Colonial Secretary's Office, 6 Colombo, March, 28, 1905. A. M. ASHMORE, Colonial Secretary.

TITH reference to paragraph 3 of the notice dated December 23, 1904, published in the Gazette of the same date, it is hereby notified for general information that the statement made in the last paragraph but one on page 2 of Mr. Coomaraswamy's printed detailed report dated August 3, 1904, that the mineral Thorianite is "insoluble in acids" is found to be incorrect.

2. Thorianite has the great advantage, as compared with other thorium minerals at present commercially utilized, in dissolving, when powdered, in dilute sulphuric acid or in nitric acid, at once forming the nitrate of thorium which is the starting point for technical applications. In the case of ther minerals, more or less costly operations have to be performed in order to render these minerals soluble in acids.

No tender will be considered unless it is furnished on the recognized form thus obtained. The original tender must be sent to the Assistant Conservator of Forests, Batticaloa Division, and the duplicate of it to the Hon. the Auditor-General, both being despatched at the same time.

Should the person tendering decline to enter into the contract and bond, or fail to furnish security, such deposit

will be forfeited to the Crown.

A rate per cubic foot of timber delivered at the Batticaloa depot, or alongside the steamer at Batticaloa port, must be quoted, written both in figures and words, and the time stated within which the contract will be completed.

All alterations in any tender must be initialled by the person signing it. All tenders containing alterations not so initialled will be treated as informal and rejected.

Five per cent. of the total sum which under this contract will have to be paid to the contractor must be deposited as security for the due fulfilment of the contract before it is signed.

The Government reserves to itself the right, without question, of rejecting any or all tenders.

Further information may be obtained on application to the Assistant Conservator of Forests, Batticaloa Division.
