GOVERNMENT CONTRACTS FOR 1901.

THE under-mentioned Particulars of Contracts approved by Government for Supplies and Services during 1901 are published for the information and guidance of Heads of Departments.

In order to avoid delay in making up Store Returns and claims for articles issued, which arises from the practice of Indenting Departments including in the same Requisition stores to be procured from several Contractors, Departments applying for stores in future are to furnish separate Requisitions to correspond with the different contracts for each section of Stores.

The articles mentioned in these Contracts will be supplied to Road Committees, Local Boards, and Municipalities on an additional charge of 15 per cent.

Government Stores, Colombo, December 14, 1900.

F. W. VANE, Controller of Government Stores.
