Sri Lanka National Bibliography is an authoritative bibliographical record of current Sri Lanka publishing in Sinhala, Tamil and English; and is based upon the material forwarded to the Sri Lanka National Library Services Board for deposit in the National Library of Sri Lanka, under the Printers and Publishers Ordinance. Whenever possible particulars of the books purchased for the National Library from local publishers and books pertaining to Sri Lanka published abroad are also included.

This Bibliography has been prepared in three parts; in Sinhala, Tamil and English respectively. Each part consists of a Classified section and an accompanying alphabetical index of authors, titles, series and subjects. The Classified section is arranged according to the Dewey Decimal Classification 18th edition. Where the Dewey class number is not specific verbal extensions have been added to render subject specifically. Area notation has been added only to specify countries other than Sri Lanka.

The subject indexing method followed is based on the 'Chain Procedure'. Anglo-American Cataloguing Rules, second edition (AACR 2) has been followed in descriptive cataloguing and the construction of author/title headings.
