Health Officer's Report for May, 1905.

Scavenging.—The scavenging of the town was satisfactorily carried out during the month.

Drainage.—The deep drains, with the exception of those in Colombo street, remain in much the same condition as they have done for years. They have been kept clean and regularly flushed. The surface drains, generally well kept; those in the upper part of Railway approach road and Slaughter-house road are still in a filthy condition, and will be until they are properly cemented.

Water supply.—Good. *Vide* my analysis of May 3. But the water used by the people, both at Peradeniya and Katugastota, I look upon as unfit for domestic purposes, *vide* my reports of April 15 and 18. The people of these villages mostly use river water because the well is too far away or the spring supply insufficient. I have recommended and do recommend that further wells may be given to these villages.

Alleys.—Kept in as sanitary state as possible.

Laundries.—Generally well kept.

Dairies.—All fairly well kept.

Bakeries.—Well kept.

Market.—Well kept. All food stuffs exposed for sale were found good.

Cattle passed this month.—Cattle, 518; buffaloes, 106; sheep, 131; goats, 265. There has been a great improvement in the sanitation and appearance of the market lately. The stall-holders have been persuaded to build better constructed stalls and so do away with the old gunny bag and bamboo, which most of them were made up of.

Slaughter-house and exposing shed.—Well kept.

Cooly lines.—All fairly well kept.

Boutiques.—All fairly well kept.

Night soil depot.—Well kept.

Latrines.—Generally well kept. I would draw your attention to the insufficient accommodation of the latrines at the back of the Police Court; these places have to relieve not only the many people who have to attend the court, but all the inhabitants of the upper end of Colombo street.

General health.—Good. A good many cases of chickenpox were reported during the month, chiefly at the Police Barracks, and three cases of enteric fever, two reported from the hospital (May 9) and the third at Getembe (May 20). This case was treated at home, *vide* my Infectious Disease Book. The houses were thoroughly disinfected and every precaution taken.

ANDERSON SMITH,
Health Officer.

Kandy, June 8, 1905.

MUNICIPALITY OF COLOMBO.

IN terms of section 8 of Ordinance No. 5 of 1899, I hereby give notice that the licenses for the sale of opium by retail within the limits of the Municipality of Colombo for the year commencing January 1, 1906, will be four in number. The said licenses will be offered for sale by tender, and the sale will be subject to the conditions hereinafter mentioned.

2. Sealed tenders addressed to the Chairman, Municipal Council, Colombo, will be received at the Colombo Kachcheri up to 12 noon on September 27, 1905, for purchase of all or any of the following licenses for the sale of opium by retail within the Colombo Municipality, viz., at (1) Sea street, (2) Grandpass, (3) Maradana, 2nd Division, (4) Malay street, for the year 1906, on the conditions hereinafter mentioned, and subject to the provisions of the Opium Ordinances of 1899, 1903, 1904, and 1905.

3. Forms of tender may be obtained at the Municipal Office, Colombo.

4. No tender will be considered unless the tenderer is present in person, or by his agent duly authorized in writing, at the Colombo Kachcheri at 12 noon on September 27, 1905, and is prepared to deposit forthwith one-third of the amount of his tender.

5. In the event of two or more tenders being for an equal amount the Chairman shall have the option of forthwith offering the license for sale by public auction—the bidding to be restricted to the tenderers in question—or of calling for fresh tenders, or otherwise disposing of the license in accordance with the provisions of the Opium Ordinances, Nos. 5 of 1899 and 14 of 1903.

6. Every tender must contain the full name and address of the person tendering.

7. The Chairman does not bind himself to accept the highest or any tender.

8. The person whose tender or bid is accepted will become the purchaser of the license, and shall forthwith make payment of one-third of the amount of his tender or bid and comply with the conditions hereinafter mentioned.

By order,

R. R. DUNUWILLE,
Secretary.

The Municipal Office,
Colombo, September 4, 1905.

Conditions subject to which Retail Licenses are issued.

1. The purchaser of a license to sell opium by retail shall, immediately on his being declared by the proper authority to be the purchaser, pay in cash one-third of his bid or tender, which sum shall be held by the proper authority as security, but cannot be used for payment of any of the instalments of the amount of the bid or tender, except those for the last four months. He shall pay the amount of the bid or tender in twelve equal monthly instalments on the last day of every month during the currency of his rent, the first instalment to be paid on January 31, 1906, and shall pay interest at 9 per cent. per annum for every day for which an instalment is in arrear. The security money may be, at the request of the purchaser, placed in fixed deposit at any bank to be selected by him, and shall be at the risk of the purchaser. Should any instalment not be paid on the due date the proper authority may resell the license, or so much of the term thereof as may be unexpired, at the risk of the purchaser.

2. The store or premises hereby licensed must be fully described in the body of this license, which shall apply to the premises so described and nothing more.

3. The premises hereby licensed shall not have internal communication with any other buildings or premises.

4. The premises hereby licensed shall be kept clean and in good sanitary condition.

5. It shall be the duty of the person in charge of the premises hereby licensed to open them for inspection on the demand of any person appointed an Inspector by the proper authority in writing, or of any police officer not below the rank of Inspector. The person in charge shall also be bound to produce all books, documents, or accounts with reference to the receipt or disposal of opium which he has in his possession, and to weigh, if specially called on to do so, in the presence of the Inspector or Police Officer, all opium in stock or on the premises at the time of the inspection; he shall also explain to the best of his ability any discrepancy that may be found to exist between the quantity of opium in stock and the quantity which, according to the books, ought to be in stock at the time of inspection.

6. No opium shall be consumed on the premises hereby licensed.

7. No opium kept on the premises hereby licensed shall be adulterated or deteriorated in any way.

8. No disorderly conduct shall be permitted on the premises hereby licensed.

9. No opium shall be delivered on the premises hereby licensed to any person who is under the influence of liquor or opium, or who is apparently under the age of fifteen years.

10. No opium shall be delivered on, or from, or received into, the premises hereby licensed between the hours of eight at night and six in the morning.

11. There shall be kept on the premises hereby licensed a bound Stock Book with numbered pages. A copy of such book for the premises hereby licensed will be delivered free by the proper authority to the licensee when he takes out his license. If a new book is required, it must be purchased by the licensee from the proper authority, to whom the previous book must be delivered.

12. It shall be the duty of the licensee to see that all receipts and disposals of opium are regularly entered in the Stock Book immediately the transaction takes place, all the columns in the book being correctly filled in and the quantity in stock at the beginning and end of the day being clearly shown.

13. It shall also be the duty of licensee to see that on or before the second of each month there is transmitted to the Inspector-General of Police a correct copy of the Stock Book and a correct copy of the book required to be kept under condition No. 20.

14. It shall be the duty of the Inspector-General of Police to issue to the licensee a receipt for such correct copies when they have been received. In the event of the licensee not receiving such receipt within a week of his posting the correct copies, it shall be his duty to communicate with the Inspector-General of Police and ascertain whether such correct copies have been received, and if they have miscarried to supply duplicates.

15. It shall be the duty of the licensee, before he receives his license, to submit to the proper authority a list giving the names of the persons whom he proposes to employ on the premises hereby licensed. Such statement shall contain the full name and description of each employé, and specify the nature of the work which he is to perform. All such persons must be over the age of twenty-one years, and the proper authority must be satisfied that they are of good character. No person whose name has not been endorsed on this license by the proper authority shall be employed by the licensee to take charge of, receive, or sell opium on his account, and the licensee shall not permit any one whose name is not so endorsed to perform any of the above duties.

16. The licensee may from time to time apply to the proper authority to make such alterations as seem desirable in the list of persons employed; such alterations shall be endorsed on this license, and the licensee on receiving a notice from the proper authority to remove any person employed on the premises hereby licensed shall within one week of his receiving such notice produce this license to the proper authority so that the name of such employé may be erased from this license. Such person shall then be disqualified for employment in the premises hereby licensed.

BENGAL.—No. 323.

China Sea—Gaspar Strait—Pare Joie Reef—Its approximate position.

The British Admiralty has given notice (No. 717 of 1905) that the Captain of the American ss. Mississippi reports that on May 10 his vessel passed a coral reef awash, in the northern approach to Gaspar Strait, in approximately lat. 2° 19' S., long. 107° 08' E.

The position of this reported danger is about 3 miles eastward of the position assigned to the rock on which the ship Pare Joie struck in 1870, and remained 24 hours in a position from which Gaspar island bore S. ½ E., distant 5 miles. The report from that vessel also stated that she was 4½ miles eastward of the rock marked E.D., situated on the chart in lat. 2° 19½' S., long. 107° 3' E., or about 3 miles eastward from that given by the bearing, and in that now reported by the Mississippi.

The first position of the Pare Joie and the E.D. position were unsuccessfully searched for by H.N.M. surveying vessel Hydrograaf in 1876.

It is quite possible that the three positions which lie in the same latitude, and nearly 3 miles apart from

each other, may be one and the same shoal, and near the position assigned to it by the Mississippi, and where no soundings have yet been taken. Pare Joie reef has therefore been transferred on the chart to the position given by the Mississippi and the reef E.D. expunged.

Variation, 2° easterly in 1905.
