PROCLAMATIONS BY THE GOVERNOR.

IN the Name of His Majesty EDWARD THE SEVENTH, of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the Seas, King, Defender of the Faith.

PROCLAMATION.

By His Excellency the Right Honourable Sir J. WEST RIDGEWAY, Knight Grand Cross of the Most Distinguished Order of Saint Michael and Saint George, Knight Commander of the Most Honourable Order of the Bath, Knight Commander of the Most Exalted Order of the Star of India, Governor and Commander-in-Chief, in and over the Island of Ceylon, with the Dependencies thereof.

WEST RIDGEWAY.

WHEREAS by section 15 of "The Toll Ordinance, 1896," it is enacted that every person having once paid toll in respect of himself or of any vehicle, animal, or boat at any place, payment at which shall have been declared by the Governor, by Proclamation in the *Government Gazette*, to clear any other place, shall, on the production at such other place of a ticket denoting such payment to have been made, pass the same without any further payment of toll, except where such person, vehicle, animal, or boat shall at such latter place have become liable to a different rate of toll :

And whereas it is expedient to declare that every toll paid in respect of the Karawanella bridge or of the Ritigaha-oya bridge shall clear the toll at the Ruwanwella, and *vice versa* :

Now know Ye that We, the said Governor, do hereby proclaim and declare that from and after the First day of March, 1902, payment of toll in respect of the Karawanella bridge or of the Ritigaha-oya bridge within the same day shall clear the toll at Ruwanwella, and *vice versa* :

Given at Nuwara Eliya, in the said Island of Ceylon, this Fifteenth day of February, in the year of our Lord One thousand Nine hundred and Two.

By His Excellency's command,

EVERARD IM THURN,
Colonial Secretary.

GOD SAVE THE KING.

IN the Name of His Majesty EDWARD THE SEVENTH, of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the Seas, King, Defender of the Faith.

PROCLAMATION.

By His Excellency the Right Honourable Sir J. WEST RIDGEWAY, Knight Grand Cross of the Most Distinguished Order of Saint Michael and Saint George, Knight Commander of the Most Honourable Order of the Bath, Knight Commander of the Most Exalted Order of the Star of India, Governor and Commander-in-Chief in and over the Island of Ceylon, with the Dependencies thereof.

WEST RIDGEWAY.

WHEREAS by section 5 of "The Municipal Councils' Ordinance, 1887," it is (amongst other things) enacted that it shall be lawful to the Governor in Executive Council, by Proclamation to be published in the *Government Gazette*, to define for the purposes of the said Ordinance the limits of the town of Kandy, and to divide such town into divisions, and such limits or divisions from time to time, by like Proclamation, to alter or vary :

And whereas by a Proclamation dated the Thirtieth day of December, One thousand Eight hundred and Ninety-eight, the limits and divisions of the said town of Kandy were defined for the purposes of the said Ordinance, and it is expedient to alter such limits :

Now know Ye that We, the said Governor in Executive Council, do hereby alter, for the purposes of the said Ordinance, the limits of the said town of Kandy, and declare that from and after the First day of March, 1902, the limits of the said town of Kandy shall be those set out in the schedule hereto.

Given at Colombo, in the said Island of Ceylon, this Nineteenth day of February, in the year of our Lord One thousand Nine hundred and Two.

By His Excellency's command,

EVERARD IM THURN,
Colonial Secretary.

GOD SAVE THE KING.

THE following rules to regulate the Importation, Storage, and Transport of Calcium Carbide, made by the Governor, with the advice of the Executive Council, under sections 10 and 15 of Ordinance No. 6 of 1887, as amended by Ordinance No. 2 of 1902, are published for general information.

By His Excellency's command,

Colonial Secretary's Office,
Colombo, February 8, 1902.

EVERARD IM THURN,
Colonial Secretary.

Rules to regulate the Importation, Storage, and Transport of Calcium Carbide.

1. Acetylene when liquid or when subject to a pressure above that of the atmosphere capable of supporting a column of water exceeding 100 inches in height, and whether or not in admixture with other substances, shall be deemed to be an "Explosive," and shall be prohibited from being manufactured, imported, kept, conveyed, or sold subject to the following exception.

Acetylene in admixture with oil gas in a proportion not exceeding 20 parts by volume of acetylene in every 100 parts of the mixture when subjected to a pressure not exceeding 150 lbs. to the square inch shall not be deemed to be an explosive, provided that the acetylene and oil gas shall be mixed together in a chamber or vessel before the gases are subjected to compression.

2. The importation of calcium carbide, which contains impurities liable to generate phosphoretted hydrogen or siliciuretted hydrogen so as to render the gas evolved liable to ignite spontaneously is hereby prohibited.

3. The owner or master of every ship carrying a cargo any part of which consists of carbide of calcium shall on entering the harbour immediately give notice of the nature of such cargo to the Master Attendant, and shall place or moor his ship in such place as the Master Attendant may direct; and while any carbide of calcium remains on board, shall not, except for the purpose of proceeding to sea, remove his ship without the written permission of the Master Attendant.

4. The hold of every ship carrying carbide of calcium shall be efficiently ventilated from the time of entering the harbour until all the carbide of calcium has been discharged or until the ship has left the harbour.

5. Carbide of calcium shall only be brought into the harbour in hermetically closed metal vessels containing each not more than 140 lb., and of such strength and construction as not to be liable to be broken or to become defective or insecure in conveyance otherwise than by gross negligence or extraordinary accident.

6. No such closed metal vessel containing carbide calcium shall be opened within the limits of the port or Customs premises, except with the written consent of the Principal Collector of Customs.

7. Every reasonable precaution shall be taken to prevent the contact of water or moisture with the carbide of calcium, and, where such contact may have occurred, to prevent the gas evolved from being ignited.

8. Where carbide of calcium is landed within the ports of Colombo, Galle, and Trincomalee :—

(a) It shall be landed only in cargo boats and after sunrise and before sunset, and only at such place or places as the Collector of Customs shall direct. Every such cargo boat shall carry at its bows in an exposed and prominent position a red flag not less than 18 inches square. When carrying calcium carbide the boat shall carry no other cargo.

(b) No smoking, fire, or light shall be allowed in any cargo boat during the time that the calcium carbide is on board the boat.

9. All calcium carbide landed as aforesaid shall, without being deposited or stacked on the ground, be carried at once from the boat in which it has been conveyed to premises in respect of which a license for the storage of calcium carbide has been granted.

10. Where any carbide of calcium :—

(a) Is kept at any place, except during the seven days next after it has been imported; or

(b) Is sent or conveyed by land or water between any two places in the Island of Ceylon; or

(c) Is sold or exposed for sale, the label on the vessel containing the said carbide of calcium shall bear in conspicuous characters in English, Sinhalese, and Tamil the words "Carbide of Calcium: Dangerous if not kept dry," and with the following caution :—

"The contents of this package are liable, if brought into contact with moisture, to give off a highly inflammable gas," and with the addition :—

(a) In the case of a vessel stored, of the name and address of the consignee or owner.

(b) In the case of a vessel sent or conveyed, of the name and address of the sender.

(c) In the case of a vessel sold or exposed for sale, the name and address of the vendor.

11. The premises for storage of carbide of calcium exceeding 5 lb. must be substantially constructed with walls of stone, brick, or concrete with tiled roofs and with tiled, bricked, paved, or concrete floors, well ventilated, dry and isolated, and approved of by the Local Authority.

12. No unauthorized person shall be permitted access to the premises where carbide of calcium is stored in quantities exceeding 5 lb.

13. No fire or any artificial light shall be taken into the premises where calcium carbide is stored in quantities exceeding 5 lb.

14. The premises for storage of calcium carbide in quantities exceeding 5 lb. shall be fitted with lightning conductors approved of as sufficient by the Local Authority.

15. The place of storage shall in all respects be kept and maintained in the same condition that it was in when inspected and approved of by the Local Authority.

16. The Local Authority or any officer specially authorized in this behalf may enter any premises in which carbide of calcium is stored with the object of inspecting the same at any time after sunrise or before sunset.

17. Where carbide of calcium is stored in quantities exceeding 5 lb., the building shall be exclusively appropriated for that purpose.

18. A plan, section, and elevation of every building intended for the storage of carbide of calcium in quantities exceeding 5 lb. shall be deposited with the Local Authority, and on it shall be shown the position and nature of every other building within 60 feet of the same to a scale not less than 15 feet to an inch for plans and 4 feet to an inch for sections, and all the principal dimensions shall be figured thereon.

19. Licenses for the storage of calcium carbide may be granted by the Government Agent or Chairman of the Municipality, as the case may be, after the inspection and approval of the premises by the Local Authority.

20. Application for license to store calcium carbide in quantities exceeding 5 lb. should be fully filled up in accordance with the following form of application :—

21. Strong metal vessels so constructed and closed as to exclude water and atmospheric moisture shall be used for keeping carbide of calcium, and these vessels should only be opened during such time as is necessary for the removal of the required portion of the contents or for refilling.

22. The maximum contents shall not exceed 140 lb.

23. Copper shall not be used in the construction of the vessel.

24. Not more than one vessel shall be opened at one time.

25. Every storage vessel of a greater capacity than 2 lb. shall be secured by a lock and key or be kept in a locked receptacle, so as to prevent unauthorized persons from having access to the contents.

26. Carbide of calcium shall only be conveyed to and from the licensed premises in closed vessels.

These vessels shall be so constructed and closed as to exclude water and atmospheric moisture.

27. Carbide of calcium conveyed to or from licensed premises must be conveyed in accordance with the condition of the license.

28. Rules for transport of calcium carbide will be of the same nature as those for petroleum, also licenses to convey.

29. Apparatus for generating and storing acetylene gas yielded by carbide of calcium must be placed in a well ventilated outbuilding and no artificial light capable of igniting inflammable gas shall be taken into or near the building used for this purpose. An exception to this will be made in the case of portable apparatus taking a charge not exceeding 2 lb. of carbide.

30. Every apparatus (including generator and gas holder) used for generating and holding acetylene gas must be so constructed and used as to guard against the special risks, therefore :—

- (a) Copper must not be used in the construction of any part of the apparatus.
- (b) The various parts of the apparatus must be of adequate strength.
- (c) Escape of gas from the apparatus must be carefully guarded against, and provision must be made against the occurrence of undue pressure by the employment of a safety valve connected with a pipe discharging into the open air.

The apparatus must also be furnished with a pressure gauge.

- (d) Satisfactory provision must be made against dangerous development of heat.
- (e) The residue of carbide must be mixed with at least ten times its bulk of water on being removed from the generator.
- (f) No person shall have charge of an apparatus until he has been properly instructed in its management.

31. Licenses will be granted for keeping carbide of calcium for periods not exceeding one year, and prior to expiration application must be made for their renewal.

32. On the doors of each store licensed for calcium carbide shall be painted the words "Licensed Calcium Carbide Store."

33. Penalties as for petroleum, as per rules 20 to 27.

34. The quantity of calcium carbide which may be kept without a license shall be as follows :—

|---|-----|-------|
| (a) Where it is kept in separate substantial hermetically closed metal vessels containing not more than 1 lb. | ... | 5 lb. |
| (b) Where it is kept otherwise | ... | None |

THE following Regulations for admission to the Forest Service Branch of the Royal Indian Engineering College, Cooper's Hill, for the year 1902, are published for general information.

By His Excellency's command,

Colonial Secretary's Office,
Colombo, February 17, 1902.

EVERARD IM THURN,
Colonial Secretary.

Regulations for the Forest Service Branch of the Royal Indian Engineering College, Cooper's Hill, for 1902.

[Postal and Telegraph address, Englefield Green ; Railway Station, Egham, L. and S.W. Railway.]

[The arrangements hereinafter described are subject to revision under the orders of the Secretary of State for India.]

1. The examination for admission to the Indian Forest Service through the R.I.E. College, which will be conducted by the Civil Service Commissioners, will be simultaneously with, and (except that German must be taken as an obligatory subject and that Botany is added) in the same subjects and papers as the examination for the Indian Police Department,* which is usually held in June.

Candidates may undergo the written part of their examination in London, Edinburgh, or Dublin, or at any of the provincial centres at which the simultaneous examination of candidates for admission to the Royal Military College, Sandhurst, is to be held. A list of the probable centres may be obtained from the Civil Service Commissioners at any time after January, 1902. The oral and practical parts of the examination will be held in London only.

A fee of £2 is required from Candidates examined in London, but when the written examination is conducted elsewhere than in London the fee is £3. Candidates examined at a college or school will probably be required to pay a local fee in addition to the fee of £3 (in order to defray the expenses of superintendence), as to which they should obtain early information from the college or school authorities. The fee payable to the Civil Service Commissioners must be paid by means of stamps of the specified amount. Instructions on this point will be issued to candidates about 10 days before the examination.

2. The number of candidates to be selected annually varies according to the requirements of the Forest Service in India ; the figures as regards each particular year will be advertised from time to time. In 1902 there will be seven appointments offered for competition.

* Candidates may, if qualified, enter for both the Police and the Forest Department. They will, in such case, have to pay the fee due in respect of each examination.

3. Candidates for the Indian Forest Department are selected under the following arrangements :—
- (1) An applicant must be a natural-born British subject, and must be above 17 and under 20 years of age on the 1st June of the year in which he competes for an appointment. He must be unmarried, and if he marries before reaching India he will forfeit his appointment.
 - (2) An applicant must send* to the Judicial and Public Department of the India Office, on or before the 1st day of May of the year in which he proposes to compete :—
 - (a) His name, parentage, and home address, a certificate or satisfactory evidence of the date of his birth, and the written consent of parent or guardian that his name should be recorded as a candidate.
 - (b) A statement of the places of education at which he may have been, accompanied by testimonials of good conduct, during the last four years.
 - (3) Applicants will have to appear before a Medical Board† at the India Office, particular stress being laid upon good vision‡ and hearing. A physical test will also be imposed, so as to ensure the selection of persons of active habits and powers of endurance.
 - (4) Applicants who have passed the medical examination and the physical test will be permitted to undergo an examination before the Civil Service Commissioners in the following subjects§ (Classes I and II.), marks being assigned as follows :—

CLASS I.	Marks.	CLASS II.	Marks.
Mathematics I. (including Arithmetic)...	3,000	Mathematics II. ...	2,000
German¶ (300 for colloquial) ...	2,000	Latin ...	2,000
Botany ...	2,000	French ...	2,000
English Composition ...	1,000	Greek ...	2,000
Geometrical Drawing ...	500	English History ...	2,000
Freehand Drawing ...	500	Chemistry and Heat ...	2,000
Geography ...	500	Physics ...	2,000
		Physiology and Geology ...	2,000

Candidates must obtain such an aggregate of marks in the examination as a whole as may indicate in the judgment of the Civil Service Commissioners a competent amount of general proficiency.

- (5) The Secretary of State will nominate as probationers such competitors as attain the highest aggregate of marks (provided they obtain the aggregate referred to above and satisfy the requisite conditions in other respects). These probationers will then enter the College, where they will be further trained for the Forest Service of India.
- (6) If the full number of competent probationers required in any year cannot be obtained from the persons so examined, the Secretary of State reserves a discretion to fill up the deficiency by selecting any other person or persons whom, after consulting the authorities of the College, he may consider properly qualified to become probationers for the Forest Service.

4. The course of study for candidates for the India Forest Service extends over about three years. For six terms the candidates will prosecute their studies at the College, and during the period of foreign study, which will occupy the remainder of the course, they will visit, under suitable supervision, such Continental forests as may be selected for the purpose. Excursions may also be made for purposes of instruction, both during term time and during part of the vacations.

5. Each annual session begins in September, and is divided into three terms, with vacations of about four weeks at Christmas, two weeks at Easter,** and eight weeks in the Summer.

6. A charge of £61 is made for each of the six terms spent at the College; for the period of foreign study the charge is £70 for each of the three terms; the amounts must be paid terminally in advance to the Bank of England. Receivable orders, with full directions as to the mode of payment, will be forwarded from the India Office to the parents or guardians shortly before the fees fall due. A student will not be allowed to come into residence or to start for or continue his study of foreign forests until his fee for the term has been paid.

* There is no form of application; the documents specified in para. 3 (2), Clauses (a) and (b) should be enclosed in a covering letter addressed to the Secretary, Judicial and Public Department, India Office, London.

† It is suggested that a candidate, before commencing any special course of study, should undergo a thorough medical examination. By such an examination any *serious* physical disqualification would probably be revealed, and the candidate might thus be spared the expense and waste of time involved in a course of preparation for a service for which he is physically unfit.

Candidates for the Forest Service may, if they wish it, undergo a preliminary examination by the Medical Board at the India Office, not more than two years before they are qualified to compete, under the following conditions :—

(a) Application must be addressed to the Under Secretary of State, India Office, Whitehall, London, accompanied by a fee of two guineas and by a statement of the candidate's age.

(b) Candidates must pay their travelling expenses.

(c) Candidates considered to be unfit by the Medical Board at this preliminary examination, are not bound to accept its opinion, but may, at their own risk, continue their studies, with the knowledge that they will have to submit themselves for a final medical examination by the Medical Board, shortly before the literary examination at which they wish to compete.

(d) On the other hand, it must be distinctly understood that the preliminary examination by the Medical Board is held solely for the Candidate's information, and that, if after that examination he is reported to be apparently fit, he has not on that account any claim to be accepted as physically fit when he presents himself for the final medical examination, upon which alone his acceptance or rejection will depend. Candidates may be considered fit for the Service at the preliminary examination, but may be found at the final examination to be unfit, either on account of some physical defect which did not exist or passed undetected at the preliminary examination, or for other reasons.

‡ On the subject of the standard of eyesight required for the Indian services, a pamphlet can be obtained on application to the Secretary, Judicial and Public Department, India Office.

§ Reprints of the papers set at previous examinations, together with tables of the marks assigned to the candidates, are published by the Civil Service Commissioners, and can be obtained through any bookseller from the following Agents :— EYRE & SPORTISWOODE, East Harding street, Fleet street, London E.C.; OLIVER & BOYD, Edinburgh; and E. PONSONBY, 116, Grafton street, Dublin. The price is one shilling.

¶ All the subjects of Class I. may be taken up. Only two of the subjects of Class II. may be taken up.

¶ Candidates must qualify in German.

** While in actual residence at the College. During the third year, spent in study on the Continent, only one week is allowed at Easter.

7. A deposit of £5 is required to be paid by each student on admission to the College as caution money, to cover charges incurred by him for damage to books, instruments, &c., or any College bills outstanding on leaving the College. Any balance over and above such charges will be repaid. This deposit will be paid with the fee for the first term, making the total payment on that occasion £66.

8. The foregoing payments cover all charges for tuition, board, according to the College tariff, lodging, with washing up to a cost of 2s. a week, and ordinary medical attendance while in residence at the College. When students are on tour, and during the course of practical instruction, whether in Great Britain or on the Continent, the Secretary of State will defray the expenses of (1) board, lodging, and washing (the aggregate maximum expenditure under these heads being 10s. per diem); (2) travelling expenses; and (3) fees to local Forest officers, &c.

Students are required to provide their own class books and drawing instruments.* Drawing paper, drawing boards, and surveying instruments are provided by the College.

9. The prescribed course of study comprises the following subjects:—

I.—AUXILIARY SUBJECTS.

- | | |
|-------------------------|----------------------------|
| 1. Geometrical Drawing. | 7. Physics. |
| 2. Freehand Drawing. | 8. Chemistry. |
| 3. Surveying. | 9. Geology and Minerology. |
| 4. Forest Engineering. | 10. Entomology. |
| 5. Accounts. | 11. Botany. |
| 6. German. | 12. Drill and Gymnastics. |

II.—FORESTRY, THEORETICAL AND PRACTICAL, IN ALL ITS BRANCHES.

10. Every student is required to conform to the College rules, to exhibit due diligence in his studies throughout the course, and to give evidence of satisfactory progress in such manner as may be required, failing which, or in the event of serious misconduct, he will be liable to be removed from the College, or to be sent back from the foreign study, which may entail the loss of his appointment.

11. During the course of study the proficiency of the students is tested by periodical examinations, and on the termination of their studies there is a final examination. Each student may also, at the discretion of the Secretary of State for India, be required from time to time to appear before the Medical Board, and should the result be unsatisfactory he cannot claim to be allowed to complete the course.

12. The subjects enumerated in para. 9 are grouped in certain main branches of study,† and a fixed minimum of qualification is required—(1) in each separate branch; (2) in each separate subject taught at the College and during forest tours; and (3) in all subjects taken together. Students who obtain these minima will receive the College diploma in Forestry.

13. Candidates who have obtained this diploma, and are found to be of sound constitution and free from physical defects which would render them unsuitable for employment in the Forest Department (the final decision on which points will rest with the Secretary of State for India), will be appointed Assistant Conservators in the Forest Department of India in the order of their standing at the end of the final examination. They will be allowed before leaving the College to state their preference in respect to the Provinces to which they desire to be allotted; but the distribution will be made to the several Provinces according to the needs of the public service, at the discretion of the Secretary of State for India after consulting the President of the College. Officers are, however, at all times liable to be transferred from one Province to another at the pleasure of the Government of India.

14. Within a month of his nomination as Assistant Conservator, each nominee must sign articles of agreement describing the terms and conditions of his appointment; he must embark for India when required to do so by the Secretary of State, and will be provided with a free passage. Failure to embark at the stated time will, in the absence of satisfactory explanation, lead to forfeiture of appointment.

15. The pay of an Assistant Conservator of Forests will begin from the date of reporting arrival in India. Probationers who acquit themselves creditably during their course of Coopers Hill College will begin on a salary of Rs. 350 a month. It will, however, rest with the President of the College to decide whether any of the probationers, though they have obtained the College diploma in Forestry, have failed to deserve that rate of initial salary. Such probationers, if any, will begin on a salary of Rs. 250 a month; and this difference of salary will continue until the first departmental examination is passed in India. Officers entering the Forest Service will be required to contribute a subscription ranging from a compulsory minimum of 5 per cent. up to a voluntary maximum of 10 per cent. of their salary to the Forest Officers' Provident Fund. Such contributions, with compound interest, will accumulate till the date of retirement, when the total sum will be paid to the contributor, or in the event of death before retirement, to his legal representative.

16. Promotion, leave, and pension will be governed by the regulations laid down by the Government of India and made applicable to Forest officers, such regulations being subject to any modifications or alterations which may be made in them from time to time by the Government of India, and their interpretation in case of any doubt arising being left to that Government. The pension rules applicable to Public Works and Telegraph officers appointed from Coopers Hill College have been extended to Forest officers appointed from England; and the Inspector-General of Forests and Conservators of the 1st Grade are now eligible for the extra pension of Rs. 1,000 per annum admissible to an officer after at least three years of approved service as a head of a department in any province, if considered deserving of the special concession. A copy of the Regulations relative to these matters can be seen on application either at the Library or the Record Department of the India Office; the principal rules are contained in the Abstract of the Civil Service Regulations, as given in the "India List and India Office List," published by Messrs. Harrison and Sons, 59, Pall Mall, London, which can be procured through any bookseller.

17. Every candidate, before proceeding to India, is required to furnish to the President of the College satisfactory evidence of his competency in riding. It is desirable that this evidence should be forthcoming before the candidate proceeds to the Continent for his final year of study.

GENERAL RULES.

18. Chemical, physical, and botanical laboratories, a forestry museum, a forest nursery, a library, and gymnasium are attached to the College. Means are also provided for the practice of photography. Students making use of the laboratories are supplied with the useful apparatus.

19. Each student residing in the College is provided with a separate room, and with fuel and light, also with the necessary attendance. Furniture and bedding are supplied by the College, but students are required to provide their own towels and bed linen. Meals are taken in Hall. Wine and beer are not included in the ordinary fare, but can be obtained from the College cellar at fixed prices.

* The "Coopers Hill" case can be procured from the makers at a reduced price if obtained on order from the College. Intending students can apply to the Secretary to the College for these orders.

† For details see Royal Indian Engineering College Calendar.

STUDENTS NOT NOMINATED FOR THE INDIAN FOREST SERVICE, BUT DESIROUS OF OBTAINING A DIPLOMA
IN FORESTRY FROM COOPERS HILL COLLEGE.

20. Students not nominated for the Indian Forest Service may be received into the College, as far as the available accommodation permits. Such students may pass through the course of instruction prescribed for the nominees of the Indian Forest Service, as detailed above, or they may be permitted to participate in the instruction given in certain subjects only. On attaining the prescribed minima of marks in the several branches of study and in totals as laid down above, they will receive, as the case may require, either the College diploma in forestry or special certificates showing in what subjects they have followed the instruction, and with what result. No student who was not under the age of 20 on the 1st June in the year in which he entered the College will be permitted to compete for any scholarship or prize.

21. Candidates who desire to be admitted under para. 20 may submit the necessary application at any time, but not later than the 15th day of June of the year named for admission, except with the special permission of the President. The application must be made on the prescribed forms, which can be obtained from the Secretary of the College.

22. Candidates whose applications are found satisfactory as to character and in other respects will be required to undergo an examination, to be held at the College, about the last week in June of the year for admission. The object of the examination will be to ascertain whether the candidate is qualified to follow the course of instruction with advantage (or certain parts of it, as the case may be). Candidates who do not come up to the required standard will not be admitted to the College.

The President may dispense with the whole or any portion of this examination in the case of a candidate who produces an University diploma, or other similar certificate granted by a recognized examining body.

23. Candidates admitted to the College under para. 20, who propose to pass through the full prescribed course of study, will be required to pay the same fees in every respect as those paid by the nominees for the Indian Forest Service. Candidates who do not become resident, and are admitted only to certain subjects of study, will be required to pay the fees which may be fixed in each special case in consideration of the extent of their studies. The candidates of both classes will be required to abide by the general rules of the College.

FOREST ENTRANCE EXAMINATION.

SYLLABUS.

Mathematics I.—Arithmetic; Algebra up to and including the Binomial Theorem; the theory and use of logarithms; Euclid, Books I. to IV. and VI.; Plane Trigonometry, up to and including solution of triangles; Mensuration.

Mathematics II.—Further questions on the Syllabus of Mathematics I.; Elementary Solid Geometry, including Euclid, Book XI., Propositions 1 to 21; Euclid, Book XII., Propositions 1 and 2; Geometrical Conic Sections, the elementary properties common to the ellipse, parabola, and hyperbola; Dynamics and Statics, uniform and uniformly accelerated rectilinear motion, uniform circular motion, motion of projectiles (not requiring a knowledge of the parabola), equilibrium of forces in one plane and of parallel forces, the centre of mass, and the construction and use of the simpler machines.

Latin.—Passages selected from the authors usually read in schools will be set for translation into English. Passages from English authors will be given for translation into Latin prose and verse, but candidates will be allowed, in the place of verse composition, to answer questions of a simple character, which will test whether they possess a fundamental knowledge of the grammar of the language, and such an elementary acquaintance with Roman History as is required for the intelligent study of the books they have read.

Greek.—Passages will be set for translation into English from the authors usually read in schools, and in other respects the Examination will proceed on the same lines as in Latin.

French.—Translations of unseen passages from French into English, and from English into French. The passages for translation will be taken, mainly, from standard authors, and a few simple questions may be asked on the passages set, as to the structure and character of the language, and allusions of obvious and general interest. The *viva voce* Examination will include Dictation. 300 marks will be allotted to colloquial knowledge of the language.

German.—The passages for translation will be taken mainly from standard authors, and in other respects the Examination will proceed on the same lines as in French.

English Composition.—Candidates will be tested by précis writing as well as by an Essay. The standard of positive merit will be looked for in logical arrangement of thought, and in accuracy and propriety of expression, but large deductions of marks will be made for faults of writing and spelling.

(Candidates are also warned that for similar faults in the use of the English language, similar deductions will be made from the marks obtained in other subjects.)

Geometrical Drawing.—Practical plane geometry; the construction of scales; and the elements of solid geometry, and of simple orthographic projection. Great importance will be attached to neatness and exactness of drawing.

Geography.—Simple questions in descriptive and general geography.

English History.—The General Paper in this subject will be confined to events subsequent to the Norman Conquest. It will test whether the candidates are accurately acquainted with the facts of English History, and also possess an intelligent knowledge of the meaning of the facts.

The paper on the special period will be confined to distinctly modern history. It will require from the candidates more minute knowledge than the General Paper.

The Special Period will be for 1902:—From 1760 to 1815.

Natural Science Subjects.—The standard of Examination in these subjects will be such as may be reasonably expected from the education given at schools possessing appliances for practical instruction, such as a laboratory, &c. A considerable portion of the marks will be given for proficiency shown in the practical part of the Examination. A knowledge of the metric system will be expected.

Chemistry.—The laws of chemical combination and decomposition, and the preparation, classification, and properties of the principal metallic and non-metallic elements, and of such of their compounds as are treated of in inorganic chemistry. In the practical part of the examination only the more ordinary apparatus and the less dangerous re-agents will be supplied, and no candidate will be allowed to bring his own apparatus or re-agents.

Heat.—The elementary portion of the subject.

Physics.—The elementary properties of electricity, magnetism, light, and sound.

Physiography, i.e., physical geography.

Geology.—Chiefly economic, including the recognition of the more familiar minerals and rocks, and their properties and uses.

Botany.—The elementary parts of vegetable morphology, histology and physiology, and the principles of a natural system of classification as illustrated by the more important British natural orders. Candidates will be required to describe plants in technical language.

(Questions will not be set on vegetable palæontology or on the geographical distribution of plants.)

NOTICES CALLING FOR TENDERS.

SEALED Tenders, marked on the envelopes "Tender for supplying Calves for Vaccination," will be received up to 12 noon on Wednesday, February 26, 1902, from persons willing to contract for the supply of six calves, more or less, as may be required every month from date of acceptance of tender to December 31, 1902.

2. Tenders should be submitted in duplicate, the original being forwarded to the Principal Civil Medical Officer and the duplicate direct to the Hon. the Auditor-General, both being required to be forwarded at the same time.

3. The calves must be delivered at the animal vaccination depôt, Kandy. They should be under one year old, perfectly weaned, stout, and healthy, and without any eruption on the skin. Any calf not answering to the above description will be rejected.

4. The tenders are to be made upon forms which will be supplied upon application at this office, or to the Colonial Surgeon, Kandy, and no tender will be considered unless it is furnished on the recognized form.

A deposit of Rs. 15 will be required before any form of tender is issued; and should any person decline to enter into the contract and bond after he has tendered, or fail to furnish approved security, such deposit shall be forfeited to the Crown. All other deposits will be returned upon the signature of a contract.

Cash security to the extent of Rs 50 will be required for the due fulfilment of the contract.

For further particulars apply to the Colonial Surgeon, Kandy.

A. PERRY,
Principal Civil Medical Officer
and Inspector-General of Hospitals.
Principal Civil Medical Office,
Colombo, February 4, 1902.

SEALED Tenders, marked on the envelopes "Tender for provisioning Hospital," will be received up to 12 o'clock noon on Wednesday, February 26, 1902, from

persons willing to contract for supplies for the use of the under-mentioned Government Civil Hospital from date of acceptance of tender to December 31, 1902:—

	Security in Cash.
	Rs.
Civil Hospital, Anuradhapura 250

2. Tenders should be submitted in duplicate, the original being forwarded to the Principal Civil Medical Officer and the duplicate direct to the Hon. the Auditor-General, both being required to be forwarded at the same time.

3. The tenders are to be made upon forms which will be supplied upon application to the Principal Civil Medical Officer and Inspector-General of Hospitals, or to the Medical Officer in charge of the hospital, and no tender will be considered unless it is furnished on the recognized form, and the tender and the schedules attached thereto, each signed in the presence of two respectable witnesses.

4. Every tenderer will be required to make a deposit (on applying for forms) of half the amount of security; and should any person decline to enter into the contract and bond after he has tendered, or fail to furnish approved security, such deposit will be forfeited to the Crown. All other deposits will be returned after the contract has been signed. The deposit must be made at the Treasury or Kacheheri, and the deposit receipt must be produced to the officer issuing the form as his authority for making the issue. In stations where there are no Kacheheries the deposit must be made to the Medical Officer in charge of the hospital.

5. Provisions should be of the best quality, approvable by the Medical Officer of the hospital.

6. When required, samples must be deposited.

7. The successful tenderers will be required to give cash security as given opposite the name of each station, and to sign the bond given in the tender for the due fulfilment of each contract within a fortnight from date of notification of acceptance of the tenders. The

amount deposited for tender forms will form part of the cash security, which will be deposited in the Colombo Kachcheri to credit of the Hon. the Treasurer. Those contractors who are required to furnish security to the extent of Rs. 500 and over may have their securities lodged in fixed deposits, if they so desire, in any one of the local banks which they must elect, the deposit being in the name of the Hon. the Treasurer. It is left to the option of the successful tenderer to substitute at any time thereafter for cash deposited by him approved title deeds and to enter into a fresh security bond at his expense.

8. In case any person makes any alterations in his tender before forwarding it, such alteration should invariably bear his initials, otherwise the tender will be treated as informal and rejected.

9. Any further information can be obtained on application to the Principal Civil Medical Officer and Inspector-General of Hospitals.

10. The Government reserves to itself the right, without question, of rejecting any or all tenders, and the right of accepting any portion of a tender.

ALLAN PERRY,
Principal Civil Medical Officer
and Inspector-General of Hospitals.
Principal Civil Medical Office,
Colombo, February 4, 1902.

SEALED Tenders, marked on the envelopes "Tender for provisioning Hospitals," will be received up to 12 o'clock noon on Wednesday, March 12, 1902, from persons willing to contract for supplies for the use of the under-mentioned Government Civil Hospitals, commencing from date of acceptance of tender to December 31, 1902:—

2. Tenders should be submitted in duplicate, the original being forwarded to the Principal Civil Medical Officer and the duplicate direct to the Hon. the Auditor-General, both being required to be forwarded at the same time.

3. The tenders are to be made upon forms which will be supplied upon application to the Principal Civil Medical Officer and Inspector-General of Hospitals, or to the Medical Officer in charge of the respective hospitals, and no tender will be considered unless it is furnished on the recognized form, and the tender and the schedules attached thereto, each signed in the presence of two respectable witnesses. Each tender should be for provisioning one hospital only.

4. Every tenderer will be required to make a deposit (on applying for forms) of half the amount of security; and should any person decline to enter into the contract and bond after he has tendered, or fail to furnish approved security, such deposit will be forfeited to the Crown. All other deposits will be returned after the contract has been signed. The deposit must be made at the Treasury or Kachcheri, and the deposit receipt must be produced to the officer issuing the form as his authority for making the issue. In stations where there are no Kachcheries the deposit must be made to the Medical Officer in charge of the hospital.

5. Provisions should be of the best quality, approvable by the Medical Officer of the hospital.

6. When required, samples must be deposited.

7. The successful tenderers will be required to give cash security as given opposite the name of each station, and to sign the bond given in the tender for the due fulfilment of each contract within a fortnight from date of notification of acceptance of the tenders. The amount deposited for tender forms will form part of the cash security, which will be deposited in the Colombo Kachcheri to credit of the Hon. the Treasurer. It is left to the option of the successful tenderer to substitute at any time thereafter for cash deposited by him approved title deeds and to enter into a fresh security bond at his expense.

8. In case any person makes any alterations in his tender before forwarding it, such alterations should invariably bear his initials; otherwise the tender will be treated as informal and rejected.

9. Any further information can be obtained on application to the Principal Civil Medical Officer and Inspector-General of Hospitals.

10. The Government reserves to itself the right, without question, of rejecting any or all tenders, and the right of accepting any portion of a tender.

Ratnapura, February 13, 1902.

SEALED Tenders, marked on the envelopes "Tender for the privilege of selling Light Refreshments on the Platforms at Galle" during 1902, will be received up to 12 noon on Monday, March 10 next, from persons willing to tender for the same.

Tenders must be submitted in duplicate, the original being forwarded to the General Manager of the Railway and the duplicate direct to the Hon. the Auditor-General, both being required to be forwarded at the same time.

The tenders are to be made on forms which will be supplied upon application at the office of the General Manager, and no tender will be considered unless it is furnished on the recognized form.

Before tender forms are supplied to persons wishing to tender, they will have to satisfy the General Manager or his representative that they are in a position to execute the contract in a satisfactory manner, and for this purpose they must be prepared to produce documentary or other evidence, if called for.

A deposit of Rs. 10 will be required before any form of tender is issued, and should any person decline to enter into the contract and bond after he has tendered, or should he fail to furnish the required security, such deposit of Rs. 10 will be forfeited to the Crown. All other deposits will be returned upon signature of a contract.

The security required will be a month's rent in cash, and any further information required can be obtained on personal application at the office of the General Manager.

The Government reserves to itself the right, without question, of rejecting any or all tenders, and is further not bound to accept the lowest tender.

The person whose tender is accepted by the Government will be required to bear the expenses of having the security bonds prepared for the due performance of the contract, which bonds will be subject to the approval of the Attorney-General, but may be drawn by the tenderers' own lawyers, the name or stamp of whom should be affixed to the document.

Every alteration should bear the initials of the tenderer, and all tenders containing alterations not bearing the tenderers' initials will be treated as informal and rejected.

G. P. GREENE,
General Manager.

General Manager's Office,
Colombo, February 14, 1902.

Forest Department, North-Western Circle.

SEALED Tenders (in duplicate), marked on the envelope "Tenders for the supply of Ebony," will be received up to noon on Monday, March 3, 1902, from persons willing to contract to carry out the under-mentioned work during 1902:—

To fell and remove 75 tons of ebony from Pallakele, Block Nos. XI. and XII., to Kurunegala Railway Station.

Any person wishing to tender for the above work should deposit in the Kurunegala Kachcheri the sum of Rs. 20 and submit the receipt to the Assistant Conservator of Forests, North-Western Circle, who will thereupon issue to him the form on which the tender must be made. No tender will be considered unless it is furnished on the recognized form thus obtained.

The original tender must be sent to the Assistant Conservator of Forests and the duplicate of it direct to the Hon. the Auditor-General, both being despatched at the same time.

Should any person tendering decline to enter into the contract and bond, or fail to furnish security, such deposit will be forfeited to the Crown.

The rate per cubic foot must be quoted, written both in words and figures, and the time stated within which the contract will be completed.

All alterations in any tender should be initialled by the person signing it. All tenders containing alterations not so initialled will be treated as informal and rejected.

The sum of Rs. 100 will have to be deposited as security for the due fulfilment of the contract before it is signed.

The Government reserves to itself the right, without question, of rejecting any or all tenders, and of accepting any portion of a tender.

Further information may be obtained on application to the Assistant Conservator of Forests, North-Western Circle, Kurunegala.
