HENRY A. BLAKE.

WHEREAS by notification dated October 24, 1902, certain rules were framed under the provisions of section 16 of Ordinance No. 23 of 1889 and substituted for the rules published on August 24, 1875 :

And whereas the Government Agent of the Northern Province, in pursuance of section 26 of the above-named Ordinance, has amended the set of rules relating to *manavari* lands, which have not been included in the rules published on October 24, 1902, and amended by a subsequent Proclamation dated September 26, 1903, the latter referring only to lands under tanks, and has transmitted the same to Us for approval or disallowance :

Now know Ye that We, the Governor of Ceylon, in exercise of the powers in Us vested by sections 25 and 26 of the said Ordinance, and with the advice of the Executive Council, do by this Our

Proclamation give notice of our approval of the said amended rules set out in the schedule hereto, which shall be in force in the following districts only:—

Jaffna District.

Punakari and Pallavarayakaddu.

Mannar District.

Mannar Island.

Mullaattivu District.

The Maritime Pattus.

Given at Nuwara Eliya, in the said Island of Ceylon, this Twelfth day of May, in the year of our Lord One thousand Nine hundred and Five.

By His Excellency's command,

A. M. ASHMORE,

Colonial Secretary.

GOD SAVE THE KING.

Schedule referred to.

RULES framed under the provisions of the Paddy Cultivation Ordinance, No. 23 of 1889, to be observed by the proprietors and cultivators of Manavarai lands of the Northern Province in the divisions referred to in schedule annexed, the rules published under date September 26, 1903, being for lands irrigated by tanks.

1. For the purpose of effectively carrying out the following rules, each tract of paddy field (veli) in a village shall be separately enclosed by itself with the customary fence of stakes or thorns. In cases where a veli is not easily definable the majority of proprietors and headmen shall decide what extent of tract is to be called a veli for these purposes.

2. Inasmuch as there are natural water-springs in certain villages which are sources of irrigation to a considerable acreage of adjacent paddy lands, the said springs (subject to all rights and reservations of the Crown, from whose land they spring, and subject to the rights of others, if any, than agriculturists, who have enjoyed a share of the water from time immemorial) shall, for agricultural purposes, be hereafter considered to be the exclusive and joint property of all the proprietors of the fields irrigated by the springs; and no person (subject to the above exceptions) shall employ the water of a spring for any other purpose than the irrigation of the fields dependent on it.

3. Each proprietor shall contribute annually, either in money or labour, in the following proportion towards any work of construction, repair, restoration, improvement, or upkeep of the bund, embankment, channel, peli, or water-course connected with the springs outside the fields, which the Government Agent, after due inquiry, shall consider necessary, and order to be carried out, viz.:—

One day's labour, or its equivalent in money, paid in advance, at the rate of 50 cents for each bushel of land owned by him in the field, provided that such labour shall not exceed thirty days in the case of a proprietor owning less than seventy-five bushels, and not less than six days in any case; and in the case of a proprietor owning seventy-five bushels or more such labour shall not exceed fifty days. Provided that if in any year it shall not be found necessary to require from every proprietor the full amount of labour, the Government Agent shall decide what proportion of labour shall be contributed by each proprietor. A fair day's labour shall be considered to be nine hours a day—i.e., from 6 A.M. to 11 A.M. and from 1 P.M. to 5 P.M.

4. In addition to the ordinary labour of the year, as above provided for, whenever the Government Agent, Assistant Government Agent, or person acting under their orders shall find it necessary to call out the labour of a village to perform an urgent work of repair or of prevention of inevitable damage, uncommuted labour, either in person or by substitute, shall at once be furnished by every shareholder and cultivator, and continued daily until the completion of the work.

5. Notice shall be given by beat of tom-tom in the village, not less than twenty days beforehand, of the intention to call out the labour of a village, provided for by the 3rd clause, and of the proportion of labour required.

6. By the tenth day from the commencement of the notice by beat of tom-tom, proprietors intending to commute shall make their intention known, and shall pay in before the day fixed for the commencement of the work the full amount of commutation due by them; each proprietor, electing to work, shall attend the appointed place for work at the proper time, and shall carefully carry out the work assigned to him by the officer in charge of the work.

7. The construction or improvement of water-courses, pelies, and channels inside the fields shall be considered to belong to the description of work provided for in clause 3. The mere upkeep, however, of the water-courses, pelies, and channels inside the fields shall be maintained by the proprietors of the shares through which they lead, whether such shares be cultivated or not.

8. Each proprietor of paddy fields who has hitherto enjoyed a share of water from these springs shall be allowed water from them in proportion to his share; the furthest share of land from the springs shall be irrigated first, and thence in regular succession up to the share of land nearest the springs. The shares of water, which are in divisions of time, shall be calculated from the time the water begins to enter each share of land.

9. Before the commencement of the sowing season the proprietors of paddy fields of each veli shall decide what description of paddy is to be sown for that season; and any proprietor sowing any other description of paddy than that agreed on by the majority of the proprietors shall do so on his own responsibility and risk, and shall watch, fence, and perform all the duties hereafter mentioned until all the paddy in the field is reaped.

But whereas in some fields it is not possible to sow the same description of paddy over the whole extent in consequence of the varieties of soil and inequalities of surface, a majority of the proprietors shall decide on the different descriptions of paddy to be sown, and all the proprietors shall watch, keep up the fence, &c., until all the paddy has been reaped.

10. If the proprietor of any field in a veli does not intend to sow his field for the season, he shall give due notice of his intention to the adjacent shareholder or shareholders in presence of the irrigation headmen on or before the 1st of June; and the share of such absentee, in that case, may be cultivated free of rent for that season by the adjacent shareholders, all the duties of a cultivator being performed by the person or persons so cultivating for the season.

It must be understood that such duties do not include services required of the proprietor by clause 3.

In the event of the adjacent shareholder being unable or unwilling to cultivate the absentee's share, any other shareholder is at liberty to do so free of rent.

In the event of the share of an absentee not being cultivated by the adjacent or any other shareholder, the proprietor himself shall perform all the duties required of a proprietor, whether he cultivates his share or not. The cases of proprietors unable to cultivate their shares from ill-health, or some unavoidable cause, shall be specially considered by the Government Agent, who, if he think fit to do so, may remit the commutation for services due for that year under clause 3.

11. Any proprietor, if unable to attend personally, may provide for the cultivation of his share by substitute or "varakkudi," in the performance of the duties required. No proprietor, however, shall employ any substitute or "varakkudi" who is in the service of another proprietor as "varakkudi" without the consent of such other proprietor.

12. Each proprietor shall erect a proper watch-hut on his share, and watch his cultivation, and continue to keep watch in his share for fourteen days after the whole of his crop has been reaped. Information of the fact that the whole of his crop has been reaped shall be given by him, without delay, to the irrigation headman.

13. Each proprietor, whose share lies on the outside, shall put up his usual share of fence of the fields in a veli. The fences shall be made sufficiently strong to keep out cattle; and all cultivators of the fields in a veli who are liable under these rules to be called on to put up fences or portions of fences shall put up their respective fences or portions of fences on or before the date fixed for the purpose by the majority of them at a meeting held beforehand; and each proprietor shall see that his fence or portion of fence is kept in proper order throughout the cultivation of the season until the crop has been reaped.

14. Each proprietor who stacks his paddy in a threshing-floor by himself shall put up a strong stake fence round it, and shall watch the threshing-floor until he threshes his paddy; and proprietors of different shares who stack their paddy in a common threshing-floor shall jointly keep up in like manner a strong stake fence round it; and each of the proprietors shall watch the threshing-floor for seven days after he has threshed his paddy.

15. All buffaloes shall, during cultivation, have wooden bells attached to their necks, and all known fence-breakers or dangerous animals shall be yoked with others.

All buffaloes shall be driven to grazing grounds by day and folding grounds by night, at places fixed, after due inquiry, by the Government Agent, who shall also, after due inquiry, select and fix for each village or group of villages their own proper cattle grazing and folding grounds; and no cattle of other villages shall be driven to those grounds without a special license from the Government Agent or Assistant Government Agent, whether they be cattle belonging to the natives of the district or cattle belonging to owners in other districts and pattas.

All black cattle, goats, and sheep shall be herded during the day and folded during the night outside the fields; and when in any village a place has been fixed on, after due inquiry, by the Government Agent or Assistant Government Agent, as the place in which black cattle, goats, and sheep shall be folded during the cultivation season, no proprietor shall fold his cattle, goats, or sheep in any place nearer than the one fixed on to the spring, field, or village.

Proprietors of buffaloes, black cattle, goats, and sheep shall not suffer their cattle, goats, or sheep to trespass on the cultivation of any neighbouring village, nor shall they fold their cattle or drive them to pasture near the cultivation of or within the limits of any neighbouring village.

And whereas it is the practice to pasture cattle from Jaffna and other places near the cultivated fields in the Mannar and Mullaitivu Districts and the mainland of the Jaffna District, all persons owning, possessing, and tending such cattle, whether they be villagers or not, shall obtain from the Government Agent authority to pasture their cattle in either district only under a license, indicating the name of the owner and the person in whose charge they are to be left, and the number and description and brand-marks of the cattle.

Such license shall be in force only for the period named in it.

All persons so licensed shall be subject to these rules, and liable to the same penalties as the cultivators for breach of them.

16. All adult male inhabitants of a village and all proprietors, whether male or female, of fields in the village shall keep the paths leading from their village to the neighbouring villages clear of obstruction, bushes, &c., to a width not less than six feet, half-way between their villages and the neighbouring villages, and shall keep free of jungle a space round the outermost fences of the inhabited portion of the village of a width proportionate to the number of inhabitants, viz., villages containing fifty inhabitants and five valavus, 200 yards; under fifty inhabitants and over twenty-five, 100 yards; containing twenty-five and under, 50 yards.

Any neglect to comply with the above rules or any act committed in breach of them will subject the offender to the penalties provided for by section 27 of the Ordinance No. 23 of 1889.

IN the Name of His Majesty EDWARD THE SEVENTH, of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the Seas, King, Defender of the Faith.

PROCLAMATION.

By His Excellency Sir HENRY ARTHUR BLAKE, Knight Grand Cross of the Most Distinguished Order of Saint Michael and Saint George, Governor and Commander-in-Chief in and over the Island of Ceylon, with the Dependencies thereof.

HENRY A. BLAKE.

WHEREAS by a notification dated the 24th day of October, 1902, certain rules were framed under the provisions of section 16 of the above-named Ordinance and published for the Irrigation Districts of (1) Punaryn Division, (2) Tunukai Division, and (3) Karunaval pattu in Jaffna District; (1) Mantai Division, (2) Musali Division, and (3) Nannadan Division in Mannar District; (1) Vavuniya North Division, (2) Vavuniya South Division, and (3) Maritime pattus in Mullaittivu District, in the Northern Province:

And whereas the Government Agent of the said Province, in pursuance of section 26 of the above-named Ordinance, has repealed the said rules and has drawn up in lieu thereof the new rules set out in the schedule hereto, and has transmitted the same to Us in terms of the said section for approval or disallowance:

Now know Ye that We, the Governor of Ceylon, in exercise of the powers in Us vested by section 26 of the said Ordinance, and with the advice of the Executive Council, do by this Our Proclamation give notice of our approval of the said new rules set out as aforesaid in the schedule hereto.

Given at Nuwara Eliya, in the said Island of Ceylon, this Twelfth day of May, in the year of our Lord One thousand Nine hundred and Five.

By His Excellency's command,

A. M. ASHMORE,
Colonial Secretary.

GOD . SAVE THE KING.

Rules referred to.

1. The tank is the property of Government; but so long as the tract of fields attached to it is occupied, it shall, for agricultural purposes, be considered to be the joint property of the proprietors of the fields in proportion to the shares held by them.

2. Every proprietor of land irrigated from a tank shall contribute annually either in labour or money in the following proportion towards any work of construction, repair, restoration, improvement, or upkeep of the tank or channel or water-courses connected with it, in such manner as the Government Agent after due inquiry shall consider necessary and shall order to be carried out, viz., six days' labour or its equivalent in money paid in advance at the rate of fifty cents a day for one bushel sowing extent of land or any less extent owned by him, and one day's labour or its equivalent in money for each additional bushel sowing extent.

3. In any case, however, in which Government supplies a sluice free of cost each proprietor of land benefited shall furnish labour annually at the rate of ten days for one bushel sowing extent or any less extent and two days' labour for each additional bushel sowing extent owned by him. A fair day's labour shall be considered to be nine hours a day, viz., from 6 A.M. to 11 A.M. and 1 P.M. to 5 P.M.

4. In addition to the ordinary annual labour contributed under the above sections 2 and 3, the shareholders are hereby required to keep the tanks, bunds, spills, and channels clear of vegetation, and in addition to the ordinary labour of the year, as above provided for, whenever the Government Agent, Assistant Agent, or person acting under their orders, shall find it necessary to call out the labour of a village to perform an urgent work of repair or of prevention of otherwise inevitable damage, uncommutable labour, either in person or by substitute, shall at once be furnished by every shareholder and continued daily until the completion of the work.

5. Notice shall be given by beat of tom-tom by the Government Agent, Assistant Government Agent, or by the officers deputed by them in the village, not less than twenty days beforehand, of the intention to call out the labour of a village provided for in the 2nd and 3rd clauses, and of the proportion of labour required.

6. By the tenth day from the commencement of the notice by beat of tom-tom, proprietors intending to commute shall make their intention known, and shall pay in, before the day fixed for the commencement of the work the full sum of commutation due by them. Each proprietor electing to work shall attend at the appointed place for work at 6 A.M., continue to work to 11 A.M., and again from 1 to 5 P.M., and shall carefully carry out the work assigned to him by the officer in charge of the work.

7. The construction or improvement of water-courses and channels inside the fields shall be considered to belong to the description of work provided for by clause 2. The mere upkeep, however, of water-courses and channels inside the fields shall be maintained by the proprietors of the shares through which they lead, whether such shares be cultivated or not.

8. Each proprietor shall be allowed water from the tank for his paddy cultivation in proportion to his share; and water shall be taken from the tank at such intervals as the majority of the proprietors shall decide on; and no proprietor shall be allowed to take water for any other purpose without the consent of all the proprietors. Water shall be taken first to the high lands and then to the low lands. In the event of an irrigation headman being appointed, water shall only be given from the tank under the direction and superintendence of such headman.

9. At the commencement of the sowing season it shall be decided by a majority of the proprietors of any tank and fields, whether or not the tank or any portion of it shall be cultivated; and if it be decided to cultivate any portion of it, each proprietor shall be entitled to a share of the extent it is proposed to cultivate, in proportion to his share of the fields; and no proprietor shall be allowed to cultivate any portion of the tank, if it be decided by a majority of the proprietors not to carry on any cultivation in the bed of the tank. An appeal from a decision in this case may be made to the Government Agent or the Assistant Agent of the District, whose decision shall be final.

10. Before the commencement of the sowing season the proprietors of each tract of field intending to cultivate for the season shall decide on the description of paddy that shall be sown for that season; and any proprietor sowing any other description of paddy than that agreed on by the majority shall do so on his own responsibility and risk, and shall continue to watch, fence, and perform all the duties as hereinafter mentioned until all the paddy in the field is reaped. For instance, if it be decided to sow five months' paddy, and a proprietor chooses to sow three months' paddy, he shall, nevertheless, continue to watch the fields till the whole of the five months' paddy is reaped. But whereas in some fields it is not possible to sow the same description of paddy over the whole extent, in consequence of the varieties of the soil, a majority of the proprietors intending to cultivate for the season shall decide on the description of paddy that shall be sown, and all the proprietors shall watch, keep up the fence, &c., until all the paddy is reaped.

11. Whereas in these districts the sowing season for the Kalapokam commences long before the tanks are full, and it cannot possibly be known until after the heavy rains how much water will be available, and whether there will be sufficient for the full extent of the fields sown, if, after the rains, it be found that the supply of water is insufficient for all the fields sown, a majority of the proprietors of the fields sown for the season shall decide on what fields shall be abandoned. In the event of the proprietors not coming to a decision, it shall be open to the Government Agent or the Assistant Government Agent to decide what fields shall be abandoned; and in the event of a proprietor being aggrieved by the decision of the majority, it shall be open to him to appeal to the Government Agent or the Assistant Government Agent, whose decision shall be final.

12. If a proprietor absent himself at the sowing season, or neglect to cultivate his share, it may be cultivated by the other proprietors or by one of them, as the majority may decide, free of rent for that season, all the duties required of the owner being performed by the person cultivating for that season. It must be understood that such duties do not include services required of the proprietors by the 2nd and 3rd clauses. In the event of the share of an absentee not being cultivated by the other shareholders, the proprietor himself shall perform all the duties required of a proprietor, whether he cultivates the land or not. The cases of proprietors unable to cultivate their shares for any year from ill-health or some unavoidable cause will be specially considered by the Government Agent, who may, if he thinks fit so to do, remit the commutation for service due for that year under the 2nd and 3rd clauses.

13. A proprietor, if unable to attend personally, may provide for the cultivation of his share by substitute or "varakkudi" in the performance of the duties required. No proprietor shall employ any substitute or "varakkudi," who is in the service of another proprietor as "varakkudi," without the consent of such other proprietor.

14. Each proprietor shall erect a proper watch-hut in his share, and shall watch his share until all the paddy in the field is reaped, whether his own paddy has been reaped or not.

15. Each proprietor shall assist in fencing the field in proportion to his share in the field; the fence shall be made sufficiently strong to keep out cattle, and all cultivators shall put up their fences before commencing to cultivate; and each proprietor shall see that his portion of the fence is kept in proper order throughout the Kalapokam season, until the crop is finally reaped, whether he cultivates his share or not, unless his share be cultivated by some other proprietor.

16. Each proprietor shall be allowed a share in one of the threshing-floors in which to stack his paddy till it is threshed; and all the shareholders of each threshing-floor shall put up a strong stake fence round it, and keep up the fence till all the paddy is threshed. Each proprietor shall watch the threshing-floor, though his own paddy shall have been threshed, for at least fourteen days after his paddy has been threshed.

17. Whereas in these districts there is in general very little water available for Idaipokam and Sirupokam cultivation, when the sowing season for these crops arrives a majority of the proprietors of each field shall decide on the extent and portion of the field to be cultivated, and all such proprietors as are desirous of sowing for the Idaipokam or Sirupokam shall have a share in such extent in proportion to their shares in the field. But no shareholder shall be bound to cultivate for the Idaipokam or Sirupokam and all the duties regarding the watching and fencing the Idaipokam and Sirupokam shall be performed by those proprietors alone who have undertaken to cultivate for these harvests; and any shareholder sowing for the Idaipokam or Sirupokam shall perform all such duties until the whole of the Idaipokam or Sirupokam is reaped, whether his own share succeed or not.

18. All buffaloes shall be driven to a distance from the field during the cultivation season, and shall have wooden bells attached to their necks, and all known fence-breakers or dangerous animals shall be yoked with others.

All black cattle, goats, and sheep shall be herded during the day and folded during the night outside the fields, and when in any village a place has been fixed on, after due inquiry by the Government Agent or Assistant Government Agent, as the place in which buffaloes, black cattle, goats, and sheep shall be folded during the cultivation season, no proprietor shall fold his buffaloes, cattle, goats, or sheep in any place nearer than the one fixed on to the tank, field, or village.

Proprietors of buffaloes, black cattle, goats, and sheep shall not suffer their cattle, goats, or sheep to trespass on the cultivation of any neighbouring village, nor shall they fold their cattle or drive them to pasture near the cultivation of or within the limits of any neighbouring village.

And whereas it is the practice to pasture cattle from Jaffna and other places near the cultivated fields in the Mannar and Mullaittivu Districts, all persons owning, possessing, and tending such cattle, whether they be villagers or not, shall obtain from the Government Agent authority to pasture their cattle in either district only under a license, indicating the name of the owner and the person in whose charge they are to be left, and the number and description and brandmarks of the cattle.

Such license shall be in force only for the period named in it.

All persons so licensed shall be subject to these rules, and liable to the same penalties as the cultivators for breach of them.

19. All adult male inhabitants of a village, and all proprietors, whether male or female, of fields in the village shall keep the paths leading from their village to the neighbouring villages clear of obstruction, bushes, &c., to a width not less than six feet half-way between their villages and the neighbouring villages; and shall keep, free of jungle, a space round the outermost fences of the inhabited portion of the village of a width proportionate to the number of the inhabitants, viz., villages containing fifty inhabitants and five valavus, 200 yards; under fifty inhabitants and over twenty-five 100 yards; containing twenty-five and under, 50 yards.

Any neglect to comply with the above rules, or any act committed in breach of them, will subject the offender to the penalties provided for by the 27th section of the Ordinance No. 23 of 1889.

The Right Hon. ALFRED LYTTELTON, M.P., to Governor Sir HENRY A. BLAKE, G.C.M.G.

Circular.

Downing street, April 3, 1905.

SIR,—I HAVE the honour to transmit for your information and for publication in the Colony a copy of an Order of the King in Council of the 20th of March, 1905, amending the practice with regard to the issue of Appearance Orders to Respondents who have not appeared to an Appeal to His Majesty in Council.

I have, &c.,
ALFRED LYTTELTON.

At the Court at Buckingham Palace, the 20th day of March, 1905.

Present:

The KING'S Most Excellent Majesty.
Archbishop of Canterbury.
Lord President.
Lord Suffield.
Sir William Walrond.

WHEREAS there was this day read at the Board a representation from the Judicial Committee of the Privy Council dated the 16th day of March, 1905, and in the words following, viz.:—

“The Lords of the Judicial Committee having taken into consideration the practice under which an Appeal to Your Majesty in Council cannot in the absence of a special Order in that behalf made by their Lordships be set down for hearing *ex parte* as against a Respondent to the Appeal who has failed to enter an Appearance thereto in the Registry of the Privy Council, unless the Appellant shall have previously obtained from their Lordships two successive Orders commonly known as “Appearance Orders” requiring the said Respondent to enter an Appearance to the Appeal within the periods by the said Orders respectively limited, and shall have duly published the said Orders by affixing the same on the Royal Exchange and elsewhere in the usual manner, and unless the said periods so limited by the said Orders as aforesaid shall have expired. And being of opinion that the said practice is inconvenient and ought in certain cases and subject to certain conditions to be dispensed with, their Lordships do this day agree humbly to recommend to Your Majesty to order as follows, that is to say:—

“1. That where a Respondent to an Appeal to your Majesty in Council whose name has been entered on the Record of the Appeal by the Court admitting the Appeal fails to enter an Appearance to the Appeal in the Registry of the Privy Council, and it appears from the Transcript Record in the Appeal or from a Certificate of the Officer of the Court transmitting the said Transcript Record to the Registrar of the Privy Council that the said Respondent has received notice of the Order admitting the Appeal to Your Majesty in Council, or of the Order of Your Majesty in Council giving the Appellant special leave to appeal to Your Majesty in Council (as the case may be), and has also received notice of the despatch of the said Transcript Record to the Registrar of the Privy Council, the Appellant shall not, subject to any direction by their Lordships to the contrary, be required to take out Appearance Orders calling upon the said Respondent to enter an Appearance in the Appeal, and the Appeal may, subject as aforesaid, be set down for hearing *ex parte* as against the said Respondent at any time after the expiration of three calendar months from the date of the lodging of the Appellant's Petition of Appeal, in like manner as if the said Appearance Orders had been taken out by the Appellant and the times thereby respectively limited for the said Respondent to enter an Appearance had expired.

“2. That where a Respondent to an Appeal to Your Majesty in Council whose name has been brought on the Record of the Appeal by an Order of Your Majesty in Council fails to enter an Appearance to the Appeal in the Registry of the Privy Council, and it appears from the Transcript Record or from a Supplementary Record in the Appeal or from a Certificate of the Officer of the Court transmitting the said Transcript Record or Supplementary Record to the Registrar of the Privy Council that the said Respondent has received due notice of any intended application to Your Majesty in Council to bring him on the Record as a Respondent to the Appeal, the Appellant shall not, subject to any direction by their Lordships to the contrary, be required to take out Appearance Orders calling upon the said Respondent to enter an appearance in the Appeal, and the Appeal may, subject as aforesaid, be set down for hearing *ex parte* as against the said Respondent at any time after the expiration of three calendar months from the date on which the said Respondent shall have been served with a copy of Your Majesty's Order in Council bringing him on the Record of the Appeal in like manner as if the said Appearance Orders had been taken out by the Appellant and the times thereby respectively limited for the said Respondent to enter an Appearance had expired.

"3. That nothing herein contained shall be deemed to affect the power of their Lordships to order the Appellant in an Appeal referred by Your Majesty to their Lordships to take out Appearance Orders or to be excused from taking out Appearance Orders in any case in which their Lordships shall think fit so to order and generally to give such directions as to the time at which and the conditions on which an Appeal so referred as aforesaid shall be set down as in the opinion of their Lordships the circumstances of the case may require.

"4. That this Order shall apply to all Appeals in which the Petition of Appeal shall be lodged after the date hereof."

His Majesty having taken the said representation into consideration was pleased, by and with the advice of His Privy Council, to approve thereof and of what is therein recommended. Whereof persons whom it may concern are to take notice, and govern themselves accordingly.

A. W. FITZROY.

E. R. GOONERATNE,

Galle, May 1, 1905.

President of the Provincial Committee, Southern Province, B.T.

IN order that the Postal-Telegraph Department may be able to make the necessary arrangements for the transmission of long Press messages, the following rule has been framed and established by the Governor, with the advice of the Executive Council, under the provisions of section 90 of "The Ceylon Postal and Telegraph Ordinance, 1892."

By His Excellency's command,

Colonial Secretary's Office,
Colombo, May 5, 1905.A. M. ASHMORE,
Colonial Secretary.

Rule referred to.

No press message containing more than 200 words may be accepted for transmission at any Telegraph office unless 24 hours' notice in writing has previously been given to the Superintendent of Telegraphs or to the Chief Telegraph Master, Colombo. When several press messages are tendered by the same person and at one time, such messages shall be counted together and dealt with as a single message for the purposes of this rule.

NOTICE is hereby given that a Board appointed by His Excellency the Governor will sit on the following day at the Council Chamber for the purpose of opening and considering tenders for the purchase of the following Arrack Rents for the period as stated:—

June 21, 1905.

(1) *Western Province.*—The Arrack Rent of the Four Gravets of Colombo (Fort excepted), Lansiyawatta (including Wattala, Peliyagoda, and Ambatalenpahala), and Salpiti korale. For a period of one or two years from January 1, 1906.

(2) *Western Province.*—The Arrack Rent of the Negombo District, viz., Dunugaha, Ragama, and Dasiya pattus of Alttkuru Korale North and Hapitigam korale. For a period of one or two years from January 1, 1906.

No tender will be received after 12:30 P.M. on the appointed day.

Each tenderer should state in his tender the period or periods in respect of which he tenders, and the price or prices that he is prepared to pay.

Separate tenders should be made for the several rents as shown above, both the name and number of the rent being inserted in the tender.

Tenders, properly sealed, may either be posted, addressed to the Hon. Mr. A. M. Ashmore, C.M.G., Colonial Secretary, marked "Arrack Rent Tender," or delivered personally by the tenderer to the Board.

Forms of conditions of sale with lists of taverns can be obtained at any Kachcheri in the Island. Any further information required will be supplied by the Hon. the Government Agent, Western Province, on application made to him either personally or by letter.

Tenderers who cannot speak English and wish to communicate with the Board must bring their own interpreters.

No tender will be considered unless the tenderer is present in person or by his authorized agent at the Council Chamber, and is prepared to deposit forthwith the amount of one month's rent as tendered by him.

In the event of two or more tenders being for an equal amount, the Board shall have the option of forthwith offering the rent for sale by public auction—the bidding to be restricted to the tenderers in question—or of calling for fresh tenders.

Purchasers of these rents will be allowed to sell arrack at any price not below Rs. 4.50 per gallon.

And notice is hereby further given that the purchasers of the Arrack Rents of the Four Gravets of Colombo (Fort excepted) will be required to pay, in terms of the provisions of the Ordinance No. 9 of 1892, a stamp duty of Rs. 500 for each and every license issued under the Ordinance No. 13 of 1891 to sell arrack by retail at each and every tavern situated within the limits of the Municipality of Colombo.

Forms of tender can be obtained free of charge on application personally or by letter to the Government Agent, Colombo.

By His Excellency's command,

Colonial Secretary's Office,
Colombo, May 12, 1905.

A. M. ASHMORE,
Colonial Secretary.

No tender will be considered unless the tenderer is present in person or by his authorized agent at the Council Chamber, and is prepared to deposit forthwith the amount of one month's rent as tendered by him.

In the event of two or more tenders being for an equal amount, the Board shall have the option of forthwith offering the rent for sale by public auction—the bidding to be restricted to the tenderers in question—or of calling for fresh tenders.
