his tender the period or periods in respect of which he tenders and the price or prices that he is prepared to pay.

Separate tenders should be made for the several rents as shown above.

Tenders, properly sealed, may either be posted, addressed to the Hon. Mr. F. R. Ellis, Acting Auditor-General, marked "Arrack Rent Tender," or delivered personally by the tenderers to the Board.

Forms of conditions of sale with lists of taverns can be obtained at any Kacheheri in the Island. Any further information required will be supplied by the Hon. the Government Agent, Western Province, on application made to him either personally or by letter.

Tenderers who cannot speak English and wish to communicate with the Board must bring their own interpreters.

No tender will be considered unless the tenderer is present in person or by his authorized agent at the Council Chamber, and is prepared to deposit forthwith the amount of one month's rent as tendered by him.

Various alterations have been introduced in the new conditions of sale, and intending purchasers are advised to obtain copies before putting in their tenders.

Purchasers of these rents will be allowed to sell arrack at any price not below Rs. 4.50 per gallon.

And notice is hereby further given that the purchasers of the Arrack Rent of the Four Gravets of Colombo (Fort excepted) will be required to pay, in terms of the provisions of the Ordinance No. 9 of 1892, a stamp duty of Rs. 500 for each and every license issued under the Ordinance No. 13 of 1891 to sell arrack by retail at each and every tavern situated within the limits of the Municipality of Colombo.

Forms of tender can be obtained free of charge on application personally or by letter to the Government Agent, Colombo.

By His Excellency's command,

Colonial Secretary's Office,  
Colombo, March 25, 1901.

W. T. TAYLOR,  
Acting Colonial Secretary.

## NOTICES CALLING FOR TENDERS.

**S**EALD Tenders, marked on the envelopes "Tender for provisioning Hospitals," will be received up to 12 o'clock noon on Wednesday, May 8, 1901, from persons willing to contract for supplies for the use of the under-mentioned Government District Hospital commencing from August 1 to December 31, 1901:—

Security  
in Cash.  
Rs.

District Hospital, Pussellawa ... 200

2. Tenders should be submitted in duplicate, the original being forwarded to the Principal Civil Medical Officer and the duplicate direct to the Hon. the Auditor-General, both being required to be forwarded at the same time.

3. The tenders are to be made upon forms which will be supplied upon application to the Principal Civil Medical Officer and Inspector-General of Hospitals, or to the Medical Officer in charge of the hospital, and no tender will be considered unless it is furnished on the recognized form, and the tender and the schedules attached thereto signed in the presence of two respectable witnesses.

4. Every tenderer will be required to make a deposit (on applying for forms) of Rs. 100; and should any person decline to enter into the contract and bond after he has tendered, or fail to furnish approved security, such deposit will be forfeited to the Crown. All other deposits will be returned after the contract has been signed. The deposit must be made at the Treasury or Kachcheri, and the deposit receipt must be produced to the officer issuing the form as his authority for making the issue. In stations where there are no Kachcheries the deposit must be made to the Medical Officer in charge of the hospital.

5. Provisions should be of the best quality, approvable by the Medical Officer of the hospital.

6. When required, samples must be deposited.

7. The successful tenderers will be required to give cash security as given opposite the name of the station, and to sign the bond given in the tender for the due fulfilment of each contract within a fortnight from date of notification of acceptance of the tenders. The amount deposited for tender forms will form part of the cash security, which will be deposited in the Colombo Kachcheri to credit of the Hon. the Treasurer. Those contractors who are required to furnish security to the extent of Rs. 500 and over may have their securities lodged in fixed deposits, if they so desire, in any one of the local banks, which they must elect, the deposit being in the name of the Hon. the Treasurer. It is left to the option of the successful tenderer to substitute at any time thereafter for cash deposited by him approved title deeds and to enter into a fresh security bond at his expense.

8. In case any person makes any alterations in his tender before forwarding it, such alteration should invariably bear his initials, otherwise the tender will be treated as informal and rejected.

9. Any further information can be obtained on application to the Principal Civil Medical Officer and Inspector-General of Hospitals.

10. The Government reserves to itself the right, without question, of rejecting any or all tenders, and the right of accepting any portion of a tender.

ALLAN PERRY,  
Principal Civil Medical Officer  
and Inspector-General of Hospitals.

Principal Civil Medical Office,  
Colombo, April 10, 1901.

**T**ENDERS will be received by the Hon. the Auditor-General and the Provincial Engineer of the Western Province for constructing gravel roads round the Havelock Park, Colombo, in the Western Province, up to noon on Saturday, May 11, 1901.

2. Tenders must be sealed and endorsed on the envelopes "Tender for constructing Roads round Havelock Park, Colombo."

3. Tenders must be submitted in duplicate, the original being forwarded to the Provincial Engineer and the duplicate direct to the Hon. the Auditor-General, both being required to be forwarded at the same time.

4. Tenders must be on forms which may be obtained at the Office of the Provincial Engineer, Western Province, and no tender will be considered unless it is furnished on the recognized form.

5. Parties applying for form of tender will be required to deposit the sum of Rs. 50 either at the Treasury or the Kachcheri and produce a receipt for the same, and cash security to the extent of 10 per cent. of the amount of the tender, in addition to the *bond fide* deposit, must be paid into the Kachcheri and the receipt attached to the tender. Should the party fail to submit in accordance with the terms of the specification a *bond fide* tender, or to enter into the necessary contract, or deposit the required cash security of 10 per cent. of the amount of the tender, the sum of Rs. 50 deposited will be forfeited by way of ascertained and liquidated damages.

6. Plans and specifications may be seen, and further information obtained, on application at the Provincial Engineer's Office at Gunter House, Darley lane, Colombo.

7. Before any tender is accepted the contractor will be required to sign a contract to execute and perform the works in accordance with the specification and the general conditions therein set forth, and to deposit a sum of 10 per cent. of the amount tendered for the due and faithful performance of the contract, within ten days of receiving notice in writing signed by the Provincial Engineer of the Western Province accepting his tender.

8. The Government does not bind itself to accept the lowest or any tender.

9. Time required for completion of the work should be stated in the tender.

Public Works Department,  
Colombo, April 4, 1901.

H. B. CHRISTIE,  
Provincial Engineer.

**S**EALD Tenders, marked on the envelopes "Tender for supply of Rice in the North-Central Province," will be received up to noon on May 12, 1901, from persons willing to contract to supply best kallunda rice for the use of the Public Works Department, North-Central Province, at the different places named below, from July 1, 1901, to June 30, 1902 :—

*Anuradhapura District.*

Anuradhapura	Talawe
Sinharagama	Ipalogama

*Mihintale District.*

Mihintale	Madawachchiya
Horowapotana	

*Maradankadawala District.*

Maradankadawala	Alut-oya
Kekirawa	Mineri
Kalawewa	Ipalogama
Habarana	

2. The tender should state—

- (a) The price of rice delivered at each of the stations named.
- (b) An average rate for a district, rice being delivered at each of the stations named in that district.
- (c) An average rate for the whole Province, rice being delivered at each of the stations named.

3. Tenders are to be made in duplicate on forms which will be applied upon application at the office of the Director of Public Works or the Government Agent, Anuradhapura, and no tender will be considered unless it is furnished on the recognized form. The originals should be forwarded by the tenderers to the Provincial Engineer, and the duplicate direct to the Hon. the Auditor-General, both to be forwarded at the same time.

4. A deposit of Rs. 100 should be made either at the Treasury or the Kachcheri, and the receipt of the Treasurer or the Government Agent produced when applying for forms. Should any person decline to enter into the contract and bond after he has tendered, or fail to furnish approved security, such deposits will be forfeited to the Crown. All other deposits will be returned upon signing the contract.

5. Cash security will be required for the due fulfilment of the contract.

6. The amount of security, and all other necessary information in respect of the contract, can be ascertained upon application at the office of the Provincial Engineer, Anuradhapura.

7. The Government reserves to itself the right, without question, of rejecting any or all tenders, and the right of accepting any portion of a tender.

8. Samples of rice not less than a measure should be deposited with the Provincial Engineer, Anuradhapura, in sealed bags, labelled with the name of the tenderer on or before May 12, 1901.

9. Persons whose tenders have been accepted by Government should supply the Provincial Engineer, North-Central Province, with white bottles filled with rice of the accepted quality, carefully sealed by the tenderers, one for himself and one for each of the District Engineers.

10. Any alterations made in the tenders should bear the initials of the tenderers, and all tenders containing alterations not bearing the tenderers' initials will be treated as informal and rejected.

11. The selected tenderer will receive ten days' notice from the Provincial Engineer to attend and sign the contract. He must sign on the day appointed, or the tender will be considered void and his *bona fide* deposit forfeited.

L. M. ACLAND.  
Provincial Engineer.

Anuradhapura, April 3, 1901.
